FORTIFY BRITISH COAST LINE

NO FRENCH SHIP TO FLEE EGYPT, BRITISH PLEDGE

Navy Stands Watch at Alexandria.

(Map on page 3.)

ALEXANDRIA, Egypt, July 5 (AP).—The British pledged themselves tonight to see that "no French ship shall ever leave Alexandria to surrender to the enemy."

Vice Admiral Godfroy [A. P. Wirephoto.]

With one French battleship, four cruisers, and a number of smaller craft swinging at anchor in melancholy bondage off this British naval base the situation was tense.

British naval authorities acknowledged they did not know what the French warship commanders would decide to do; they said the French were "deeply affected" by the fate of the French warships and men which were sunk or pounded to wreckage by the British Wednesday off Algeria when they tried to escape to sea.

Situation "Well in Hand."

But, the British added, the situation is "well in hand."

The French commanders have been advised formally by the British they cannot leave the harbor "to fall into the power of the German conquerors of France."

They have been told they will receive pay equal to British officers and seamen if they will continue the war.

They have been given the same alternatives as those handed to the French naval men at Oran and Mers El-Kebir, Algeria:

Fight with the British, turn their ships over to the British, or sail to a French West Indies port for demilitarization, or sink the ships, or face whatever force the British deem necessary to keep the ships from falling into enemy hands.

British Do Not Board Ships.

Whether Vice Admiral Godfroy, the French commander, had been given a time limit to make his decision was not known. The time limit off Oran and Mers El-Kebir was six hours.

Today, however, no British had boarded the French ships; they still were under their own officers and crews, and it was believed the British were not pressing for an immediate decision.

Hunt Seas for French Ships.

LONDON, July 5 (AP).—British men of war today searched the seas for the last fugitive units of the French fleet. The British attack against the French fleet off Oran, Algeria, destroyed or put out of action a 22,000 ton battleship, a 26,000 ton battle cruiser, a 10,000 ton seaplane carrier, and two destroyers.

Along with seizure of other ships in African waters and British ports, it ruined the old French navy as an effective force.

Just how many French warships remained at large was not discussed officially, but an authoritative source said that at the beginning of this week this was the approximate disposition of the French fleet:

One-third in British ports.
One-third off Oran, Algeria.
One-sixth at Casablanca, Morocco.
One-sixth at Alexandria, Egypt.

Few French Vessels at Sea.

Aside from stating also that two units of the French navy now are in Scottish water, all this—in view of what had happened since the first of the week—suggested that the French ships not now in British hands or out of action are very few.

A dispatch from Algeciras, Spain, said three British cruisers damaged off Oran in action against the French fleet, were reported to have landed at Gibraltar 30 bodies of British sailors killed in the battle. The dispatch also reported that a French armed vessel escaped from Gibraltar despite the presence there of the most powerful warship in the world, the British battle cruiser Hood.

[The German high command is ready temporarily to defer disarmament of the remaining units of the French fleet under the armistice treaty provisions as a result of the British action against French vessels in the Mediterranean, the German armistice commission advised the French delegation last night, said a dispatch from Berlin.]

NO MAN'S LAND SET UP TO REPEL HITLER INVASION

Public Barred from Defense Zone.

(Map on page 2.)

LONDON, July 5 (AP).—In a vast extension of Great Britain's defense area—her last ramparts against German invasion—the government excluded the public today from the entire English east coast and substantially all of the southern coast, a 12,000 square mile region.

While the creation of this big no man's land signaled intensity of preparations for the supreme test, a final bitter dissolution of the old British-French allied partnership appeared underway because of the British seizure, sinking, or putting out of action most of the units of the French fleet.

The London News-Chronicle's diplomatic correspondent said it was confirmed officially at Vichy, France, seat of Marshal Petain's government, that France had broken off diplomatic relations with Britain. However, no notification of such severance had reached the British foreign office late tonight.

France Protests Action.

Roger Cambon, French chargé d'affaires here, presented, on orders, a "drastic and stern protest" against the British action against the French fleet in the Mediterranean. That action destroyed the plan of France to turn it over to Adolf Hitler as France had promised to do under the armistice.

Cambon was reported to have resigned as chargé d'affaires. The French ambassador, Charles Corbin, resigned last week.

[Both Cambon and Corbin long have been in London and have close British attachments. Their resignations indicate they do not desire to represent a government antagonistic to the British war effort.]

Solid Line 20 Miles Deep.

The order lengthening and deepening the defense area will, in supplement with the previously declared defense area, make a solid line, 20 miles deep, given over entirely to military operations from Berwick-on-Tweed, in Scotland, clear down the east coast and around to Dorset on the south coast.

The defense area—a part of the country which would be handiest to Hitler's reach across the channel or the North sea—was taken under such complete control that no one may enter or leave the district save on business of national importance.

Londoners who have seaside cottages at such resorts as Brighton, Eastbourne, and Hastings may as well forget them.

The actual residents of the area may be moved if their land and houses happen to be needed for billets, gun emplacements, or trenches.

Public Is Barred.

The east and south coasts of England now present a picture very close to that of a world war battlefront.

There are barbed wire entanglements, trenches, strategic fields, machine gun and heavy artillery emplacements, dugouts, and redoubts. There are airfields, antiaircraft batteries, listening posts, searchlight batteries, and the toughest of all British troops—the survivors of Flanders and of Dunkirk.

Sentries stand on all roads and rail lines.

Other Defense Steps.

In addition to establishing this battle front the home office took four other home defense steps:

All civilian former Austrians, Germans, and Italians—men and women who became British subjects after Dec. 31, 1932—to report to the police Sunday and Monday.

All aliens possessing maps of a scale exceeding 12 miles to one inch, and guide books, to surrender them to the police.

Kite and balloon flying banned because "fifth column" elements are believed to have used such devices for signalling during the German conquest of the Netherlands.

Removal of 40,000 registered school children from Britain's coastal area beginning Sunday.

Demand Closing of Pubs in Glasgow on Paydays

[Chicago Tribune Press Service.]

LONDON, July 5.—By a vote of 7 to 6, the Glasgow magistrates today decided to appeal to the Scottish offices of the ministries of supply and labor, demanding that all pubs and bars in the city be closed on pay days.

Why French Army Collapsed!

BY ALEX SMALL.

[Chicago Tribune Press Service.]

PARIS, June 3, Delayed [By Courier to Berlin].—With the once proud republic of France prostrate before the onslaught of Adolf Hitler's mighty war machine American observers in Paris today are able to disclose for the first time apparent reasons for the unprecedented collapse of the French army and nation.

These observers, first of all, said there was abundant evidence that the nation's morale for years had been undermined by irresponsible war mongers and corrupt politicians who had convinced the people they could vanquish Germany without any real fighting or working.

Army Lacks Patriotism.

In the second place it was found the French army lacked both spirit and patriotism. The observers said that while Hitler was building Germany into a united nation with a purely national army from which all aliens are rigidly excluded, France became a haven for political refugees from all over Europe, Germany included. Thousands of the refugees acquired French citizenship by enlisting in the French army. Many volunteered in order to escape internment in prison camps.

Few of them had any genuine patriotic feeling for France and their presence in the French army no doubt contributed largely to its disintegration. The German army's tactical superiority over the French was great, but its moral superiority was still greater and more decisive.

In referring to the absence of fighting spirit among French soldiers, observers said the army, up to the last tragic moment of awakening, had been lulled into sleep in the belief all it had to do was to sit tight in the comfortable subterranean forts of the supposedly invulnerable Maginot line until the British blockade reduced the Germans to starvation and capitulation.

Workers Continue to Loaf.

The French workers were told by former Premier Leon Blum's Popular Front government that life was going to be a round of pleasure and idleness. Altho other governments succeeded Blum's, this mentality prevailed and the French workers never recovered their traditional qualities of industry and economy.

Even when the clouds of war were thickening the workers in the armaments and munitions plants continued to loaf and smoke cigarets. Government decrees ordering them to speed up production fell on deaf ears.

Inevitably the morale of the entire French army was profoundly affected by this situation. Officers were unable to enforce discipline or intensive training.

As a result, the eight months following Germany's campaign in Poland—a campaign which should have taught the French all about Hitler's war methods—were wasted on the Maginot line. The soldiers enjoyed music hall entertainment. They got leaves to dance and drink in Paris, instead of being trained to face Hitler's blitzkrieg.

French General Staffs Erred.

The French general staff, as well as the British, was hypotized by the idea that the war of 1940 would be won along the lines of the world war, that is to say by slowly starving the Germans out of food and material, and finally attacking and beating them when they were exhausted. It was believed this could be done without great loss of human life.

That is why the French and British air forces never "took any chances," flying chiefly by night, and why the French front at Sedan where the Germans first broke thru was held by divisions of Senegalese and other native colonial troops.

France's young men up to the age of 21 were never called to the colors because it was expected they could be preserved for postwar reconstruction. Boys of this age form the elite of Hitler's army.

German officers recounting their experiences of the campaign in France invariably express two things: Their surprise at the composition of the French army, which they say seemed to consist "chiefly of foreigners," and the fact that the French and British flyers never risked fighting in the daytime.

Admit Red Propaganda.

Long before the German offensive against Paris began military circles in the French capital hinted that the morale of the French army was "very low," and it was freely admitted that there was a great deal of communist propaganda in all ranks. Many French staff officers were defeatists and predicted France's immediate collapse.

One high officer of the French general staff, whose brother was a member of President Albert Lebrun's military household, resigned his commission months before the German offensive.

"I do not want to commit suicide," he explained.

There were, of course, some crack units in the French army led by fine officers—such as the Foreign Legion, which has been completely wiped out—but there were not enough of them to counterbalance the multitude of slackers and Reds.

Windsors to Canada?

(Picture on back page.)

[Chicago Tribune Press Service.]

LISBON, Portugal, July 5.—Well-informed circles today said that the duke and duchess of Windsor, who arrived here from Spain on Wednesday, may be planning to go to Canada. They are visiting at the home of a Portuguese banker.

Huey Long Pal Is Arrested as Wife's Slayer

(Picture on page 3.)

New Orleans, La., July 5 [Special].—Harry Jacobs, wealthy state engineer and close friend of the late Senator Huey P. Long, was held on a charge of murder tonight in the fatal shooting of his second wife. A son by his first marriage was held as an accessory.

Harry Jacobs. [A. P. Wirephoto.]

The shooting occurred last night in the Jacobs mansion on his extensive country estate, a show place rated one of the most costly in Louisiana. The engineer asserted it was an accident.

Jacobs said a high powered rifle was accidentally discharged while he was shooting at stray dogs thru a window of his upstairs bedroom. A bullet struck his wife, killing her.

The Son's Story.

Young Jacobs, who was in the room at the time, declared he was looking out of the window and did not see the shooting. Police said he gave 11:30 p. m. as the time of the shooting. Jacobs said it occurred at 8:30. It was not reported until 1:30 a. m.

Altho Jacobs said his wife had not left the house, her shoes were covered with mud. The engineer declared he was unable to explain the presence of five bullet holes found in the kitchen and another room of the house.

"I had been shooting at stray dogs in front of the house," Jacobs related. "The lawn was very muddy due to heavy rains. My wife asked me: 'Why do you want to shoot dogs in mud like this?' Just then my rifle, which had a very quick trigger, went off and she fell dead."

"A Rotten Marksman."

Asked to explain why he had failed to kill any dogs, Jacobs replied: "I guess I'm just a rotten marksman."

He telephoned the sheriff of St. Bernard parish, adjacent to New Orleans, that he had accidentally shot and killed his wife. Questioned about his delay in reporting the tragedy, he declared:

"I guess I lost my head."

Jacobs described his domestic life with his second wife as an average happy one. The mansion in which they lived was erected by him during the régime of ex-Gov. Richard W. Leche, who was forced out of office during the recent Louisiana State university scandals. Back of the big country estate is a private yacht basin made by dredging, with a canal leading to Lake Pontchartrain.

Garner to Toss Hat in Hopper at Convention

Vice President John N. Garner definitely will be a candidate for the presidential nomination at the Democratic national convention opening in Chicago Stadium a week from Monday, according to an announcement made in Washington yesterday. Garner for President headquarters will be opened in the Hotel Sherman Monday.

The Garner announcement was made by E. B. Germany and Mrs. Clara Driscoll, co-chairmen of the committee for his candidacy. They argued that he is the only candidate for the nomination who can prevent a bolt of conservative Democrats to Wendell Willkie, the Republican nominee. Garner is the recognized leader of this conservative element which is antagonistic to the New Deal.

Germany and Mrs. Driscoll said there was no foundation for a story which inferentially took Garner out of the presidential race.

Texas Backs Candidacy.

"Texas' 46 votes are instructed for him and he will receive substantial support from many other states," they asserted. "We feel as we felt when the Garner campaign for President was launched more than a year ago, that he is the best qualified Democrat and the best qualified American to succeed our present great President."

Dick Tullis of San Antonio, Tex., coördinator of the Garner movement, arrived here yesterday. The Illinois Garner committee is headed by Julius F. Smietanka. It includes Mrs. Kellogg Fairbank, Otto E. Pruitt, and Francis X. Busch of Chicago; Joseph F. Ryan, Elgin; Edith C. Crum, Paris; E. B. Tilton, Winnetka, and Col. Edward Davis, Evanston.

Await Washington Influence.

Headquarters of the Democratic national committee in the Stevens hotel are ready for the arrival Monday of nearly the entire Washington staff of the committee.

Vice presidential activities also started last night. It was announced that Gov. Lloyd C. Stark of Missouri has been indorsed by Gov. Robert T. Jones of Arizona and former Gov. Leslie I. Miller of Wyoming as a vice presidential candidate if President Roosevelt runs again.

The Stark club of Chicago, composed of personal friends and admirers of the Missouri governor, has opened headquarters at 35 East Wacker drive. Leonard H. Vaughan, president of the club, made public the indorsements. Gov. Jones said he is interested in Stark because the Missouri executive is "western minded and agriculturally minded."

Former Gov. Miller said Stark's background of naval and military service would be an asset on the national defense question. Stark is a graduate of Annapolis, served in the navy four years, and was overseas as an artillery major during the world war.

BRITISH CRUISERS ARE SIGHTED OFF MARTINIQUE ISLE

(Map on page 2.)

FORT DE FRANCE, Martinique, July 5 (AP).—The French admiralty said tonight that British cruisers have been off Fort de France for two days.

Hull Remains Mum.

Washington, D. C., July 5 (AP).—Secretary of State Cordell Hull declined comment today on unofficial reports that Great Britain was establishing a virtual blockade around the French Island of Martinique, in the West Indies, to prevent movement of any French naval units or planes from there. Mr. Hull said his information on the situation was incomplete, and he withheld any opinion as to its possible implications for American neutrality.

It was reported in diplomatic quarters that British destroyers had moved into the vicinity of Martinique to pounce upon any ships emerging from there.

NAPOLEON'S HAT SAVED IN PARIS BOMB RAID; 2 DIE

CLERMONT-FERRAND, France, July 2 [Delayed] (AP).—Napoleon's hat and the belt he wore at Waterloo, together with many other historical treasures, are safe at Versailles, Senator Henry Hay, mayor of Versailles, said today.

The treasures were being taken from the Hotel Des Invalides in Paris in wooden boxes when the Germans approached. The truck containing the boxes was struck by a bomb and the two drivers were killed.

A German officer, who saw there were valuables in the boxes, notified a surgeon at a hospital at Etampes who reported the incident to Hay.

French gerdarmes mounted guard over the historical treasures night and day until they were safe at Versailles.

MEXICO FEARS BLOODSHED IN POLLS BATTLE

Candidates Wind Up Bitter Race.

BY WAYNE THOMIS.

[Chicago Tribune Press Service.]

(Map on back page.)

MEXICO CITY, July 5.—An extremely tense situation appeared to be developing thruout the country tonight as Gen. Juan Andreau Almazan, independent conservative candidate, locked horns in the final hours of the presidential campaign with the administration's political machine, the PRM [Mexican Revolutionary Party] and charges and countercharges were flying from both sides here.

Both the radical and conservative labor unions are mobilizing their members for mass demonstrations during Sunday's balloting which may well develop into mass battles.

Bus Service for Camacho.

Transportation facilities in Mexico City are controled by the CTM [Mexican Workers Confederation] which is closely allied with the PRM. CTM leaders announced that no taxicab or bus service would be operating Sunday; explaining that the cars are needed to carry the supporters of Gen. Manuel Avila Camacho, the administration's candidate, to the polls.

Meanwhile, from Mexican centers to the south, Tampico, Vera Cruz, and Campeche on the Atlantic coast, Mazatlan and Manzanillo on the Pacific, and from Monterey and Zacatecas to the north came reports that only a miracle could prevent bloodshed at the polls. It is understood President Lazaro Cardenas returned to the city unexpectedly last night because of the widespread reports of anticipated trouble. Cardenas planned to spend election day at Durango, 500 miles northwest of Mexico City, where he remained the day of his election in 1934.

Political activity here was limited strictly to PRM attacks on Almazan, who defended himself vigorously. Camacho has made no public statement since his interview two days ago with the foreign press.

Plea for Peace Made.

The attack on Almazan came from two quarters. Gen. Don Abelardo Rodriguez, who is known to be an active supporter of President Cardenas and the latter's PRM machine, published an appeal that "all candidates" accept the election results "gracefully and avoid internal strife."

El Popular, the radical CTM newspaper edited by Vincent Lombardo Toledano, who openly is a communist fellow traveler, charged that Almazan was "linked" with Italian Fascist "conspirators" who were to intervene in the elections. No proof was offered.

However, Almazan's secretary, Manuel Reachi, replied to the Rodriguez plea, saying, "Gen. Almazan is glad to accept the suggestion, except that Mexico still is in the age of trickery. The general always has advocated strict respect for law, but is unable to believe that the elections will be legal."

Warns of Election Steal.

"We are not disposed to recognize electoral fraud," the general himself said. "Mexico must sustain democratic principles and the first way of doing so would be for the governed and the governors to submit strictly to the expressed will of the majorities."

Almazan has openly said from the beginning of the campaign a year ago that he expected to have the PRM steal the election unless there was an unprecedented outpouring of people for him. To Toledano's attack the general refused to reply, other than to say, "No one in Mexico is fooled by this bold lie."

The federal employés union today ordered its members to meet at union headquarters Sunday an hour and a half before the polls open or face expulsion from the union.

Prison for Illegal Polls.

The ministry of interior issued new decrees today providing fines and imprisonment for those installing ballot boxes at places other than those designated by authorities. This is considered a threat to those who plan to establish their own ballot boxes where PRM authorities refuse to allow Almazanists to vote.

The total mobilization of soldiers, military students, and police in Mexico City now is 13,000. Of the group, 3,465 federal district police today filed an injunction in the courts charging that their commanders plan to prevent them from voting Sunday by keeping them locked in their barracks. The group says that the offi-

cials are pro-Camacho in their sympathies and fear that they would vote for Almazan. No action has been taken yet on the injunction.

Sonora Bars Liquor Sales.

NOGALES, Sonora, Mex., July 5 (AP).—Authorities in Mexican border cities issued orders today for the closing of all liquor dispensing establishments for three days, starting Saturday, because of Sunday's election. It was indicated the decree was statewide.

4 KILLED IN CUBAN RIOT

BY GUSTAVO RENO.
[Chicago Tribune Press Service.]

BANES, Cuba, July 5.—Four of six speakers at a political rally lay dead here tonight after a fight which followed one of the victim's verbal attack on the mother of Cuba's "strong man," Col. Fulgencio Batista. Eleven other persons were wounded.

The battle occurred at a rally for former President Ramon Grau San Martin, opponent of Col. Batista in the race for the Cuban presidency.

The fight came during an address by Jose Perez Echarte, an opposition leader, who was killed by a shower of bullets, beer bottles, and stones after he had said, "Little, if anything, can the people of Cuba expect from the son of such a mother."

Three of the five orators who had preceded Echarte in espousing the cause of Grau San Martin also were slain. They had called Col. Batista "gangster, assassin, and thief," but it was Echarte's remark that touched off the explosion.

Col. Batista was born in this city 36 years ago. His mother, Mrs. Francisca Zaldivar de Batista, died here 12 years ago.

Constitution Becomes Effective.
[Chicago Tribune Press Service.]

HAVANA, Cuba, July 5.—Cuba's new 1940 constitution was solemnly promulgated by President Federico Laredo Bru this afternoon from the monumental staircase of the national capital. A crowd of 30,000 witnessed the ceremony.

Dr. Carlos Marquez Sterling, president of the constituent convention, first read the text of the constitution, after which a military band played the national anthem. This was followed by two minutes of silence.

In "Behalf of the People."

President Bru then declared that "as president of the republic I solemnly declare this constitution promulgated and in effect in behalf of the government and people of this country."

This ceremony was followed by a parade of 10,000 police and army and navy troops.

LEOPOLD URGES BELGIANS: GIVE TO RED CROSS

BRUSSELS, Belgium, July 5 (AP).—King Leopold III. of Belgium, a prisoner of war at Laeken castle, where he has privileges befitting his rank, appealed today to his people on behalf of the Red Cross. He spoke as a Belgian, making it clear that there was nothing official in the appeal for the relief organization.

German sentries are posted about the castle grounds. They salute the king when they encounter him on his strolls thru the gardens. The king lives with his mother, Elizabeth. His children are safe abroad.

It is said that Leopold asked for a simpler place of residence, but the Germans insisted upon establishing him in his castle. It is doubtful if any attempt would be made to stop the king if he drove away from the castle, but if he did the conditions of his imprisonment probably would be changed.

In any case German authorities are in constant position to determine whether he makes any move considered inimical to German interests. He has a few visitors, among them John Cudahy, the American ambassador, with whom he confers about relief and humanitarian problems of Belgium.

BERLIN TO GIVE HITLER A GREAT WELCOME TODAY

BERLIN, July 6, Saturday (AP).—It was announced officially this morning that Adolf Hitler would return to Berlin from the western front at 3 p. m. today [8 a. m. Chicago time] and receive a great reception.

Hitler will arrive by train for a welcome "of thanks such as Berlin never has seen," Propaganda Minister Paul Joseph Goebbels declared in an appeal to the Berlin populace to turn out to greet the Fuehrer.

Hitler has been absent from the capital since May 10, when he went to the western front. Authorities said he would not make a speech today.

Goebbels directed all stores and factories, with the exception of food shops and armament and other vital plants, to close so the workers could line the route of Hitler's triumphal entry.

2 French Merchant Ships Dash from Costa Rica Port

[Chicago Tribune Press Service.]

SAN JOSE, Costa Rica, July 5.—Two French merchant auxiliary cruisers, the Oregon and the Angouleme, which took refuge in Puntarenas yesterday, left hurriedly today. They were believed headed for Balboa, Panama Canal Zone. The ships, mounting two heavy guns, machine guns, and antiaircraft guns, were reported loaded with airplanes and equipment.

Canadian Budget Passes; Provides Billion for War

OTTAWA, Ont., July 5, (AP).—The house of commons tonight adopted 151 to 17 the new budget providing for expenditures of more than $1,000,000,000 and new taxes expected to total $280,000,000 in the present fiscal year. The budget was presented June 24 by Finance Minister J. L. Ralston, who was sworn in tonight as minister of national defense, succeeding the late Norman Rogers.

Army Bomber Crashes in Florida; Two Killed

Callahan, Fla., July 5 (AP).—A twin motored army bombing plane crashed at Grass Landing, 10 miles east of here, today, killing Lieut. William R. Barrow, 26 years old, and Lieut. John A. Morris [pilot], both of Patterson field, Dayton, O. The plane was en route to Miami from Dayton. Cause of the crash was undetermined.

GERMANS HAIL FRENCH BREAK WITH ENGLAND

Claim It Was 'Decent' Thing to Do.

BY SIGRID SCHULTZ.
[Chicago Tribune Press Service.]

BERLIN, July 5.—Germany greeted with satisfaction today reports from Vichy that the French government had severed diplomatic relations with England.

Authorized sources said that the French act was "the only thing that any government with a feeling of decency and regard for its political existence could do."

These sources also said that "Germany merely is an interested spectator in the Franco-British conflict" in reply to queries concerning the possibility of France joining the war against England.

Nazis Won't Object.

"It is not to be expected," they said, "that the French decision to defend itself with armed force against further attacks from England will meet difficulties of any kind by Germany."

If the French decide to throw in their lot with the authoritarian powers England will be completely isolated, except for her farflung empire. Only three neutral countries, or nonbelligerent countries, Ireland, Spain, and Portugal, remain within easy reach of England.

All the other European powers are either controled by the authoritarian states or are so far away that it would be impossible to continue relations with England.

Report Sea Successes.

DNB, the official German news agency, stated that in accordance with the armistice terms the French government had announced that no French subject may enlist in armed forces against Germany. The penalty is life imprisonment or death.

Increasing success of the counter-blockade against Britain was reported by the high command. The air force and navy were reported to have sunk 140,000 tons of British shipping in the last few days, three submarines accounting for 86,500 tons.

German torpedo boats were reported to have registered hits on two armed British steamers, the 5,500 ton Hartlepool and the 6,900 ton British Corporal, off the southwest coast of Portland, British naval base.

Planes Sink Ships.

The air force, it was stated, attacked convoys on the south and southwest coasts, sank four transports of 5,000 tons each, and damaged a warship and nine other transports.

Messages from the Mediterranean indicate that the French-British naval conflict is still going on. Experts are closely watching the developments, expecting that attempts soon will be made to oust the British from Suez and Gibraltar.

BAIL OF GERMAN SEIZED IN BALBOA RAISED TO $25,000

PANAMA CITY, July 5 (AP).—Bail for Emil Wolff, a German arrested July 2 aboard a Japanese liner at Balboa on a charge of attempting to import narcotics into the Canal Zone, was increased today to $25,000 on motion of District Attorney J. J. McGuigan of the Canal Zone.

McGuigan made no comment save that in "an analogous case" an American citizen had been held in similar bail.

He added that he expected to receive within 48 hours instructions as to handling the case, which is believed to be connected with the arrest last month in Los Angeles, Cal., of an accused Nazi agent charged with failing to file a registration statement with the secretary of state. That defendant also was held in $25,000 bond.

MORE POLICEMEN PUT ON GUARD AT U. S. CAPITOL

Washington, D. C., July 5 (AP).—The police guard about the United States capitol was increased today and every sightseer or other visitor to the great, gray building was required to state his business there.

Tourists still were being admitted freely, authorities said, but except when they traveled in officially recognized parties, each had to be identified or identify himself. The identifications were taken by blue-coated officers stationed at the entrances.

One official said the stricter control around the capitol was put into effect today because of the bombing of the British pavilion at the New York World's Fair yesterday.

SIMPLE FOOD, NO LUXURIES FOR BRITISH NOW

MANCHESTER, England, July 5.—The "harder life gastronomically" has come to the British.

Lord Woolton, the food minister, said today they would have to get along with fewer luxuries and simpler food. The elimination of nonessentials rather than shortages is the reason, he said.

Farmers were urged to grow all the potatoes they can. The public was told to use less sugar.

Britain Gets Ready

(Story on page 1.)

In preparation for an expected German attack, Great Britain yesterday excluded the public from the portions of the eastern and southern coasts shown in black. German planes last night raided Yorkshire and Kent (arrows).

GERMANS BOMB ENGLAND UNDER COVER OF NIGHT

British Raid Ruhr Cities and Naval Bases.

LONDON, July 6, Saturday (AP).—Keeping up their nightly forays, German warplanes attacked Great Britain again last night and early today. First reports told of only scattered damage.

The air ministry in a brief communique said enemy aircraft crossed the coast during the night and anti-aircraft defenses shot down one raider.

Two German bombers were heard over northeast England early today. They were reported to have dropped bombs but it was believed all of them fell in open country. Other reports said German raiders dropped incendiary bombs on southeast England.

Cover Wide Area.

Last night the German planes raided sections of southwest England, Yorkshire, and the Kent coast. A "few persons" were slightly injured in the southwest, a communique said. It was reported unofficially that a bomb splinter killed a British soldier who had gone unhurt thru the Norwegian campaign.

Near one southeast coast town last night a German Messerschmitt fighter was reported shot down by British fighting planes.

British bombers in raids Thursday attacked Hamm and Emmerich in the Ruhr valley, and also scored hits on hangars at the amsterdam and Brussels airports. The German naval bases at Kiel, Wilhelmshaven, and Emden also were raided, an air ministry communique said.

Damage Patrol Vessels.

Aircraft of the coastal command, in attacks both Thursday and Friday, damaged German patrol vessels off the coast of Holland, the communique asserted. Aircraft factories at Wenzendorf and Bremen also were raided. In all these operations, the British said, four planes were lost.

Reporting on an attack which occurred early Friday morning, the air ministry said a small German guard ship mounting antiaircraft guns was "completely overturned" by a bomb dropped from an American Lockheed Hudson aircraft of the coastal command. A supply ship also was attacked near Stavanger, Norway.

A bomb hit upon a large German supply ship also was claimed. This attack was carried out Thursday.

RED CROSS WAR AID DONATIONS REACH $1,319,232

Contributions to the Red Cross war relief fund in Chicago now total $1,319,232, James B. Forgan, chairman of the Chicago chapter, American Red Cross, announced yesterday. New donations include $1,323.55 from employés of THE CHICAGO TRIBUNE, $1,100 from the Manz corporation and its employés, $1,809 from employés of the Edison General Electric Appliance corporation, $798 from employés of the Pennsylvania railroad, and $575 from employés of the General Electric X-Ray corporation. Donations totaling $4,255 were received from the Roseland-Pullman Red Cross unit, and $1,000 additional was received from the Evanston Red Cross branch.

DIES OF HEART ATTACK.

Francis Flathau, 28 years old, an automobile mechanic, died yesterday, apparently of a heart attack, in his home at 4815 Warren avenue.

BRITISH WOMEN SWING INTO WAR MACHINE'S TASKS

4 Million to Be Called for Heavy Work.

BY LARRY RUE.
[Chicago Tribune Press Service.]

LONDON, July 5.—As Britain speedily is putting all men available under arms, a growing demand is being made for woman power to take over machines in the factories, act as auxiliaries in the fighting forces, work on the land, and perform other duties normally done by men.

Sir William Beveridge, commissioner for the ministry of labor, declared that women will have to provide labor lost to industry by mobilization of the male population. He estimated that the country today has available more than 4,000,000 single or widowed women, together with a few married women, within the age group of 14 to 45, who must be called on to maintain war production.

The London transport bus service will be manned by women conductors and drivers. A large percentage of the ambulances and military transport cars are operated by the women's branches of the fighting services.

Trained for Farm Service.

R. S. Hudson, minister of agriculture, recently called for another 5,000 recruits for permanent work in the women's land army. They are being trained on farms and in agricultural colleges at the rate of 1,200 monthly. From the outbreak of the war until the end of May, 70,000 men left the land, all of whom are expected to be replaced by women.

Altho women are included under the labor conscription law compelling workers to accept any job to which the government may direct them, so far no instance has been reported where it has been applied to them. That this may become necessary is hinted by Sir John Anderson, minister of home security, who declared that he may have to call on the noncombatant population for whole or part time service.

Thrift Is Enforced.

Herbert Morrison, minister of supply, is planning to get tough with wasters of useful raw materials. Householders will be subject to severe penalties with fines and imprisonment if they fail to sort out into separate heaps such things as rags and paper refuse and food waste. Local authorities who fail to enforce the provisions and make the necessary collections also will be punished.

To cut down the waste of raw materials in manufacture of nonessentials or luxuries, and to decrease consumption in these categories, the government is restricting production in all industries not immediately concerned with the war effort.

Insure Food Dealers.

All food retailers in the country whose stocks are valued at 200 pounds [about $746] or more have been ordered to take out war risk insurance. It affects almost all independent grocers in the country. The premiums will cost 3 per cent annually. This is being effected thru private insurance companies. The shopkeepers will be given only 10 days to obtain complete coverage.

A census is being taken of all catering establishments in the country to determine their capacity should the necessity arise for introduction of a system of communal feeding of the civil population. Forms now are being sent out to eating places, large and small, from the fashionable west end restaurants to the tiny side street cafés, inquiring the number of persons they can handle and details on their staffs.

The state department is investigating reports of a possible British blockade of the French island of Martinique. The neighboring island of Guadeloupe is also a French possession.

ITALIANS STORM AT BRITISH, FRET ABOUT THE IRISH

ROME, July 5.—The Italian press, radio, and officialdom today launched furious word attacks against the British for having sunk the French fleet at Oran, Algeria. No characterization was considered too vile for Britain in general, and Prime Minister Winston Churchill in particular.

The fury apparently was genuine, but what gave it particular importance was that it set the tone for the great events which it was hinted are about to commence. It provided the excuse—if any were needed—to make the attack against Britain completely pitiless, observers said.

Another development today was the keen solicitude shown by the Italian press for the neutrality of Ireland. Dispatches and editorials virtually said that the British are preparing to seize Ireland and end that country's independence. The Italian press has not been so worried about a neutral power since similar articles were being written about Norway and Holland.

BRITISH AUTHORS HIT PROPOSAL TO TAX BOOK SALES

LONDON, July 5.—Inclusion of books within the scope of the proposed sales tax was condemned today by authors, publishers, and educators as a blow to literature and the exact opposite of what Britain is fighting for.

"If this tax on books is enforced it may easily make the whole contemporary literature silent and invisible," said Sir Hugh Walpole, who presided at a protest meeting.

J. B. Priestley said the damage done to literature would be out of all proportion to the amount of revenue it would bring in. Geoffrey Faber, president of the Publishers association, declared the tax would result in fewer and worse books.

Major Too Slow on Draw; Shoots Himself in the Leg

Washington, D. C., July 5. — Maj. Lewis A. Dayton 48 years old air corps officer stationed at Chanute field, Rantoul, Ill., accidentally shot himself in the leg at the federal bureau of investigation pistol range in the Department of Justice building today. Police said he was practicing a quick draw.

JAPS BOMB SALT SUPPLY CENTER IN WEST CHINA

CHUNGKING, China, July 5 (AP).—Strong squadrons of Japanese bombing planes ranged over the western-most districts of China proper today, bombing newly developed industrial centers some 100 miles west of Chungking. Meager reports said the raiders also pounded Tseliutsing, from where West China gets most of its salt from vast natural wells. Reports of casualties were lacking.

HITLER RETORTS TO HULL: MIND OWN BUSINESS!

That's Monroe Doctrine, Too, Nazis Say.

BY ARTHUR SEARS HENNING.
[Chicago Tribune Press Service.]

Washington, D. C., July 5.—The German government has served notice on the United States that it will not consider itself debarred from intervention on the American continents if the United States or other American nations interfere in the affairs of Europe.

This was disclosed today in a statement issued by the state department summarizing a note received from the German minister of foreign affairs and setting forth Secretary of State Cordell Hull's comment thereon.

Disavowing any policy of intervention "in the purely political affairs of Europe," Hull indicated that the United States will continue to cooperate with Great Britain and other foes of the dictators.

Reply to a Notice.

The German note was in reply to the state department notice served on the reich and other governments that the United States will not recognize in conformity with the Monroe Doctrine the transfer of any territory in this hemisphere from one non-American nation to another. The German foreign minister points out that Germany has no possession in the western hemisphere and asserts that she has given no reason to suppose she wants any.

The German note pronounced untenable the interpretation of the Monroe Doctrine that some European nations but not others possess the right to territories in the western hemisphere. Then the note calls attention to the provision of the Monroe Doctrine which not only forbids European intervention in the Americas but pledges nonintervention by the United States in European affair..

Quotes from Note.

"Nonintervention in the affairs of the American continent by European nations, which is demanded by the Monroe Doctrine," said the German foreign minister, "can in principle be legally valid only on condition that the American nations for their part do not interfere in the affairs of the European continent."

Hull indicated he would make no reply to Germany.

"I feel that no useful purpose would be served," his statement said, "for this government to undertake to make any further communication to the German government on the subject.

"The fundamental questions involved are entirely clear to all of the peoples of the American republics, and undoubtedly as well to the majority of the governments and peoples in the rest of the world.

"Solely Self-Defense."

"The Monroe doctrine is solely a policy of self-defense, which is intended to preserve the independence and integrity of the Americas. It was, and is, designed to prevent aggression in this hemisphere on the part of any non-American power, and likewise to make impossible any further extension to this hemisphere of any non-American system of government imposed from without. It contains within it not the slightest vestige of any implication, much less assumption, of hegemony on the part of the United States.

"It never has resembled, and it does not today resemble, policies which appear to be arising in other geographical areas of the world, which are alleged to be similar to the Monroe doctrine, but which, instead of resting on the sole policies of self-defense and of respect for existing sovereignties, as does the Monroe doctrine, would in reality seem to be only the pretext for the carrying out of conquest by the sword, of military occupation, and of complete economic and political domination by certain powers of other free and independent peoples.

Pre-Doctrine Situation.

"The Monroe Doctrine has, of course, not the remotest connection with the fact that certain European nations exercise sovereignty over colonies in the western hemisphere and that certain other European nations do not. This situation existed before the Monroe Doctrine was proclaimed.

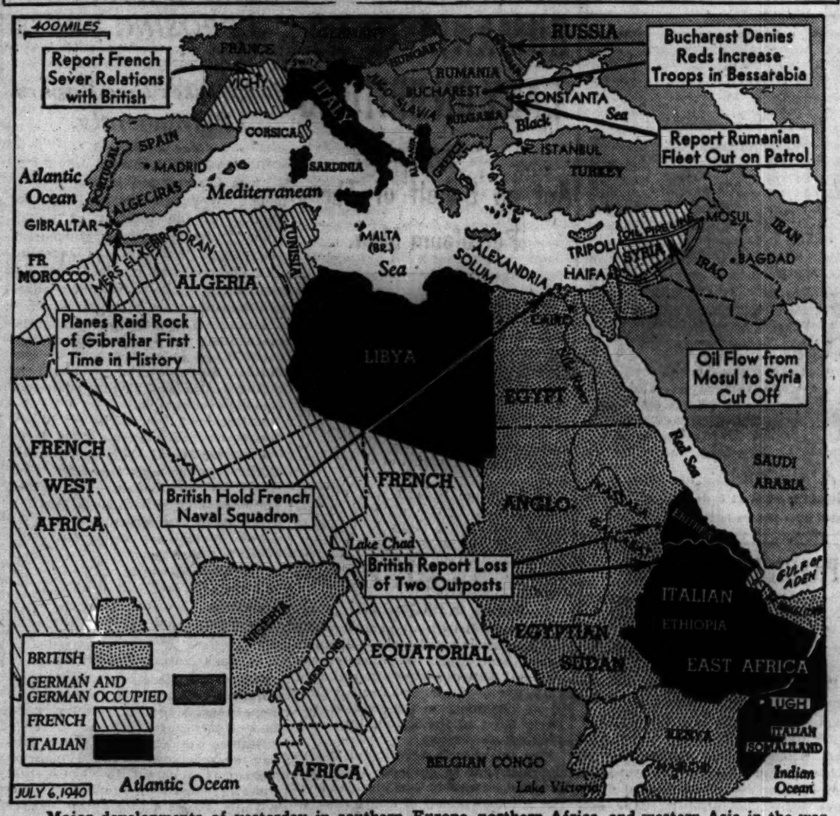
"The doctrine did not undertake to interfere with the existing situation, but did announce that further incursions would not be tolerated. It made clear that the future transfer of existing possessions to another non-American state would be regarded as inimical to the interests of this hemisphere. This has become a basic policy of the government of the United States.

"As already stated in the communication addressed to the German government by this government under date of June 18, the government of the United States will neither recognize nor acquiesce in the transfer to a non-American power of geographical regions in this hemisphere now possessed by some other non-American power.

"The government of the United States pursues a policy of non-involvement in the purely political affairs of Europe.

"It will, however, continue to cooperate, as it has cooperated in the past, with all other nations whenever the policies of such nations make it possible, and whenever it believes that such efforts are practicable and in its own best interests, for the purpose of promoting economic, commercial, and social rehabilitation, and of advancing the cause of international law and order, of which the entire world stands so tragically in need today."

Day of Warfare in Mediterranean Regions



Major developments of yesterday in southern Europe, northern Africa, and western Asia in the war of Great Britain against Germany and Italy and of threatened war in Rumania are told in captions on the map.

U. S. TELLS GERMAN EMBASSY: BETTER NOT TALK TOO MUCH

Washington, D. C., July 5 (AP).—The state department pointedly told the German embassy today that the reich's representatives in the United States should not discuss publicly this country's policies and attitude.

The action was taken as a result of remarks, attributed to the German consul general at New Orleans, Baron Edgar von Speigel, who was quoted in a New Orleans newspaper on June 14 as saying that Germany would not forget the aid given to her enemies by the United States. The state department was asked by Gov. Sam H. Jones of Louisiana to investigate.

The department announcement of its action said it appeared that the consul general thought he was not speaking for quotation, and that his statement was not for publication.

GIBRALTAR GETS FIRST AIR RAIDS; BOMBS HIT SEA

Report Attacking Planes Were French.

BY H. H. WALL.
[Chicago Tribune Press Service.]

GIBRALTAR, July 5. — Gibraltar had its first air attacks in history today. Three times during the day planes flew over the heavily fortified rock and dropped bombs but they fell into the sea.

There were no casualties and no damage was done. The town took the raid calmly.

The first raid occurred in the early hours and searchlights went into action in an effort to pick out the raiders for the antiaircraft batteries.

Say Planes Were French.

In the last raid one of the bombers attempted a diving attack but was driven off by heavy fire from shore guns.

There was no indication as to the nationality of the attacking planes, but the Madrid radio announced that it had been established that they were French.

Messages from Algeciras, across the bay from Gibraltar, reported the planes had come from the Mediterranean side of the rock.

Machine Gun Malta.

VALLETTA, Malta, July 5 (AP).—Italian warplanes flying over Malta early yesterday opened fire with machine guns but there were no casualties and no damage.

Bomb Alexandria Harbor.

ALEXANDRIA, Egypt, July 5 (AP).—Raiding airplanes dropped a large number of bombs in an effort to hit warships in Alexandria harbor today, but were driven to sea by terrific bursts of antiaircraft fire from both warship and coastal defense batteries. Both British and French warships lay in the harbor.

British Outposts Fall.

CAIRO, Egypt, July 5 (AP).—British communiques issued here today reported the loss of two outposts to the enemy and the bombing of an enemy air base and military camp together with two heavy aerial engagements.

Patrol action was reported continuing around Capuzzo and west of Solum. On the Ethiopian front yesterday an enemy force of light tanks and armored cars with motorized infantry supported by heavy bombing aircraft attacked and occupied the outpost at Kassala on the Sudan border.

[Rome hailed the capture of Kassala as the "reconquest of an Italian town." The Italians captured it in 1894, but ceded it to Britain in 1897.]

Another outpost at Gallabat also was strongly attacked with air support. "Our troops withdrew to prepared positions after inflicting heavy losses, including two aircraft," the military communique said.

Nine enemy fighters were shot down during aerial engagements near Sidi Barrani yesterday, the royal air force reported.

NOBODY WANTS TO BUY WRECK OF GRAF SPEE

MONTEVIDEO, Uruguay, July 5.—The wreck of the scuttled German pocket battleship Admiral Graf Spee is being offered for sale at $10,000, with no takers. Julio Vega Halguera, who purchased the wreck from the German embassy here as a speculation, has dispaired of further salvaging. The heavy hulk of the vessel has sunk into the soft mud at the bottom of the Plate river estuary and there is no salvaging equipment available here to raise it. Halguera is reported to have just about broken even after selling the bronze and aluminum fittings removed from the wreck. The only armament he was able to remove was one of the warship's small secondary cannon.

Slain by Husband

(Story on page 1.)

[Associated Press Wirephoto.]

Mrs. Edna Jacobs, who was shot to death by her husband, Harry, a Louisiana state engineer and flood control expert, in mansion near New Orleans. Jacobs insisted that the shooting was accidental.

JAPAN PUTS BAN ON LUXURIES; $1 SUITS PROHIBITED

TOKIO, July 6 [Saturday].—Japan will promulgate a decree today prohibiting the manufacture and sale of luxuries. The object of the decree is to prevent the people from spending money on personal needs while their savings are urgently required by the government.

Articles to be officially banned as "luxuries" include men's suits and women's dresses costing more than 90 cents and watches costing over $12. Manufacture and sale of high grade silks, rings, necklaces, porcelains, shirts, handbags, gold rims for spectacles, canes, and fountain pens are forbidden.

As dealers have to clear out stocks within three months, the public is preparing for a final orgy of spending while the "luxuries" are obtainable. Imported liquors and tobaccos long have been a thing of the past. The only cigars and pipe tobaccos obtainable are "cabbage leaf" concoctions manufactured by the state monopoly and retailed at a profit of many hundred per cent.

Argentine Congress Gets 100 Million Naval Bill

BUENOS AIRES, July 5 (AP).—An additional national defense bill sent to the congress today was said to call for expenditure of 500,000,000 pesos [more than $100,000,000] for naval rearmament, including acquisition of new warships, planes, antiaircraft guns, and erection of air bases in Patagonia.

LITHS, UNDER RED CONTROL, CANCEL VATICAN ACCORD

Decision Hits Religious Organizations.

BY DONALD DAY.
[Chicago Tribune Press Service.]

RIGA, Latvia, July 5.—The Lithuanian government has informed the Vatican that the concordat which the Antanas Smetona dictatorship signed with representatives of Pope Pius XI. on Sept. 27, 1927, has been canceled.

In a semiofficial explanation it was announced that this step had been taken to correct the abnormal position of the religious organizations in Lithuania. Articles complaining about the large sums which the Roman Catholic church received from the government continue to appear in Lithuanian newspapers.

The deputy commissar of foreign affairs in the soviet government, V. G. Dekanozov, who supervised the formation of the new Lithuanian government after the Moscow ultimatum and who accompanied the vice premier, Vincas Kreve-Mickevicious, on his visit to Moscow, has returned to Kaunas.

Objectives of Visit.

Dekanozov, it is reported, will remain in Lithuania for some time to exercise control over the Lithuanian communist party and to see that the conditions of the mutual assistance agreement signed last October are fulfilled.

The Latvian communist party has published a curious announcement. It denies having anything to do with the published invitation calling upon veteran bolsheviks who participated in the brief four month reign of terror in 1918 to reassemble for a reunion. This invitation, the party says, was based on wrong information.

The decision of the Latvian communist party to ignore the oldtime communists followed the policy of the communist party in Russia, which in recent years has not only liquidated the old bolshevik society of veterans, but also the organization which united former political prisoners who served terms under the czars' régime.

Aid to Occupation.

Russian diplomacy has greatly helped the soviet government's rapid occupation in the Baltic states. The most disreputable elements in the population, who immediately joined the thin ranks of the Reds, hoping for plunder, have all been sworn in as policemen.

Each regular policeman on duty in the Baltic states now has an assistant helping him to maintain order. The new law enforcers, formerly those hoping for plunder, are taking their jobs seriously and working efficiently for less pay than that given the police.

The Red army has succeeded in making many friends already in the Baltic states. Today in Riga a crowd of 60,000 workers gathered from various factory districts and paraded before the local soviet legation with banners welcoming the soviet occupation of Latvia.

Vatican Is Upset.

[Copyright: 1940: By the New York Times.]

ROME, July 5.—Lithuania's renunciation of the concordat with the Holy See has created an unhappy impression at the Vatican, it was stated today. Years of delicate negotiations, which finally seemed to have reached a satisfactory solution, have been wiped out, it was said, and no hope is entertained of reforging the link as long as Russia dominates the country.

Lithuania is the only Baltic country with a majority of Catholics. There are 1,200 Catholic priests and 224 churches in the country, and almost all the religious orders are represented there. The Catholic press in Lithuania also is strong. Vatican circles fear that Catholicism itself now is endangered in the country.

CANADIAN BILL TO ASK DEATH FOR TREACHERY

[Chicago Tribune Press Service.]

OTTAWA, Ont., July 5.—Canada moved today to stamp out fifth column activity by means of death and life imprisonment sentences. A bill providing these punishments for traitorous activity will be introduced in the house of commons on Monday by Prime Minister W. L. Mackenzie King.

The measure will be called the "treachery act." Under the proposed law authorities would have wide powers to deal with any subversive elements.

The section of the bill called "death penalty for treachery" provides that any person who attempts or conspires with any other person to commit an act which is likely to aid the operations of the enemy or to impede operations of the Canadian forces shall be guilty and shall upon conviction suffer death.

Life imprisonment is provided on conviction of any person who does any act likely to prejudice public safety, the defense of Canada, or efficient prosecution of the war.

FIRST PAYMENTS MADE FOR TRACK LAND AT AIRPORT

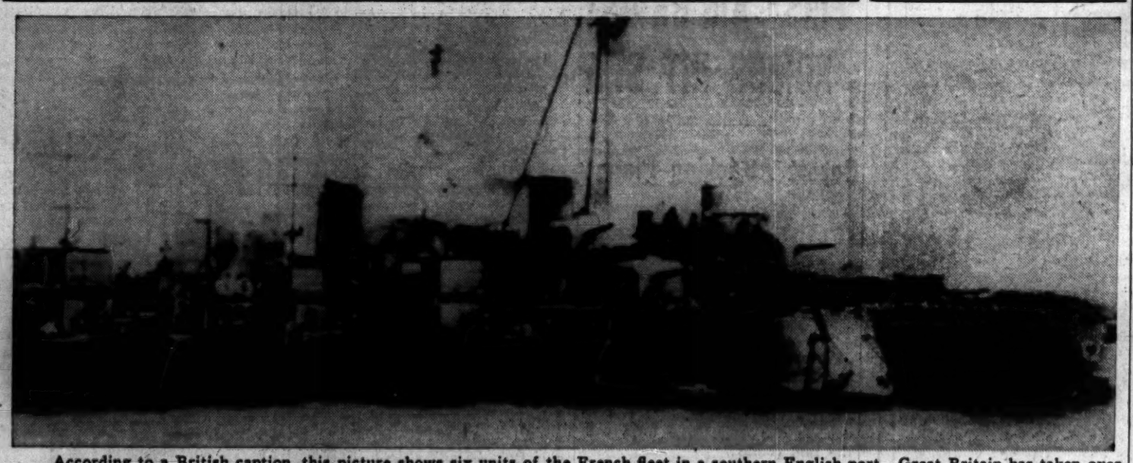
Circuit Judge Denis J. Normoyle authorized payment of $4,505 yesterday for three small parcels of land which were condemned for expansion of Chicago airport. These were the first of the judgments, totaling $222,638, to be released from the county treasurer's office, where they were subject to delinquent tax assessments.

Judge Normoyle urged the other property owners to make their requests for release as soon as possible so that construction of the new right of way for the Chicago and Western railroad tracks can be started. The right of way, which now bisects land available for airport purposes, will be shifted to the condemned land.

NEGRO STABBED TO DEATH.

Julius Washington, 32 years old, colored, was stabbed and fatally wounded yesterday in his home at 119 East 43d street, by William H. Crevellier, 35 also colored. Crevellier was held by Wabash avenue police.

French Warships in a Port of Southern England



According to a British caption, this picture shows six units of the French fleet in a southern English port. Great Britain has taken over French warships in British ports as well as numerous units found elsewhere. At the left are four submarine chasers, next is a destroyer, and at right is an escort vessel. [Associated Press Wirephoto: By cable from London last night.]

ARMY AND NAVY TO AIR VIEWS ON TRAINING DRAFT

Senate Group Awaits Expert Testimony.

Washington, D. C., July 5 (AP).—The war and navy departments agreed today to give the senate military committee next Tuesday their official views on compulsory military training.

The committee had voted to suspend hearings until the war department was ready to present its views. Chairman Morris Sheppard [D., Tex.] pointed out that department experts had been working on compulsory training plans since world war days and said it would be best to get their view before enacting any legislation.

The committee has been holding hearings on a training bill sponsored by Senator Edward R. Burke [D., Neb.] and Representative James W. Wadsworth [R., N. Y.].

At today's hearing Senator Sherman Minton [D., Ind.] asserted that Adolf Hitler is attempting to prevent compulsory military training in the United States.

Covers Men from 18 to 65.

Minton made the assertion while Julius Ochs Adler, general manager of the New York Times, was testifying in support of the pending legislation, which would require registration for all men from 18 to 65 and compulsory military training of those between 21 and 45.

"There is subtle propaganda going around," Minton declared, "that there should not be compulsory military training. It is part of the program of Mr. Hitler in his subtle way to weaken us at a vital point."

Minton's comment followed an assertion by Senator Sheridan Downey [D., Cal.] that he knew "no better way to create saboteurs and disloyal people than to conscript mechanics to service your planes.

Favors Selective Plan.

"It would seem to me," Downey contended, "that the thing we have to do is to search out thru every governmental agency for the number of mechanics we want, not just throw out a dragnet and pull in boys who are not married or who have no fathers and mothers.

"I would say, let us get 500,000 of the finest boys we can get for this mechanized war. We can't get the type of men we want at $5 or $21."

Under the bill men called up for active training would be paid $5 a month in addition to transportation and subsistence. The starting pay of a regular army recruit is $21.

Based on estimates of proponents that it would cost $400 to $600 per man for the contemplated eight months' training period, Senator Edwin C. Johnson [D., Colo.] calculated that to train 2,000,000 men for an emergency reserve force would cost $1,200,000,000.

Urges Later Additions.

Adler said he believed 2,000,000 men should be trained as rapidly as possible, with an equal number called up successively over a period of several years, or as long as the present emergency continues.

Lewis Sanders, reserve officer and New York engineer, testified that fears of dissatisfaction on the part of highly paid mechanics being brought into service at $5 a month were groundless because "every mechanic in the country would automatically be kept out under this program because we can't spare them from industry."

He also disagreed with a contention by Downey that to provide the kind of troops needed for a mechanized army would require a training period of several years. A man could be trained in four months, Sanders said, to "operate any machine that was ever made."

CHINESE CLAIM JAPS HOLD UP U. S. RED CROSS HELP

SHANGHAI, China, July 5 (AP).—American Red Cross relief supplies destined for China have been held up in Indo-China because of French restriction of railway traffic, the Chinese Red Cross at Chungking declared today in a wire to the American committee here. The Chinese asked help to effect release of the goods.

The American committee is trying to confirm whether any shipments thus held up are from the American Red Cross.

Under a French agreement with Japan to halt movement of military supplies thru Indo-China to the Chinese forces, Japanese are supervising rail traffic on the Indo-Chinese route to China.]

British Actors Will Send 60 Orphans to Hollywood

LONDON, July 5 (AP).—Noel Coward, the playwright, announced today that all of the more than 60 inmates of a British actors' orphanage of which he is president will be sent to the United States, where a committee of British actors and actresses in Hollywood, Cal., will care for the children.

MUSSOLINI TO MEET CABINET TODAY IN IMPORTANT SESSION

ROME, July 5 (AP).—The Italian cabinet will meet with Premier Mussolini tomorrow morning, it was announced today. The Rome radio said it was believed the meeting would be of great importance as it would be the first session of the cabinet since Italy's declaration of war in June. The cabinet was expected to deal mainly with adapting Italy's trade, industry, and administrative machinery to war requirements.

IRAQ URGES SYRIA BE INDEPENDENT OF FRENCH RULE

Joins with Turkey in Declaration.

(Map on page 3.)

BAGDAD, Iraq, July 5 (AP).—Gen. Nuri Es Said Pasha, Iraq's foreign minister, asserted today that both Iraq and Turkey believe that Syria should enjoy complete independence from France, which holds a mandate over the territory.

Gen. Nuri Es Said Pasha.

The foreign minister's statement, declaring that the Syrians were "fit for independence," was made on his return from a conference with Turkish officials at Ankara.

Both Turkey and Iraq have mutual assistance treaties with Britain. An authorized statement in London recently declared that Britain would not permit Germany or Italy to succeed France in occupation of Syria.

Guard Oil Supplies.

LONDON, July 5 (AP).—Authoritative circles said today that action was taken three weeks ago to prevent any of the valuable oil supplies in the Mosul oil fields in Iraq from falling into German or Italian hands.

It was said here that the passage of oil thru the pipe line connecting Mosul wells with Tripoli in the French mandated territory of Syria has been "interrupted" for the past three weeks.

The pipe line between the Mosul fields and Haifa, British controled port on the west coast of Palestine, was continuing to function normally.

Method Not Disclosed.

The methods taken to keep the Mosul oil supplies out of German and Italian hands was not disclosed.

Both pipe lines are owned by the Iraq Petroleum company. The majority shareholding of this company is in the hands of the Anglo-Iranian Oil company, the Royal-Dutch Shell group, the French Compagnie Francaise des Petroles, and an American group.

The German radio reported from Istanbul today that clashes had occurred between French and British troops at several points on the Syria-Palestine border. The broadcast said the incidents were caused by attempts of Polish and other foreign detachments to leave French and join British forces in Syria.

YANKS AT GALWAY BOARD LINER FOR TRIP BACK HOME

GALWAY, Ireland, July 5.—The American liner Washington has 1,200 American war refugees aboard and is waiting for 400 to 500 more before sailing tomorrow.

Those who embarked here today included Gilbert F. Kennedy, legal adviser to the United States embassy in London.

The stores put aboard the liner here included 600 pounds of Irish strawberries and large quantities of Irish bacon, cream, and smoked fish.

Manhattan Reaches Lisbon.

LISBON, Portugal, July 5 (AP).—The United States destroyer Dickerson arrived today from Bilbao, Spain, with refugees who will travel to the United States on the liner Manhattan.

U. S. SEIZES DUTCH SHIP'S CREW FOR NAZI ACTIVITIES

19 Jailed at Sandusky to Balk Sabotage.

Detroit, Mich., July 5 [Special].—Nineteen crew members of the Dutch freighter Prins Willem II., arrested today at Sandusky, O., will be charged with subversive activities, John L. Zurbrick, district immigration director, said.

He disclosed he had ordered the seamen's arrest after receiving reports they threatened to sabotage their ship and the Sandusky dock, where it is berthed. The men, in jail at Sandusky, will be given a hearing in a few days.

Seamen Called Mutineers.

The Netherlands government, now in England, has branded the sailors traitors, deserters, and mutineers, according to William G. Bryant, Netherlands consul in Detroit.

"They claim they are subject to the German government," Bryant said. "I have reports that Hitler's agents in this country prompted them. Reports that they sent a committee to the German consul general in Chicago and received funds from him for their activities caused me to investigate the situation.

"The Netherlands government has washed its hands of the men. It is now up to the United States to decide what is to become of them."

Refuse to Go to Montreal.

The Prins Willem II. arrived at Sandusky on June 2 with a cargo of coal. The Netherlands government directed that it go to Montreal, discharge its cargo, and then proceed to England. The seamen refused, declaring they would be interned in Montreal and demanding more wages if they had to sail to England.

Sheriff William Souter at Sandusky said they threatened to kill their captain, W. C. Van der Eyck, and the first officer, F. Bloss, and admitted damaging the ship's engines.

Chief Engineer Franz Heydens admitted dismantling an engine in the ship and hiding vital parts of it. "I will apply to the Nazi government for protection," he said.

The captain and his chief officer spent last night with Sheriff Souter because they feared violence.

PREDICTS NEW NAZI PEACE FEELERS IN NEXT 3 OR 4 WEEKS

LONDON, July 6, Saturday, (AP).—A neutral diplomatic source who has good contacts with both principal belligerents predicted early today that new German peace feelers will be made within three or four weeks. However, he said most neutral diplomats were convinced by "the new British aggressiveness" that any such move would be a failure.

He explained that a trial balloon sent aloft by a member of the Spanish cabinet had been exploded by the British seizure of most of the French fleet and by Prime Minister Churchill's fighting talk in commons yesterday.

Nevertheless, he predicted acceleration of warfare on the diplomatic front as well as in the sea and air—to be followed by peace hints when the British are feeling the strain most. There still are many, he said, who believe that "peace and appeasement possibilities" never will be definitely ruled out so long as the faction of Former Prime Minister Neville Chamberlain is as strong in the government as at present.

AMERICANS ASK RUMANIA TO GO EASY ON BRITONS

Act on Behalf of Three Petroleum Men.

BUCHAREST, Rumania, July 5 (AP).—American authorities here today formally requested the Rumanian government to grant an extension for three of the 30 British oil men who have been ordered to leave the country within 24 hours.

It was brought to the government's attention that two large American corporations would be directly affected by the expulsion of these three men.

At the same time it was reliably learned that British citizens in Rumania are taking steps to liquidate their business interests of all kinds, in anticipation of further measures against them by the new pro-German Rumanian government.

Dealers in Oil Machinery.

The three British oil men for whom the Americans acted were William R. Young and Albert A. Luce of the National Supply Corporation of New York, one of the largest firms dealing in oil machinery in the Balkans, and Harry Wist of the Refoil, Inc., independent oil company.

The Rumanians were asked to give the men time to liquidate their holdings, but no answer was received from the government up to a late hour tonight.

Twelve of the British oil men were arrested after a luncheon given them by the British legation. On the vigorous protest of the legation, 10 were released. It was said the police gave no reason for the arrests.

American oil interests in Rumania are small compared with British and French holdings, the latter accounting for about 70 per cent of the country's annual production of 6,240,000 tons.

The Leading Producers.

However, the Romana-Americana company, affiliated with the Standard Oil company of New Jersey, last year accounted for 780,000 tons of this total. The Texas corporation also has Rumanian oil interests, but these are said to be not extensive.

The six leading producers in 1939 were:

Astra-Romana, 1,367,966 tons [Royal-Dutch Shell; largely British].
Concordia, 824,445 [French-Belgian].
Steaua Romana, 726,254 [French-British].
Colombia, 623,164 [French].
Groupe Unirea, 525,715 [British].
Romana-Americana, 780,000 [American].

Compared with a world production of some 282,000,000 tons annually, Rumania's 6,240,000 tons seems a small stake; but right now one barrel of oil in Rumania is worth to Germany more than 1,000 on the wrong side of the British blockade.

RUMANIA'S NAZI REGIME WARS ON OPPOSING PRESS

Suppresses Two Papers Permanently.

(Map on page 3.)

BUCHAREST, Rumania, July 5 (AP).—Rumania's new pro-German government suppressed permanently tonight, "in the interest of public order," two democratic Bucharest newspapers, Samnalul and Jurnalul.

It likewise was reported that decrees excluding Jews from journalism and the army were being prepared.

Aside from this, the government devoted itself to keeping the nation tranquil and at work despite reports in other Balkan capitals—denied here—that Russia was placing additional troops in Bessarabia.

[A dispatch from Belgrade, Jugo-Slavia, said diplomatic circles there learned last night that several units of the Rumanian fleet had left Constanta on patrol duty. This action was associated with reports that the soviet navy was planning a surprise action along the Dobrujan coast against the Bosporus. These same circles also were informed that banks in Constanta had moved all cash to Bucharest. Some officials of the maritime bureau and their families also have gone to Bucharest.]

Seek Normal Conditions.

The immediate concern of the new Rumanian cabinet was restoration of more normal conditions after many days of deep unrest.

Besides the reports of further Russian encroachments, the Hungarian press continued to charge that troubled conditions prevail in Transylvania, where a substantial Magyar population remains a constant source of Hungarian concern.

A government communique today said withdrawal from Bessarabia and northern Bukovina, the two areas ceded to Russia under pressure of an ultimatum, had been completed July 3.

Small Rumanian military losses were acknowledged.

The communique said that in Bukovina "where the Russians inadvertently went past the agreed line, they have fallen back."

Mass Migration of Jews.

The reports that Russia had moved new troops and mechanized equipment into Bessarabia and is planning new demands upon Rumania were published in Budapest.

Meanwhile the Hungarian press said:

"The fate of Rumania may take an unexpected turn within hours and perhaps days. One thing is certain. There is no longer any such thing as Rumanian territorial integrity and stability of government."

In Transylvania, Jewish leaders were reported ready to make a mass migration to Palestine, Africa, or anywhere there is room for them.

Hungary Is Dissatisfied.

BUDAPEST, Hungary, July 5 (AP).—The Hungarian government was pictured in informed quarters today as highly dissatisfied with the appointment of a Transylvania German as new minister of minorities in the Rumanian cabinet of Premier Ion Gigurtu.

These sources said designation of Hans Otto Roth to this post was an effort to gain German support against Hungarian claims for the Rumanian province of Transylvania.

They emphasized that even Rumanian official figures show a German minority of only 740,000 in King Carol's kingdom, compared to a Hungarian minority of 1,426,000.

With mobilization completed, there were indications that Hungary has no intention of demobilizing in the near future the army which now is massed on the Rumanian frontier.

SWEDEN GIVES NAZIS RIGHT TO MOVE MEN OVER RAILWAY LINES

STOCKHOLM, Sweden, July 5 (AP).—The end of the war in Norway caused Sweden today to lift railroad restrictions and permit Germany to move men and materials over Swedish lines. The foreign office said in announcing the change that Sweden's policy of neutrality remains the same.

Henceforth the German military, particularly soldiers on leave, can use Swedish railroads. Materials may be moved without restriction. German troops now occupy most of Norway.

Despite the government's contention that its neutrality remains unaffected, the newspaper Nordens Frihet disagreed. Referring to reports that the Norwegian coast was being used as a base for attacks on Scotland, it asked if it would not be true that a belligerent power now would use Swedish territory for its activity.

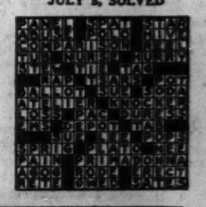
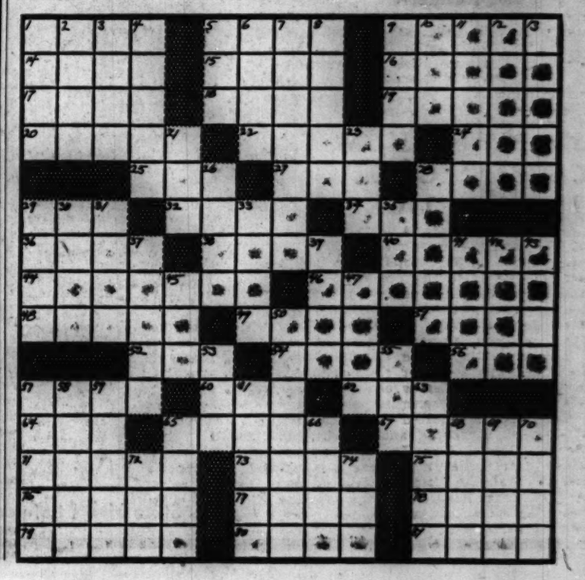
PUZZLE OF FRIDAY, JULY 5, SOLVED





PUSH VAST SCALE U. S. TRAINING FOR FUTURE OFFICERS

Army and Navy Prepare Expansion Program.

[Chicago Tribune Press Service.]

Washington, D. C., July 5.—While the army and navy feel that the present supply of reserve officers is adequate for immediate expansion of the armed forces, plans are going ahead for large scale training of future officers.

The most immediate proposal is the Burke-Wadsworth bill now pending in congress, which would require compulsory military training for men between the ages of 21 and 45 and registration of all men from 21 to 65.

In all the army has available for call about 5 million men with some training. In the organized army reserve there are 117,000 officers and 3,000 enlisted men. In the regular army reserve are 35,000 men with records of prior service. This reserve was set up two years ago and is composed of former members of the regular army. Besides the commissioned officers on the reserve list there are 12,000 formerly active reserve officers who could be called upon if necessary.

Other Groups Included.

The others available include younger war veterans, those trained in the Reserve Officers Training corps and Citizens Military Training camps, CCC members, students of military schools, and the like.

The latest figures for the navy reserve show 14,554 commissioned officers, 650 aviation cadets, and 40,304 enlisted men. The marine corps reserves, in addition, account for 1,140 commissioned officers, 15,009 enlisted men, and 46 aviation cadets.

The reserve officer figures include all those getting their commissions thru the R. O. T. C., the regular army [many noncommissioned officers hold reserve commissions] or citizens military training camps. The army estimates that about 50 per cent of the officers in the organized reserve got their training in the R. O. T. C. units at colleges. There is no detailed breakdown on sources of the present reserve strength, the figures being lumped together.

186,750 Enrolled in R. O. T. C.

In the last academic year a private survey showed, however, that there were 186,750 men enrolled in R. O. T. C. training in colleges, academies, and high schools. About 40,000 young men are also expected to be enrolled in citizens military training camps this summer. In all, an estimated 2,400,000 have graduated from the R. O. T. C. and C. M. T. C. since their inception and military schools. There are approximately 2,400,000 also who have had basic training in group discipline in the Civilian Conservation corps.

The army recently announced that 8,500 reserve officers will be called to active duty in connection with the plan to raise the army to a peacetime strength of 280,000 men.

The latest army setup calls for nine infantry divisions, two cavalry divisions, and one mechanized corps, compared with the old setup of five regular infantry divisions, one cavalry division, and one mechanized brigade. The divisions would have a peacetime strength of 8,500 men, increased in wartime to 13,500. The mechanized corps would contain about 30,000 troops.

Maneuvers Provide Training.

Besides the training programs mentioned, more than 300,000 officers and enlisted men will receive training during maneuvers scheduled for each of the four army areas in August. Every available mobile combat unit in the regular army and National Guard will participate. The National Guard now numbers 235,000 officers and men.

A program is being undertaken also to train additional army air pilots at the rate of 7,000 a year. An additional 3,600 bombardiers and navigators will be trained annually.

The navy has undertaken a program of training 5,000 young men annually for commissions in the naval reserve. Those between the ages of 19 and 26 with two years or more of college training will be eligible. After one month's competitive training, those who qualify would get 90 days more training leading to qualification for commissions as ensigns in the reserve.

Naval R. O. T. C to Double.

The authorized strength of naval R. O. T. C. units is to be doubled to an enrollment of 4,800 students. A total of 136 colleges offer military training, including 11 which have naval units. Northwestern university at Evanston, Ill., is one of the latter.

A private survey has shown that 116,309 collegians received R. O. T. C. training in the last school year. At the outbreak of the world war there was no R. O. T. C., C. M. T. C., or CCC. There had been "drill," however, in land grant colleges. When the United States entered the world war it had only 2,900 reserve officers. In addition to the senior R. O. T. C. training in colleges, 70,441 students in high schools and academies received junior R. O. T. C. training in the last year.

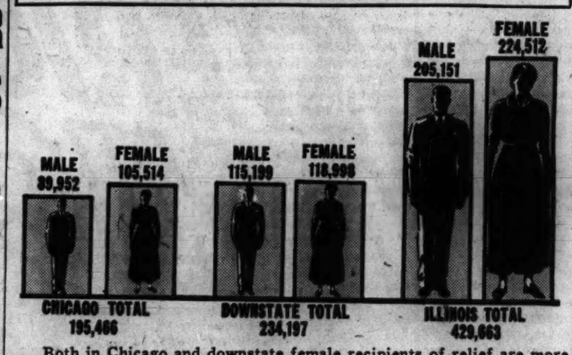
STAY IN SESSION, CITIZENS' GROUP TO ASK CONGRESS

The Citizens' Keep America Out of War committee, at a meeting last night in the La Salle hotel, voted to send telegrams to the president of the senate and the speaker of the house of representatives requesting that congress remain in session for the duration of the war crisis.

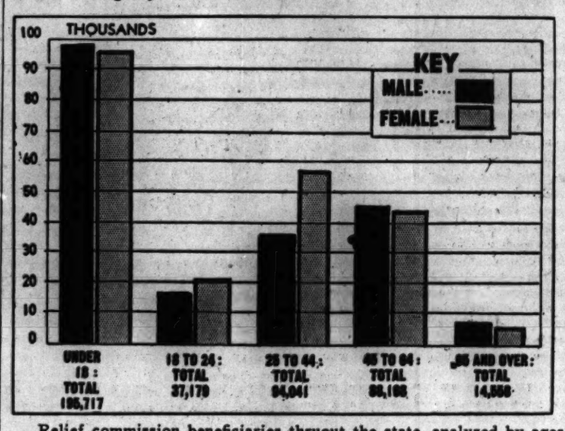
The committee named Capt. William J. Grace, a former state commander of the Veterans of Foreign Wars, permanent chairman.

Capt. Grace reported that Col. Charles A. Lindbergh and Senator Bennett Champ Clark [D., Mo.] had accepted an invitation to speak at a patriotic rally in Soldiers' field on Aug. 4. Three hundred persons, representing more than a dozen patriotic organizations, attended last night's meeting.

Women and Youths Lead in Relief



Both in Chicago and downstate female recipients of relief are more numerous than the male, according to survey made public yesterday by Illinois Emergency Relief commission.



Relief commission beneficiaries thruout the state, analyzed by ages and sex.

78 PCT. ON RELIEF UNFIT FOR WORK, SURVEY SHOWS

Lyons Cites Decrease in Illinois Rolls.

Little known facts about reliefers were made known yesterday in a survey published by the Illinois Emergency Relief commission. The study was the first of its kind made since 1935 and was compiled from reports on each of the 429,663 persons in the state who received relief last August and September.

Leo M. Lyons, executive secretary of the IERC, said the survey was made in order to require communities eligible for state relief funds to re-examine qualifications of persons receiving aid and to provide information on needs, resources, and social characteristics of recipients of relief.

The survey showed that 195,717 persons—or 45.6 per cent of the total on relief—were under 18 years of age. Lyons said that most of these were members of families on relief. Only 14,558, or 3.4 per cent of the persons receiving aid, were 65 years old or older.

Four Out of Five Unemployable.

It was found that 78.1 per cent of the general relief population—or almost 4 out of 5—was unsuitable for employment. Nearly three-fourths of the employable reliefers were men and boys. Women on the relief rolls outnumbered men by 19,361. Chicago showed a slightly higher percentage of women on relief than the figures for the entire state.

Analysis by race showed there are three times as many white persons as Negroes receiving aid. In Chicago the ratio was three white persons to two Negroes. Downstate the ratio was approximately 10 to 1. The total of colored persons on relief was 102,591.

It was found the proportion of employable white persons on relief is slightly greater than the proportion of Negroes that might be eligible for employment.

Declining Trend Described.

Lyons said no evidence of lax or faulty administration of relief was found. He added that relief loads have been declining during the last year, chiefly because of an increase in private employment. He said the trend, which extends back more than a year, has resulted in a decrease of 20.9 per cent in the number of reliefers since May, 1939.

The IERC reported yesterday that 1,056,994 persons were estimated to have received public assistance in Illinois during May. This is equivalent to approximately one out of every seven persons in the state. The total was 50,952 less than during April, or a decrease of 4.6 per cent. In Cook county 447,414 persons, or one in every nine, received some form of public assistance.

Benefits paid during May, excluding all expenditures for administration, material, and supplies, were as follows: General relief, $4,918,253; Work Projects administration, $8,814,889; old age assistance, $2,849,499; mothers' pensions, $166,785, and blind pensions, $230,545. Benefits under the five assistance programs totaled $16,979,971, compared with $17,640,592 in April.

EARL HARRISON TO HEAD ALIEN REGISTRATIONS

Washington, D. C., July 5 (AP).—Earl G. Harrison, Philadelphia attorney, has been chosen to direct the registration and fingerprinting of aliens in this country.

Solicitor General Francis Biddle, announcing this today, said that as director of registrations in the immigration service Harrison will have charge of a huge educational campaign among the foreign born to prepare them for registration beginning Sept. 1, under a law signed by President Roosevelt Saturday.

Harrison, 41 years old, was described by Biddle as a "Roosevelt Republican." He is president of the Public Charities Association of Pennsylvania, vice chairman of the Bok award committee, and a trustee of the University of Pennsylvania. He was campaign chairman for the independent fusion committee in the Philadelphia city election last year.

THE PLATTSBURG IDEA IS A GOOD ONE, 800 MORE CIVILIANS THINK

Plattsburg, N. Y., July 5 (AP).—The army demoted captains of industry to privates today as 800 civilians, bent on a month of military training, staged a homecoming at the birthplace of "the Plattsburg Idea."

Like the first contingent which received lessons in soldiering a quarter century ago, business and professional men, firemen and policemen, bankers and farmers trooped into Plattsburg barracks to undergo a rigorous training in behalf of national preparedness.

But vastly different from their predecessors in 1915, the civilians, ranging in years from 25 to 50, showed that the business man's bulge, the portly middle aged middle, is out of style. Lieut. Col. F. T. Chamberlin, post surgeon, said the trainees were in the best physical condition of any of the civilian groups that have participated in the summer camp periods.

EMPLOYERS JOIN MOVE TO ASSIST ARMY TRAINEES

A nation-wide movement among employer groups to provide job security for employés engaged in military training is meeting with gratifying success, Lieut. Gen. Stanley Ford, commanding the 6th corps area, has been informed by the war department.

This plan to aid the national defense program calls for employers to grant 30 days vacation with full pay for military training. Gen. Ford said that one concern, General Mills, Inc., of Minneapolis, Minn., is granting up to 60 days with pay for military training. Such leaves do not impair the regular paid vacations.

According to the war department, the San Francisco Stock Exchange has voted for the plan for its 3,500 members. So have the Los Angeles city council and the San Francisco Chamber of Commerce. The National Retail Dry Goods association and the National Association of Retail Clothiers and Furnishers have both urged it for members.

Gen. Ford said that 236 young men from Illinois, Michigan, and Wisconsin have enlisted in the regular army in the last two day. This set a peacetime record for the corps area.

ALIEN IS MISSING IN COURT; FIND HE'S IN PRISON

Peter Wolf, 18 years old, a German alien, failed to appear again yesterday in Boys' court. The first time it happened last January he told Judge Frank M. Padden he had "forgotten" the date his term of supervision on a burglary charge was concluded.

Yesterday he had a better reason. He was in Joliet penitentiary serving a term of 1 to 10 years for larceny. Indicted for burglary in March, he had been tried and found guilty on a reduced charge of larceny by Judge John Bolton in Criminal court on June 21.

Previously he had been in and out of court frequently, and at one time confessed 20 burglaries. He always pleaded for leniency on the ground that if he were found guilty he would be sent back to Nazi Germany—a fate, said he, he feared worse than jail. The charge in Boys' court yesterday was nol prossed.

Ohio Doctor Shot to Death While His Wife Looks On

Akron, O., July 5 (AP).—An unidentified man shot and killed Dr. Malcom B. Miller, 61 years old, in view of his wife in his office tonight. His wife, Ruby, 34, said a well dressed man with a trim mustache entered, fired four shots, and fled. A six shooter lay on the physician's desk when police arrived. They deduced he drew it to try to fire back. His wife advanced no motive for the slaying. Dr. Miller was a marksman and a pistol expert. Eight years ago he divorced his socially prominent wife and married his secretary.

KILLS WIFE AND HIMSELF.

Perry Lee Walker, 46 years old, colored, shot and killed his wife, Ugri May, 38, and then killed himself last night in their home at 367 East 53d street.

1,680 CIVILIANS POUR INTO CITY OF CMTC TENTS

Don Uniforms for 30 Days of Military Training.

(Pictures on back page.)

One thousand six hundred and eighty civilian soldiers swarmed into Fort Sheridan yesterday, and each exchanged his everyday identity for a uniform and a 30 day course in military fundamentals and self-reliance.

They came by train, bus, limousine, and jalopy. Some even thumbed their way from points in Wisconsin, Illinois, and Michigan for the opening of the Citizens' Military Training camp.

Peorian First to Check In.

First to check in was Adrian McGavic, 113 South Eleanor place, Peoria. His father, A. P. McGavic, was a world war veteran, and Adrian said he planned to be ready in case war comes to the United States.

The usual opening day banter swept thru the tent city home of the young soldiers, ranging in age from 17 to 24 years. But their commanders said that beneath this raillery this year ran a new alertness and spirit of determination.

"They're more on their toes this year," said Lieut. Col. William A. Carroll of the 341st infantry, reserve, in charge of the camp. "A bit more serious than usual."

All Oppose Fighting Abroad.

Interviews with the arrivals showed that they are impressed with the condition of the war worried world and the military needs of the United States. The camp mustered a consensus that "the United States should be prepared for anything, but we should do our fighting on the home grounds."

Kenneth Scoles, 19 years old, Neoga, Ill., who is a heel tacker in a Neoga shoe factory, said he wants a commission to help give the United States a competent armed force. Scoles is spending his fourth year at camp.

Collegian for Preparedness.

Albert E. Osborn, 19, of 1139 East 79th place, a fourth year candidate for commission and a student at Wilson Junior college in Chicago, said he wanted to join in a true preparedness program.

"But," he added, "we should keep our noses right here at home and do our fighting only in case of invasion."

Among the first year arrivals, Billy Pokowski, 18, of Hamtramck, Mich., said he wanted to learn about military affairs so he could help defend his country in case of invasion. Norman Glisker, 17, of 4840 North Sacramento avenue, said he wanted adventure and felt "the country needed men."

The candidates were examined for contagious diseases and inspected as to eye, ear, nose, throat, heart, lungs, and weight conditions. Only three of the first 700 examined were rejected by the physicians.

Following the examinations the men were given uniforms and assigned to companies of 200 each.

Among the equipment innovations this year was the issuing of oxfords and pith helmets for the young soldiers.

Idea Is to Develop Leaders.

The camp is divided into four courses: first year, or basic; second, or red; third, or white, and fourth, or blue. The first 1,169 to go thru the registration machinery were divided as follows: 585 basic, 351 second year; 139 third year, and 95 fourth year. At the end of his fourth year the student soldier is entitled to a reserve commission of second lieutenant, subject to completion of certain prescribed correspondence courses.

Col. John B. Johnson, regular army, commandant of summer training camps, stressed the fact that the fundamental idea of the camp is not to make soldiers.

"We strive to develop the qualities of leadership," he said, "the virtues of fair play, self-reliance, self-respect, respect for others and the rights of others, patriotism, and good citizenship. By means of the CMTC we endeavor to inculcate the habits of discipline and intelligent obedience in the American youth of today."

As reassurance to anxious mothers who have written on these subjects, Maj. Herbert H. Lewis, regular army, pointed out that both diet and spiritual needs of the camp are given attention.

"Maj. William R. MacKinnon, quartermaster corps, chief cook of the 6th corps area, has made a life study of scientific dietetics," said Lewis.

Religious Facilities Offered.

"As to the spiritual side, we have a Catholic priest and Protestant minister here each Sunday, and a rabbi visits each Friday. The boys are urged but not compelled to go to church."

Maj. MacKinnon operates the cook and bakery school at which all cooks in the 6th corps area are trained. A few of the items he found necessary to feed the campers for one day were: One thousand six hundred half pints of milk, 1,600 oranges, 450 pounds of sausage, 400 pounds of hot cakes, 800 pounds of bread, 1,200 pounds of chicken fricasee, and 2,000 ears of corn on the cob.

The camp will swing into regular routine today following the giving of the oath of allegiance by Col. Johnson. After this the first parade will be held. The young soldiers will receive drill instructions in the mornings during regular camp periods, as well as equitation and training in pistol and rifle markmanship.

Planned athletics will claim the campers' attention in the afternoons. Boxing, baseball, track, and field events are among the contests to be supervised by Capt. Douglas Monsson, camp athletic officer and former University of Illinois athlete.

Today the younger soldiers will be joined by 300 members of the business men's CMTC.

Three early arrivals bedded down in the business men's camp last night. They are Arthur Vaughn, 32, head of the Mechanix Universal Aviation company of Detroit, Mich.; John W. Collins, 42, superintendent of schools at New Baden, Ill., and Alkman Armstrong Jr., 27, a Detroit attorney.

He Thinks He's Pretty Good.

"I've enrolled so many CMTC students," Collins said, "that now that I've got the chance I'm going to see what I'm good for in army life. I still think I'm a pretty good man. I do not believe the public wants war, but if it comes, I'm ready to go anywhere they send me." Armstrong said merely that he wanted to be ready to aid in defense of the United States in case of war.

Among the older men expected to check in today are: Judge Philip L. Sullivan of the federal District court; Fred Kramer, president of the Metropolitan Housing council and the Chicago Mortgage Bankers' association; David B. Corbett, an executive of the Curtiss Candy company; Carter E. Hewitt, Peoria architect; L. Claude Dollahan, attorney; Charles Z. Henkle, second vice president of the Continental Illinois National Bank and Trust company, and State's Attorney William P. Roberts of Sangamon county.

These men will receive the basic training course, with more attention to attaining physical fitness.

Shipowners Sign; Avert Pacific Coast C.I.O. Strike

San Francisco, Cal., July 5 (AP).—A new work contract was signed tonight by the Marine Cooks and Stewards' union [C.I.O.] and the Pacific American Shipowners' association, ending 10 months of negotiations. The agreement averted a strike which would have tied up 60 per cent of Pacific coast shipping.

ARMY PREPARES NEW LIGHTNING WAR MANEUVERS

Camp Beauregard, La., July 5 (AP).—Preparations were started today for a second concentration of 70,000 soldiers in the Sabine river area of Louisiana and Texas for war games featuring modern warfare methods.

Almost all the entire regular army and national guard strength of Texas, Colorado, New Mexico, Arizona, Alabama, Florida, Georgia, Louisiana, Mississippi, Tennessee, and the Carolinas will engage in the maneuvers, lasting thru August.

Lieut. Gen. Stanley D. Embick, veteran of more than 40 years army experience, will command the August maneuvers, as he did those last May in which 70,000 regular army troops took part.

A different plan of attack and defense is expected to be used in the approaching practices, with troops utilizing as much as possible the lessons of lightning warfare in the European conflict.

Col. Edgerton Nominated as Panama Canal Governor

Washington, D. C., July 5 (AP).—Col. Glen E. Edgerton of the army engineering corps was nominated today to be governor of the Panama Canal, succeeding Brig. Gen. Clarence S. Ridley, resigned. Ridley's four year term expires Aug. 26. Edgerton is on duty at the Canal now as maintenance engineer, a post he has held for the last four years.

COUNTY EVOLVES BACK TAX PLAN, MAKES IT WORK

Delinquent Properties Again on Active Roll.

A special tax foreclosure plan started by Cook county officials 18 months ago is netting millions of dollars in back taxes and is putting hundreds of long delinquent properties back on the rolls of current taxpayers.

This was disclosed yesterday by Marshall V. Kearney, assistant state's attorney.

He said the plan has enabled the owners of the properties to settle their back tax obligations and reorganize their properties so they can pay their future tax bills on time.

The foreclosure sales have brought receipts of $4,175,358 on tax bills that have been piling up on 737 properties for 10 years or longer. This sum represents about 77 per cent of the back taxes that had accrued on the parcels, exclusive of penalties. The property owners, moreover, are now paying their current tax bills, totaling about $600,000 a year, Kearney said.

Other Sales Pending.

Kearney said similar foreclosure proceedings are pending on more than 600 additional parcels. He estimated that 3 or 4 million dollars due in back taxes will be realized from these sales, and that the property owners in the future will be paying $400,000 a year as current tax bills fall due. Further sales are expected, he said.

Under the plan, minimum bids for the delinquent properties are guaranteed to the state's attorney before he starts a foreclosure suit. These bids are nearly always made by the property owners themselves, altho any one may bid.

If a guaranteed bid appears too low in relation to back taxes and assessed value of the property, it is rejected. If the bid appears reasonable, the state's attorney recommends a court foreclosure sale. At the sale any other bidder may come in. If there is no other bidder, as is usually the case, the property is sold for the guaranteed bid price and the back tax obligation is wiped out by the payment.

How the Plan Works.

How the plan works may be illustrated by the case of the Southmoor hotel, 6646 South Stony Island avenue. This is one of the largest tax delinquencies settled by a guaranteed foreclosure bid.

Until this year the hotel had not paid its property taxes to Cook county since 1927, according to Milton C. Kuehn, president, and Robert S. Cushman, attorney. Its total back tax bill from 1928 thru 1938 was $310,711 plus accumulated penalties of $167,773—a total of $478,484. Its bonds have been in default since 1931, and the property has been in reorganization proceedings in the federal court.

Under the federal court trusteeship, however, the hotel was put on a sound operating basis and was ready by last year to get out of court hands, according to Kuehn. The hitch, however, was the $478,000 tax bill that could not be paid.

To meet this problem the hotel owners—the former bondholders—submitted to the state's attorney a guaranteed bid of $265,000, or 85 per cent of the back taxes due without penalties. This was accepted by the state's attorney. A foreclosure sale was held recently and no larger bid was submitted, so the property was "bid in" by the owners at the guaranteed price.

Borrow to Make Up Difference.

Before the sale the hotel was able to make arrangements for borrowing $235,000 in cash at 4½ per cent interest. This, together with $135,000 cash held by the hotel, was enough to pay the tax obligation and in addition $50,000 reorganization expenses, and leave $50,000 for working capital. Last May the hotel paid the first instalment on its 1939 tax bill of $33,000—the first payment made on time since 1928. Kuehn said the hotel expects to earn enough to pay taxes and a small return to owners.

By a similar process of making a guaranteed bid and borrowing sufficient cash, owners of the Lake Shore Athletic club bid in for $395,000 their property, on which $470,728 in taxes and more than $200,000 in penalties had piled up since 1928.

Most of the parcels bid in by this plan, however, have been small commercial properties owing an average of $7,000 in back taxes.

The program has been indorsed by many tax attorneys, the Chicago Association of Commerce, and the Chicago Bar association's subcommittee on tax delinquency.

Ciano, Italian Foreign Chief, Leaves for Berlin

ROME, July 5 (AP).—Count Galeazzo Ciano, the Italian foreign minister, left today for Berlin. It was announced that the visit was on invitation of the German government.

Lake Shipbuilders Ready to Help Navy

Shipbuilding facilities at principal ports on the Great Lakes are shown on the map. Builders are prepared to construct smaller units needed in naval expansion program, they said yesterday, thus relieving seaboard yards, which are swamped with orders.

LAKE SHIPYARDS READY TO BUILD NAVAL VESSELS

9 Major Yards Capable of Vast Output.

Every United States navy shipyard seethes with construction activity—battleships, destroyers, submarines. Private yards on the seaboards are swamped with orders.

In the nine major shipbuilding yards of the Great Lakes, however, there is no such activity. Only one big company is doing construction work of any consequence—and that for a private customer. Yet, according to a survey of these shipbuilders yesterday, all are ready to take the burden off the other yards of the nation by taking part in the naval expansion program.

Can Build Small Ships.

Because of the narrowness of the exits from these world's largest bodies of fresh water to the Atlantic ocean, the shipbuilders agree it would be useless to attempt the construction of any of the naval mastodons—the 800 foot destroyers, the massive aircraft carriers. They can engage, however, in an extensive program of building many types of smaller, yet indispensable naval craft.

If orders come in for such small craft as motor torpedo boats, gunboats, patrol vessels, fleet tugs, mine sweepers, coast guard cruising cutters, the shipbuilders of the lakes area are prepared to comply with speed and effectiveness, the survey showed.

The "big four" of these concerns are the American Shipbuilding company, the Great Lakes Engineering Works, the Manitowoc Ship Building company, and the Toledo Ship Building company.

One Has Five Yards.

The first of these companies has five yards. One is in Cleveland, O., with a building berth for a 750 foot vessel [equivalent to berths for three 250 foot boats]. Another is at Lorain, O., with two 735 foot and two 550 foot berths. In Chicago, at the Calumet river and 101st street, there are two dry docks more than 500 feet long and in Wisconsin, two docks 620 and 609 feet long. The latter can be used as shipbuilding ways or to keep vessels in repair. A fifth yard is in Buffalo, N. Y., with three dry docks, each more than 400 feet long.

The latest major jobs completed by this concern were in 1938 when it built two 8,240 ton freight carriers—the Gov. Miller and the William A. Irving. Both are 593 feet long with a 60 foot beam. Thus they can go from lake to lake, but are unable to squeeze thru to the ocean.

Chief Yard at River Rouge.

The Great Lakes company has its chief yard at River Rouge, Mich. There it has three building berths—each for an 800 foot ship. Two dry docks, one 626 feet long, another 162, supplement the berths. In the company's Ashtabula, O., yard there is one 800 foot building berth.

George B. Turnbull, vice president and general manager of this company, verified the fact that there has been a dearth of shipbuilding in the area in the last 20 years despite the millions invested in the industry.

"We and most of the other yards are ready to start building whatever is feasible for the government," he said. "It's obvious that we cannot construct huge battleships, but we can fill contracts for any manner of naval boats which can be taken out of the Great Lakes."

The Manitowoc company, on the upper shores of Lake Michigan, is the only one of the "Big Four" now engaged in a major construction job. This is a car ferry vessel, 387 feet long, being built for the Pere Marquette railroad. Its yards have facilities for building three 600 feet vessels simultaneously.

The Toledo company possesses three building berths, with capacities for vessels up to 650 feet in length. It also has two dry docks extending 560 and 690 feet.

In addition to these yards there are the De Foe company yards at Bay City, Wis.; the Sturgeon Bay [Wis.] Shipbuilding company; the Lake Erie Shipbuilding company, Buffalo, N. Y.; the Great Lakes Towing company at Cleveland; the Marine Iron and Shipbuilding company, Duluth, Minn., and numerous other small manufacturers. Some of them do repair work, others have no building berths. But all, in case of an emergency, could turn out small craft.

There are three routes from the lakes to the ocean—the Canadian and St. Lawrence canals, the Hudson river and Erie canal, and the Chicago-Mississippi-Gulf waterway.

Use Canadian Route to Sea.

Of these, the Canadian route, which carries most of the shipping, would permit passage of the larger vessels. All craft up to 265 feet and with a beam no wider than 44 feet would be sent thru this route.

Inasmuch as the types of smaller vessels which the Great Lakes shipbuilders might build range from 55 to 250 feet in length, the finished products would make use of this passageway. The Erie canal route is inferior because it has fixed bridges and permits passage only of vessels drawing 10 feet of water or less, and the Mississippi route is too precarious because of the constantly shifting river channel.

The Great Lakes can hold the largest vessels afloat, according to records of the American Bureau of Shipping. The largest ever built on the Great Lakes was the freight carrier Harry Colby, 615 feet long and with a 65 foot beam. This is almost 100 feet longer than the United States battleship Texas. The Harry Colby was constructed in 1927 for the Interlake Steamship company of Cleveland by the American Shipbuilding company at the Lorain, O., yards.

Ships Built for Last War.

One of the largest ships built for ocean service in the days of the last war was the Lake Chelan, a typical "three island" cargo vessel, so-called because the forecastle, poop, and bridge extended above the line of the deck. It was 251 feet long and 44 feet at the beam, and was used for hauling food supplies and other cargo.

In the 1917-'18 period, too, yacht yards and larger ship building centers were busy making such smaller naval craft as submarine chasers. The ship builders of today say they not only can repeat if given the orders, but can turn out all the other types of minor combat craft with just as much speed.

TEST YOUR HORSE SENSE

BY DR. GEORGE W. CRANE.

Here is the third instalment of my TEST FOR THE BOY FRIEND, based on confidential interviews with 1,187 young women who frankly listed the merits and demerits of their own sweethearts. Be sure to save all of these instalments in your scrapbook for future use. You will find that these psychological charts are real blueprints for happiness in marriage. They supplement your own experience with men by that of 1,187 other women. Subtract your DEMERIT total from the MERIT total to obtain your net score, and interpret it according to the norms below.

DEMERITS.	MERITS.
1. Indecisive. Can't make up his mind. Vacillates. [6]	1. Prompt for appointments, or, if detained, will telephone. [6]
2. Criticizes his girl friend in public. [30]	2. Is a steady worker or a good student. [30]
3. Has bad table manners. [6]	3. Surprises girl occasionally with candy, flowers, etc. [6]
4. Uses tobacco. [6]	4. Is a good dancer. [6]
5. Wears flashy clothes, as pink or purple shirts, loud ties, race track plaids, etc. [6]	5. Is romantic and affectionate. [6]
6. A chronic "projector" or buck-passer, always blaming others for his own faults or mistakes. [30]	6. True to one girl if engaged or going steadily with her. [30]
7. Excessively afraid of germs and disease. [6]	7. Polite and courteous to girl's relatives and friends. [6]
8. Seems ashamed of his parents or his race and avoids introducing girl to them. [6]	8. Has some musical ability, as in singing, playing a guitar, the piano, or even a mouth harp. [6]
9. A chronic gambler. Thinks he can "win" success instead of "earning" it. [30]	9. Encourages a girl to maintain her ideals, instead of trying to break them down. [30]
10. Is constantly teasing people or trying to be a practical joker. [6]	10. Is courageous and manly. Is well liked by other men. [6]

Score yourself as follows: 0-27, very poor; 28-43, poor; 44-61, average; 62-80, superior; 81 and up, very superior.

Carole Landis of Films Married in Las Vegas

(Picture on back page.)

Hollywood, Cal., July 5 (AP).—Carole Landis, blonde and 21, one of the movies' newest stars, eloped by airplane to Las Vegas last night, was married to Willis Hunt Jr., 28, yacht broker, and hurried back to begin a new picture today. Both said they had been divorced from previous mates in May, 1940. Miss Landis gave her true name as Frances Ridste Wheeler. Her first husband was Irving Wheeler, a writer.

PRESIDENT MAPS AIDS FOR PEACE AND DEMOCRACY

Presents 5 Point Program for Government.

BY WALTER TROHAN.

[Chicago Tribune Press Service.]

Hyde Park, N. Y., July 5.—Warning Americans to beware of the will o' the wisp of efficiency in dictator nations, President Roosevelt today laid down a five point program for world peace and good government.

At a press conference in the office of the $250,000 library which he deeded to the government yesterday, Mr. Roosevelt said that a considerable segment of Americans is so impressed by the temporary efficiency in the corporate state as developed by Italy and Germany that they are willing to compromise with totalitarianism.

Mr. Roosevelt would not say where this Trojan horse segment lies in the nation. He declared that its number is not large in relation to the whole population, but that it is none the less rather sizeable.

Outlines Five Essentials.

In striking back at dictator criticism of democracies for inefficiency, the President cautioned that any philosophical compromise with dictatorship can only endanger precious freedoms, which are the essence of democracy. These ideals, as developed in the United States, must form the basis of a sound and lasting peace, he said. He insisted that he has not yet lost hope for such a peace and listed the peace and good government essentials as follows:

1. Freedom of information.
2. Freedom of religion.
3. Freedom of expression.
4. Freedom from fear of attack.
5. Freedom from want.

Freedom of information, he said, is not only freedom of the press but freedom of all channels of information so that every one can learn what is going on in every section of the country and abroad. As he developed this concept he indicated that it might also be given as freedom from propaganda.

Looks to Disarmament.

On freedom from fear of attack Mr. Roosevelt said this would entail removal of the weapons which cause fear, or disarmament. As he spoke of disarmament as an ideal he was preparing to send to congress a 5 billion dollar supplemental defense bill, which would bring the total defense expansion program to about 10 billion dollars. He said he is still working on details of the supplemental program and hopes to send it to congress Monday.

In his lengthy discourse on the philosophy of dictatorship as against the philosophy of democracy the President said his objectives are still in a study stage and he has no intention of translating them into action at present because of the turbulent state of world affairs.

For this reason he declined to be specific about the composition of the group which he said appears to be interested in compromise with dictatorship because of the efficiency of that form of government. He declared that this efficiency is not lasting.

He maintained a democracy is not less efficient than a dictatorship but that a democracy by its very nature is subject to lags of delay. He cited the 20 year delay of the federal income tax caused by the necessity for a constitutional amendment.

100 Mothers, Children Go to Salvation Army Camp

Loaded down with suitcases, shopping bags, and a variety of makeshift luggage, a happy throng of nearly 100 women and children from the city's most crowded neighborhoods boarded a train in Grand Central station last night to go to Wonderland camp near Antioch. They were the first of five such groups that will be given 10 day outings by the Salvation Army.

MYSTERIOUS MEXICO!

WHAT IS THE RIDDLE OF ITS STRANGE PAST?

Whence came the first Mexicans? What great monuments have they left? Why did their civilizations vanish?

In tomorrow's Chicago Sunday Tribune, you will find the picture story of old Mexico as revealed in beautiful paintings by a modern Spanish artist. The human sacrifice, the building of huge cliff-side cities and temples, the colorful ceremonies of ancient Mexican peoples—these and other details of Mexico's mysterious past will be reproduced in natural color.

Don't miss this fascinating illustrated article in tomorrow's Color Graphic section.

HUNTING DOGS in natural color

Magnificent photos of blooded hunting dogs—foxhounds and three breeds of setters—will be reproduced in natural color as a special feature in tomorrow's Roto Picture section. Bob Becker, Tribune outdoors editor, will describe the dogs pictured in an article in tomorrow's Color Graphic section—Page 8.

★ **NEW WAR MAP OF THE BALKANS!** Page-size in full color, this map will show all of Rumania, Bulgaria and their environs with special emphasis upon Bukovina, Bessarabia, Dobruja and other hotspots in the week's war developments. Major cities, rivers, lakes, ports, elevations and sites of fortifications will all be indicated on this specially prepared war map which you will want to see and save for future reference. Don't miss it in tomorrow's Movies and Drama Section.

★ **"I DON'T MARRY TO ORDER!"** said the man—not knowing the girl overheard him! All was bitterness and hate until they found their destiny in "NO SURRENDER"—new serial by Katharine Newlin Burt starting in tomorrow's Fiction section.

WILLKIE HOLDS CONFERENCE ON CHAIRMANSHIP

May Complete Campaign Setup Today.

BY PHILIP KINSLEY.
[Chicago Tribune Press Service.]

New York, July 5. — Wendell L. Willkie, Republican nominee for President, spent today in conference with members of the subcommittee of the Republican national committee, which is empowered to name a chairman, pick a headquarters, and organize the campaign.

After an all afternoon session at the Waldorf-Astoria hotel, Willkie said that no decisions had been reached as to chairman or other members of his executive committee, and that the sessions would be continued tomorrow.

"I hope to announce the complete set-up of the campaign organization tomorrow," said the candidate this evening, "but it may not be until Monday."

He'll Confer with McNary.

On Monday morning Willkie will fly to Washington, D. C., for a conference with the vice presidential candidate, Senator Charles L. McNary, and a reception, probably in the evening, to the Republican members of the senate and house.

On next Tuesday, according to present plans, which, however, are subject to quick change, Willkie will start out by airplane for "somewhere in the west," where he will rest and prepare his acceptance speech.

The plan announced yesterday for an automobile trip to Rushville, Ind., and to Elwood, Ind., his birthplace, was suddenly abandoned today. He will not go to this section, he said, until his acceptance speech, about Aug. 1. He was making tentative arrangements during the day for a trip farther west.

Some Pick Hamilton.

Speculation in the anterooms of the conference today was that John Hamilton of Kansas would be reëlected chairman, that Samuel F. Pryor Jr. of Connecticut would be named personal campaign manager, and that Russell Davenport would be named the third member of the campaign triumvirate, in charge of independent organization.

There was no authority for this guess, however. Willkie said he had nearly decided on his campaign manager, which suggests that more than one man was in the picture. The second man, it was rumored, might be Joseph W. Martin Jr., minority leader of the house and chairman of the national convention. Martin came to New York today from Cape Cod and had dinner this evening with the Willkie family.

All Up to Nominee.

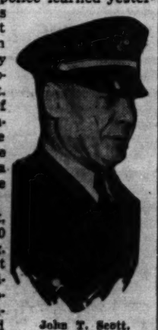
The national committee members here were reported by their chairman, Walter S. Hallinan of West Virginia, to be ready to do anything that Willkie wanted in the way of campaign organization. They were also willing to reëlect Hamilton and have him function under a manager selected by the candidate.

Willkie talked on the phone today with Gov. Harold E. Stassen of Minnesota and talked in person with Sinclair Weeks, national committeeman from Massachusetts, Davenport and Oren Root Jr. The latter two young men were the leaders in the nomination campaign. He also talked with Congressmen Charles A. Halleck and Frank Horton concerning his Washington visit.

Members of the national committee in session were William F. Knowland of California, Ezra R. Whitla of Idaho, Werner W. Schroeder of Illinois, Mrs. Grace B. Reynolds of Indiana, Harrison E. Spangler of Iowa, William Stern of North Dakota, Mrs. Worthington Scranton of Pennsylvania, Horton, Weeks, and Pryor. Henry Fletcher, former chairman, was present as committee counsel.

CITY WILL HAVE FIRST COLORED POLICE CAPTAIN

Lieut. John Thomas Scott of the Stanton avenue police learned yesterday that he is to be the first colored man in the city's history to become a police captain. Capt. George Lynch of the Austin station will retire Aug. 7 at the age of 63, leaving a vacancy in the department.



John T. Scott.

Lieut. Scott, who will be 60 years old on Aug. 28, heads the list of qualified officers for promotion to captaincies. He joined the police force in 1907 and was made a sergeant in 1919 and a lieutenant in 1927. He has received 18 creditable mentions and three extra compensations.

In his police career he has killed two bandits and wounded many others. Lieut. Scott was born in Houston, Tex., the 7th in a family of 12 children. He and his wife, Margaret, live at 6428 Evans avenue.

Niece, Nephew of British Rulers Guests of Morgan

(Picture on back page.)

New York, July 5 (AP).—A niece and a nephew of the queen of England and three of their cousins arrived from Montreal today to be guests for an indefinite period of J. P. Morgan, the financier. The children are Davina, 10, and Simon Bowes-Lyon, 8, children of the queen's brother, David Bowes-Lyon; and Francis, Anne, and Jeanne Nichols. Accompanied by Mrs. Spencer Clay, an English woman whose status was not disclosed, they reached Montreal last night in the second contingent of refugee children and came to New York by train.

Wedding Recalled

WILLKIE WARNS AGAINST EVILS OF RACE HATRED

Appeals for National Tolerance.

New York, July 5 [Special].—Wendell L. Willkie, Republican presidential nominee, in an interview published in the Saturday issue of The Day, a Jewish daily newspaper, characterized anti-Semitism as "a possible criminal movement" and held that any growth of such a movement would be a "calamity" for the United States.

Holding that he had clearly asserted his position against race hatred, bigotry, and Hitlerism "long before I even thought of being a presidential candidate," Willkie appealed for national tolerance and religious liberty in order to present a united front to the pressing present national problems.

"Liberty and Equality."

"I consider anti-Semitism in America as a possible criminal movement and every anti-Semite as a possible traitor to America—that America which has always symbolized liberty, equality, and brotherly love amongst its inhabitants," The Day interview quoted Willkie as declaring.

"If anti-Semitism should spread its roots in the United States as it has done in most of the countries of Europe, then it would definitely be a calamity for the United States. It would mean that the main foundations on which our country has been built are beginning to shake. There might even be fear that the principles for which our forefathers fought and bled are in actual danger.

"Shoulder to Shoulder."

"We in America must all stand shoulder to shoulder for tolerance and religious liberty. We must all of us work for the interest of our country. We must think only of what is important for the welfare of the United States.

"Those who are trying to bring to our shores from Hitler's Germany or from similar countries their race hatred, their hate of liberty and democracy—such people are not interested in the welfare of the United States but are serving the dictates of other countries."

MRS. ANNA WESSMAN DIES.

Pecatonica, Ill., July 5 [Special].—Mrs. Anna Wessman, 76 years old, a resident of Winnebago county for 56 years, died yesterday at the home of her daughter, Mrs. Eugene Anderson here. She was born in Sweden.

RUSHVILLE PROUD OF A SON-IN-LAW —NAMED WILLKIE

There He Won and Wed His Edith Wilk.

BY MARCIA WINN.
[Chicago Tribune Press Service.]

Rushville, Ind., July 5.—The main street of tranquil little Rushville has just been repaved, and shining new signs now are propped up in the store windows.

The signs say, "Welcome, visitors! Rushville's renowned son-in-law is a successful Rush county farmer. The only real estate he owns in the world is located right here."

The renowned son-in-law is Wendell Willkie, Republican nominee for president, and his real estate consists of 1,403 acres of rolling fertile farmland five miles west of here. He has bought it and divided it into five farms, a farm a year for the last five years, but the farms are by no means the only bit of Willkie-ana in which the people of Rushville take pride.

A Meeting in 1916.

For here, a monument of hand-baked old pink brick set back on a wide green lawn, is the house where Willkie, a gangling, serious young lawyer from Elwood, came in the fall of 1916 to be best man at the wedding of his friend, George DeHority. Here he met a blonde, plump maid of honor, Edith Wilk.

Diagonally across the street, nestled behind massive elms, is the big brown house where he came in Indiana's historic blizzard of January, 1918, a young world war lieutenant with frozen ears and a bonquet of frozen orchids, to marry Edith Wilk. Most of the wedding guests were snowbound 20 miles away, and those who finally arrived kept their overcoats on in the Wilk home, where the heat had failed.

Son-in-Law? No, a Son!

A few blocks away is the two story yellow frame house, engulfed in vines and rambler roses, where he stays when he comes to Rushville now, pursued by telephone by the business maelstrom he seeks to escape. This is the present home of his wife's mother, Mrs. Cora Wilk, now 78 and living alone with Lizzie, her colored maid, but Mrs. Wilk does not refer to him as her son-in-law.

"O, my!" she says. "He's my son! We're a family. Nobody could ever be any better to me."

As she recalls it now, she was unimpressed at her first sight of Willkie those 24 years ago. "He was quiet then," she says apologetically, "and not as handsome as he is now."

Consequently, she was incredulous to the point of laughter when Edith, then working in Rushville as assistant librarian, came home to say, "You'll be seeing a great deal of Wendell Willkie from now on."

"Not Much on Looks."

"He wasn't much on looks," Mrs. Wilk says now, "and Edith was a right popular girl. I thought he was a bright man. I did think that. I thought she had sense enough, too, to know what she wanted, but I just laughed at her."

"I guess," she adds, "she loved him from the first. There never was a doubt in her mind . . . never has been since.

"He came over a lot after that, and they talked a lot over the telephone. He didn't write letters. He doesn't yet. I don't imagine she has had half a dozen letters from him in her life."

At this point the Willkie proclivity for cutting away any intervening barbed wire to get what he wanted was demonstrated. Rushville was too far away from Elmwood. He wanted to see "Billy" Wilk, as she had been named at Indiana university, the name he still uses every day.

Strategy Turns the Trick.

In Elwood his family had influence. His father, Herman, was city attorney. His brother, Bob, was deputy prosecutor. His sister, Julia, was practicing law, and so was he. His mother, Henrietta, had been instrumental in building up the library. He had himself appointed to the library board.

"Then he got Edith over there as assistant librarian," Mrs. Wilk recalls with pride. "She only stayed three months, for her father [the late Philip Wilk, a contractor] liked to have her at home.

"When she resigned and came back home Wendell said: 'Well, Billy, why'd I get on the library board if you're going to leave?'"

"But it wasn't a war marriage," Mrs. Wilk says. "They had planned it already. The war just delayed it a bit."

Wed While on Leave.

Willkie enlisted in the army the day war was declared in April, 1917, and went to the officers' training camp at Fort Benjamin Harrison, near Indianapolis. He stayed there until August, emerging as an infantry lieutenant, and was sent to Camp Taylor, near Louisville, Ky. He was to come to Rushville on leave on Jan. 12, 1918, to be married.

"But the blizzard came," Mrs. Wilk tells the story again. "The train stalled south of Greensburg and Wendell walked on into it. He got another train to Shelbyville [about 20 miles from Rushville], and couldn't get out of there.

"I remember they were to be married on Saturday. We waited all Saturday and all Sunday and then he came on Monday. We were trying to live on natural gas. The gas ran out, and we froze.

Nearly Everything Frozen.

"When he came he was carrying the wedding bouquet. I think it had some orchids in it. I remember it had little streamers hanging to it. The streamers weren't frozen, but everything else was. Wendell's ears were frozen, too.

"Edith had on—what was it?" she asked, turning to a cousin, "white net over white satin? It had a veil, I know, and lovely lace around the neck. She was terribly cold, and they had to go all over town to find some one to perform the ceremony."

When Willkie went overseas his bride came home and worked again in the library. After the war he, too, settled in Rushville for a few months before going to Akron, O., to work in the legal department of the Firestone company. Soon, however, he became a member of the law firm of Mather, Nesbitt, and Willkie.

Holdout Method Works.

"They didn't want to give him his name in the firm name," Mrs. Wilk says, "but he held out for it."

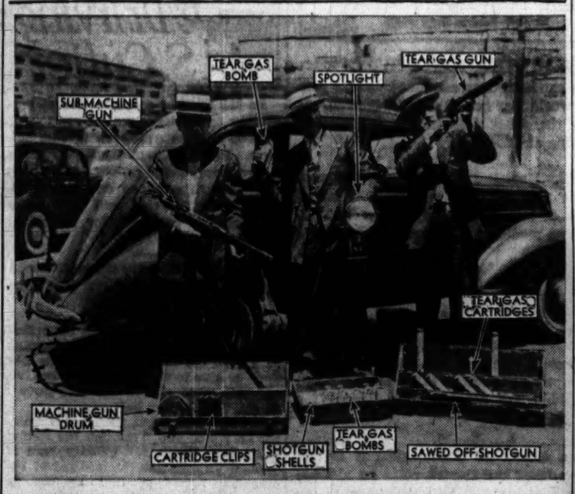
When the Commonwealth and Southern corporation first asked him to come to New York, Willkie demurred. He didn't want to go.

"He decided to set the salary so high they wouldn't take him," Mrs. Wilk says, "so he said $30,000. They took him anyway."

Mr. and Mrs. Willkie and their son, Philip, often come home here to rest. "But the telephone always rings," Mrs. Wilk complains. "I used to think I'd disconnect it, but I didn't."

Personally, she gets along beautifully with Rushville's renowned son-in-law. "I come back at him," she says triumphantly, "and he likes some one who does that."

Police Equipped to Fight Criminals



Detectives Lester Sprague (left), Joseph Hennessey (center), and John Payton pose with some of the equipment that squads use in combating crime. Use of this and other equipment will be demonstrated in the Chicago Police and Fire Thrill show at Soldiers' field July 14.

[TRIBUNE Photos.]

Detective Payton looks thru bulletproof window of a shield. The bottom and top sections telescope so that shield is half length when carried.

SEVEN ALIMONY PRISONERS FREED BY JUDGE NELSON

Seven men serving six month sentences in the county jail for nonpayment of alimony were released yesterday by Judge Oscar F. Nelson in Superior court upon the promise that they would endeavor to pay up on arrearages.

Twelve of 16 who were called before Judge Rudolph F. Desort on Wednesday were given their freedom with the same understanding. Of the four whom Judge Desort sent back to "alimony row" three were old offenders whom the court decided were unworthy of leniency, and the fourth went back at his own request.

Releasing the alimony row prisoners at the end of the court year in midsummer and at Christmas has become customary in the courts. Judge Cornelius J. Harrington of the Circuit court, however, abandoned the custom this season after studying the cases of 26 men whom he committed to jail. Most of them, he said, were habitues of the row who worked the periodic releases as a racket.

ARMORED POLICE TO FIGHT BANDITS AT THRILL SHOW

Will Display Methods of 1940.

BY WILLIAM MOORE.

Hard riding bandits of the old west may make their getaway in the dramatization of a train holdup at the third annual Chicago Police and Fire Thrill show in Soldiers' field July 14. But the outlaws who commit a 1940 robbery immediately afterward will find the law better prepared to pick up their trail and give them battle.

The modern day robbers will have to contend with the two-way radio blockade which will be established by the park police under Chief Roger F. Shanahan and the city detectives under their chief, John L. Sullivan.

Armor for Modern Battle.

The police will have bullet proof vests, great metal shields with bullet-proof windows and portholes thru which the pursuers may fire, machine guns, tear gas guns and tear gas bombs.

Detective squads with such equipment from Chicago's streets night and day, always on the alert for major crimes and always in radio communication with their headquarters. They work with the squads and details of the district police stations.

The detective squads are commanded by Walter Storms, deputy chief of detectives, with the assistance of Lieut. Andrew Aitken and Sergts. James Fitzgerald and Joseph Haksa.

Take Lives in Hands.

The squads take their lives in their hands every time they leave their headquarters. But no less thrilling, no less fascinating is the work of the detectives who remain at the headquarters, the Central Police and Courts building at 1121 South State street.

Here is the detective bureau of identification, directed by Inspector Emmett Evans, son of the pioneer who established the bureau in 1884, the late Inspector Michael P. Evans. The files contain records and pictures of criminals concerning whom inquiries are received from all parts of the world. Fingerprints are the principal means of identification now, but old time criminals can still be identified from Evans' voluminous records of Bertillon measurements, famed in many a detective story.

Phelan Heads Robbery Detail.

Lieut. Kyran Phelan directs the detective bureau's robbery detail, which investigates holdups. Lieut. Otto Erlanson heads the homicide detail, which investigates murders. Lieut. Make Mills is in charge of the industrial squad.

The men who are responsible for stamping out the theft of autos are commanded by Capt. George Teeling, and the missing persons division, which located or returned 97 per cent of the 3,844 Chicagoans who disappeared last year, by Lieut. Joseph Starshak. The Scotland Yard, or intelligence unit, is in charge of Capt. Michael Naughton.

There are 360 men on the detective bureau rolls. They constitute one of the largest groups of approximately 1,500 policemen—one-fourth of the city's force—quartered in the Central building.

Children's Bonfire Starts $3,000 Warehouse Blaze

Damage of $3,000 resulted yesterday when a bonfire started by children spread to a warehouse of the Culver Roofing company, 610 West 119th street. Firemen under Chief Thomas J. Cannaven of the 17th battalion fought the fire two hours before bringing it under control.

BRIDEWELL TO BE SUMMER CAMP OF WILLIE BIOFF

Willie Bioff, boss of the Hollywood movie unions, will have to spend the rest of the summer in the Bridewell which he entered on April 15 to serve a six month sentence for pandering which was imposed originally in 1922. Bioff lost his latest appeal for freedom yesterday.

Chief Justice John Prystalski of the Criminal court dismissed a petition for a writ of habeas corpus, filed by Attorney Walker Butler. The petition alleged that the information on which the pandering charge was lodged did not state a crime. Judge Prystalski agreed with Assistant State's Attorney James Cunningham that it did.

Bioff served only eight days of his sentence in 1922 before gaining his freedom pending an appeal. The old conviction was recently discovered, revived, and reinstated. With time off for good behavior, and deducting the eight days served originally, Bioff is due to be released on Sept. 20.

DISTRIBUTION NOW GOING ON!

BEETHOVEN'S
SYMPHONY NO. 8 IN F MAJOR
3 Double-Faced 12-Inch Records—6 Recordings

DISTRIBUTION HEADQUARTERS:
65 EAST LAKE STREET
14 NORTH FRANKLIN STREET

TODAY, Saturday, July 6th, you can get Beethoven's immortal Symphony No. 8 in F Major, the tenth of twelve symphonic recordings available under this Chicago Music Appreciation Offer. This symphony is typical of the great master's forthright manner of composition; a fine example of Beethoven's rugged directness and heroic spirit . . . a masterful work combining bold and vigorous themes.

You get this composition complete for $1.69 in 3 double-faced 12-inch records. You would pay six dollars for this same composition, recorded by the same orchestra under the direction of the same conductor, with the names of the orchestra and conductor on the records. Distribution continues today and all of next week, and as long as the supply lasts.

NOW AVAILABLE
At Distribution Headquarter's

SCHUBERT'S
Symphony No. 8 in B Minor

An Electric
ATTACHMENT
For Your Radio

Realizing that many families have no means of playing records, an electric record-playing attachment has been provided by the manufacturers at bare cost of production. This record-player, attached to your radio, enables you to play all sizes of records through the loudspeaker of your radio. The attachment is completely electric, needs no winding and operates on AC current. No similar instrument has ever been offered before at so small a cost.

HOW THIS GREAT MOVEMENT WAS ACCOMPLISHED

You get the opportunity to take twelve of the world's greatest musical masterpieces into your home at an almost incredibly small price due to the following achievements:

(1) Some of the world's greatest orchestras and conductors waived their royalties.

(2) America's foremost music manufacturer reduced charges and profits to what that organization considers the barest practical operating minimum.

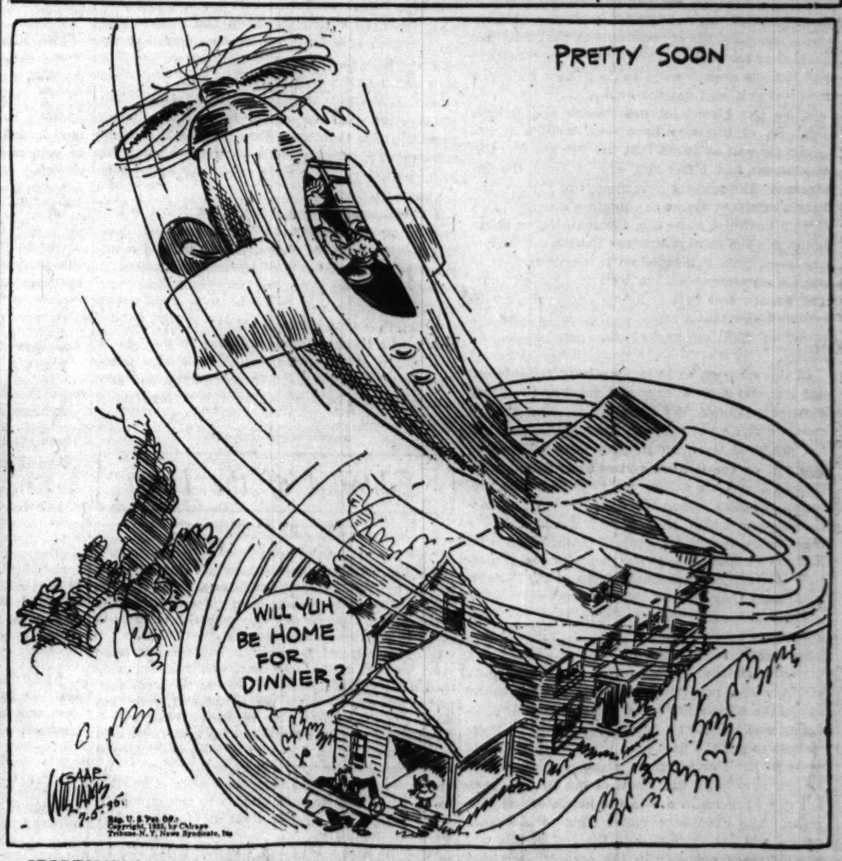
(3) America's foremost newspaper promotion organization, the Publishers Service Company, organized and conducted the campaign for many of the nation's most prominent newspapers and music societies.

(4) In Chicago, Publishers Service is conducting the campaign in behalf of the Chicago Society for Music Education, a non-profit organization which will receive the sums from the sale of the records, and, after payment of all charges, will distribute the remainder among the four co-operating Chicago musical organizations, the Chicago Symphony Orchestra, the Chicago Opera, Ravinia Festival, and Chicago Women's Orchestral Association.

(5) One symphony or symphonic masterpiece is distributed on Friday of each week. Distribution of each symphony continues throughout the campaign as long as the supply lasts.

SOMETHING OUGHT TO BE DONE ABOUT THIS

Reprinted from The Tribune's collection of Gaar Williams cartoons



SPORTSMEN! 25 selected cartoons by Gaar Williams on hunting and fishing subjects, each printed separately on fine paper suitable for framing, have been gathered into an attractive, loose leaf portfolio with a foreword by John T. McCutcheon. On sale at the Tribune Public Service Offices, 1 South Dearborn street, and in Tribune Tower, 435 N. Michigan avenue. Price, 25 cents; by postpaid mail, 32 cents.

More vacation for the money

On vacation, as at other times, you can get more enjoyment by doing what you want to do. Your next vacation can be tailored to fit your requirements if you will plan it in advance. THIS STRANGE NEW TRAFALGAR.

Apparently anything can happen in this war and probably will. The British and French, who opened the month of June side by side trying to stop the German rush thru Belgium, opened the month of July in the greatest naval fight of the war with their guns turned against each other's ships. The French Mediterranean fleet did not meet the Italians in battle but has been captured or destroyed by its recent British ally.

If the French naval command was determined to comply with the terms of the armistice and put the ships in German and Italian hands, the British government had no alternative to the measures taken. The terms Mr. Churchill offered the French admirals were the only terms he could offer. That the prime minister was truly affected by the news he had to relate to parliament and the world there should be no doubt. Altho there has been a great deal of bitterness—and it is increasing—in the relations of the British and the French, there could hardly be anything but regret that an alliance of sea fighters had to end with the victory of one fleet over the other.

A nation at war has to be realistic and cannot afford to refrain from an act demanded by its necessities when its life is at stake. Germany's invasion of neutral countries was dictated to it by the prompting of its own security. England had to take over or destroy the French navy; otherwise it would have been surrendered intact to the enemy which, in time, would have found a way to use it. Presently the combined Italian, French, and German warships could have been used against the island which is now the defense of the British empire. From the incident we can learn that in war our rights, like any nation's rights, will be recognized and respected only insofar as we can protect them.

Mr. Churchill had some understanding with the French but not with the government which came into being to make the surrender and which insisted upon fulfilling the terms imposed upon it as the price of getting out of the war. The British at first hoped that the French colonies would continue in the war altho the mother country had submitted to the Germans. If the colonial administrations fought on there was hope that the French fleet would continue to fight with the British. When the colonial surrender came, last week, the British had to act or by not acting to increase their danger, which already was very great. It was inconceivable that they would permit any French warship to fall into the enemy's hands if they could detain or destroy it.

The ships in British ports were taken over or put under control without much incident. The story of the sea fight at Oran still lacks details, but most of the French ships were demolished at the first salvo. It was all over, apparently, in 10 minutes, except for the one battle cruiser whose daring and skilful commander got away. Nearly every commentator at once caught the Trafalgar parallel and wondered whether the Nazi Napoleon had lost his chance when again he lost a French fleet, altho it was not his own.

When the history of the French and British relations of this war have been written it undoubtedly will be found that the alliance was full of distrust and bitterness, almost from the beginning. The present government of France, the Petain ministry, seems to contain a concentration of this hostility, altho Mr. Churchill is no doubt truthful when he says that the British expeditionary force, even if insufficient in numbers, was in precise agreement with a well understood plan. The French feel that Britain's efforts were self-centered and that France was made to bear the brunt of fighting beyond the measure of its ability.

In this alliance, as in many others, self-interest and national necessities pulled apart and military disaster hastened the dissolution. The French people didn't want the war, their authorities had not prepared them for it, they were inclined to blame it on the British, and as their miseries increased they were willing to follow men who preferred the Nazi rule to the demoralization of continued war which they feared would bring a proletarian revolution against them. Men who favored an autocratic government for the protection of their class probably disliked the British more than they did the Germans.

Altho the armistice stipulated that the fleet should not be used against Great Britain, the men who signed for France may have had as few illusions as the British. The same reasoning which made neutrality a moral fiction would sweep the stipulation out of the way when opportunity was in Hitler's hands. He would no more scruple to use the fleet than the British would to destroy it. Furthermore, altho the future of France may be in the hands of the British, present day Frenchmen are in the hands of the Germans. The conditions under which the French people will live from now to the end of this war will be made not only in the occupied territory but wherever the Germans please, by the Nazi policeman and secret agent. France will be ruled not only by the military tribunals but by Herr Himmler's police and Schutzstafel. If the French admiralty had refused to submit to what Petain had pledged and had refused in spite of his apparent attempts to compel obedience, the armistice agreement would have been violated and France would have been at what can be called the mercy of the most brutal and repressive outfit Europe has ever known.

Frenchmen on the ships may have been the victims of the most acute human emotions. In their response to the questions of the dilemma they show that they were divided. Should they protect not only their own families but France itself by submission or should they make the final sacrifice of defiance? Some have chosen to submit and some to fight.

Great Britain is now the stronger because in a battle which must cross the sea it has the potential of the added ships. They are good within the limitation of their present supplies for at least one grand engagement and in time they may become for the duration of the war component parts of the British navy.

Churchill did at Oran what Nelson did at Copenhagen. Like Nelson he may have saved the empire.

MISS GOTHAM.

It has often been said that London is a man's town and Paris a woman's. There is as much truth in the observation as there can be in such sweeping generalizations. The Englishman is certainly as a rule a smarter creature than his wife; the finest shops in London are men's shops; and in restaurants and clubs, as well as in domestic arrangements, the male gets all the breaks. In Paris the smarter shops cater to women and, indeed, the charm of Paris is feminine. Men's styles come from London; women's from Paris.

Nobody knows what will become of Paris in the years ahead. If the German victory is to be a lasting one, Paris may decline from its position as a great world city to that of a provincial capital. Vienna—another essentially feminine town—is already started on that course. Maybe the day is coming when Paris will no longer be able to command the services of the artists and artisans who have done so much to appeal to women's tastes; and maybe, even if the skill remains, those who possess it will be deprived of the materials with which to work.

If that happens, it seems probable that New York will become the feminine capital of the world. New York, like Paris, is built for women. Its charm is feminine, as might be expected in a city where women's whims and notions play so large a part in the life of the town. Among New York's largest industries is the manufacture of women's clothing. New York has much of the surface smartness of Paris and, tho it lacks the long tradition, the authority, and the cultivated taste of Paris, New York is still the best bet for the succession.

The New York of "Life with Father" was a man's town, much like London, but that phase belongs to the past. New York today takes its leadership from its women, including notably the Park avenue dowagers, and draws much of its inspiration from the Broadway stage, which is feminine in appeal. Incidentally, the success of "Life with Father" derived in no small degree from the picture it presented of a quaint period in New York's life when women didn't get their way as a matter of course.

The literary set in New York is almost as womanish as the stage. It is true that more men than women are to be found among its authors, editors, and columnists, but that doesn't seem to make much difference. The quality of most of the product is feminine.

LABOR AND THE FARMERS.

The fiction that farmers and organized labor have an identity of interests and that both are opposed to the success of business and capital is as wrong as it is persistent.

This has finally become apparent to the radicals of Wisconsin who sought to promote discontent among agriculturists and workers and to coördinate them into a political union which they designated the Farmer-Labor Progressive Federation.

Now, after four years, the federation in convention has voted to abandon the words Farmer-Labor and to call themselves the Progressive Party Federation. The published reason given was the wish to acquire a less cumbersome name but the action generally was interpreted as a confession that neither farmers nor employed workers chose to unite themselves under the lure of the party name. The federation failed conspicuously to enlist members in considerable numbers from either group.

The failure is additional proof that neither farmer nor worker is inherently radical in his thinking. That their interests are not identical was shown in Wisconsin when the owners and contributors of a large coöperative creamery assembled with their pitchforks to defy an attempt of a union business agent to organize their employés. The contrast again was emphasized when the spinach growers of the lake shore district plowed under their new crop because the union workers at a cannery chose to strike during the brief period when spinach was ripe and ready for canning.

The farmers and workers did not join the federation and, speakers at the convention said, white collar workers were frightened from membership by the class significance of the name.

Farmers are employers of labor, including their own. The failure of the Wisconsin experiment is proof that that labor would rather go contentedly about its work than organize to tear down the source of its employment. It is also proof that both classes refused to be chumps and provide a political background for the professionally discontented.

Editorial of the Day

ENLIST THE ENGINEERS.

[Tulsa Tribune.]

If Hitler has shown anything, he has shown us that war is a battle of engineers. Long before we are ready for battle in modern form our engineers must blueprint our weapons and our industries must be in shape to put these blueprints into metallic form.

Courage unarmed is tragedy. For the last seven years we have had a President who has not only wasted the people's money but he has harassed, hampered, and slowed down the engineering operations which alone can produce the weapons of war.

In a world made helpless before the brutal onslaught of efficient engineers, supported by adequate industrial operations, America must prepare to defend itself. We seek no war. We must assume the burden of no other nation's war, but we must prepare to defend our liberties against the possible invasion of skilled engineers and industries.

We must have a President who will swing into action the efficiencies of all our highly skilled engineers in the cause of national defense and we must have a President who knows the worth of a dollar and will quit wasting the people's substance while our defense forces and weapons depreciate.

A LINE O' TYPE OR TWO

Hew to the Line, let the quips fall where they may. Reg. U.S. Pat. Office

THE BITTER NECESSITY.

The naval battle at Oran reminded us of a play of the first world war period called "Moloch." It ended with the allies [nationality not stated] fighting among themselves.

* * *

"Moloch," by Beulah Marie Dix, was the most nerve-racking play we have ever seen. It lasted only a week or two at Powers' theater in 1915, because it was medicine too strong for pleasure seekers.

* * *

The affair at Oran probably has no parallel in naval history, but it recalls the battle of Copenhagen [1801] in the Napoleonic wars, when a British fleet destroyed the fleet of neutral Denmark because of strategic necessity. That was when Nelson put his telescope to his blind eye and said he couldn't see his admiral's signals for withdrawal from action.

* * *

Before the attack at Copenhagen, a British ambassador offered the Danish ruler an alliance on condition that his fleet be turned over to the English for the duration of the struggle with Napoleon. The offer was promptly rejected.

When George III. heard his ambassador's report, he congratulated him on the fact that the interview took place on the ground floor of the palace. "Otherwise," he said, "if the Dane had half my spirit he would have kicked you downstairs."

NEW ENGLAND TOUR.

(Chauffeured by the gasoline generation.)

M' lad, behaud yon state hoose dome,
Which glisters in the sun;
That was the universe's hub
Tae Holmes an' Emerson.
"Och, dad, these crooked, narrow streets
Oot west wad nae be lawfu';
'Tis nae a place tae drive a car;
The traffic's simply awfu'."
Noo, north tae Salem let's proceed;
Here's where the witches burned.
"She's actin' fine; did ye see hoo
That last corner she turned?"
An' here is Gloucester, son; nae doot
Ye've read "Captains Courageous"?
"This is a narrow richt o' way;
The pavement is outrageous."
Next, where the embattled farmers' shots
Resoonded in the air;
That was a gallant day—crash! boom!
"Lucky we had a spare."
Then sooth tae Plymouth let us turn
Tae view the sacred rock.
"If we hit that at saxty-five
'Twad be an awfu' sock."
An' here is Little Rhody, scene
O' mony a famous day.
"In this wee state we'll hae tae slack,
Or run intae the bay."
Connecticut, where mony a fecht
For freedom weel was fought!
Jonathan Edwards, great divine,
Yince dwelt richt near this spot.
An' here brave Nathan Hale laid doon
The only life he had—
"Nice goin', noo, the roads ye ken
Thru here are nae sae bad."

New England, soul o' oor great land,
Wha basks in heaven's smiles!
"For every gallon that we bought
We got fou nineteen miles."

M'Tavish.

We'll Tell the World.

Look, World! We think a lot of our Uncle Sam. To us he is everything that is fine in America. He is endowed with all the graciousness of a southern colonel, the moral fiber of a New England Yankee, the leathery toughness of a westerner, and the hard headed logic of the middle westerner. His heart is the heart of the whole nation and you, World, have often known what a generous heart it is, even when its compassion has been repaid with unrelenting rancor. We're proud of our Uncle Sam and a rich uncle he is. Rich enough to carry on any manner of campaign on a large scale. He is slow to anger but once aroused may be difficult to stop. Look, World! Tread lightly. Ward Monte.

The Farmer Goes Round and Around.

The idea of circular fields, as popularized by the round farmer, Frank W. Andrew of Palmyra, Ill. [TRIBUNE, July 1], is not in itself new. The Spanish hacienda of olden times was a circle of land leased by the king to a family. It could not be sold in fee simple without the consent of the reigning monarch. The hacienda was about six miles in diameter.

"A real lengua" was also a circular piece of land, sold by the king in quitclaim. In both of these systems the king retained full ownership of the parings of the circles, thus making himself everybody's neighbor. S. Nosakcid.

WAR, CLASSIC STYLE.

Tomorrow tho the battle start once more
We shall have rested, loved and laughed again.
Rejoice that sullen, by his tented door,
Achilles sulks while Greeks persuade in vain.

These are the sweetest hours when, unafraid
And thoughtless of the combat to be won
(Or lost), Troy watches Paris with his maid
And Hector playing with his little son.

Jean Cameron.

I understand German parachutists are being taught English to help them when they land in England. Heaven help them if they land in Wales and have to try their gutturals on the Welsh place names. Tabarin.

As an ardent philatelist I am anxiously awaiting the issuance of Mr. Farley's postage stamp commemorating the opening of the Republican national convention in Philadelphia.

The Needler.

Peace makes riches; riches make insolence; insolence brings war; war brings poverty; poverty makes humility; and humility again makes peace.
Ancient German proverb [via M. C.].

Perhaps Sonja Henie's marriage will deprive her of that Swedish accent. Anyway, when asked how she is feeling, she is likely to say, "Perfectly topping." CHARLES COLLINS.

How to Keep Well By Dr. Irving S. Cutter

To the limit of space, questions pertaining to hygiene and prevention of disease will be answered in this column. Personal replies will be made to inquiries, under proper limitations, when return stamped envelope is inclosed. Dr. Cutter will not make diagnoses or prescribe for individual diseases.

HIKERS: BEWARE OF POISON IVY.

SOME of these days we hope that every one who is fond of tramping thru the brush and the fields will be able to recognize poison ivy. At any rate when we see "leaflets three" we can "leave them be."

As most of us know, the plant is really not an ivy at all. Tradition has it that Capt. John Smith, the military hero of colonial Virginia and the husband of Pocahontas, named it thus because he thought it resembled English ivy. It belongs to the genus rhus which includes the sumacs and 20 species at least are known to cause dermatitis. The ordinary woodbine and Virginia creeper exhibit five leaflets.

Those who delight in walking excursions along the countryside are possible victims. While some may be less seriously affected than others, only long contact with this annoying weed will bring immunity. For most of us, however, the reaction is marked. The victim may manifest not only intense inflammation of the skin with blisters and a severe rash but extensive swelling. In fact the ensuing illness is far from funny. Furthermore, the poison may be spread easily. If first confined to the hands, it may be carried to the face and other parts of the body, as a minute quantity only is necessary to bring on symptoms.

Unfortunately susceptibility in one season means that there may be an increased tendency to trouble a year later. Some will become so sensitive that fondling the family pup after he has enjoyed a run thru the shrubbery may be followed by a full blown case. The irritant may be brushed from the dog's hair, contaminate the hands and thence be disseminated elsewhere. Animals themselves, however, are afflicted rarely, and cattle and sheep can eat the pest with impunity.

There will be thousands of cases in the next few months and many will profit by prompt treatment. A remedy of real value is strong soap and water. The average toilet bar is quite too mild and a heavy yellow laundry brand is recommended. Subsequent to a thoro scrubbing of all exposed surfaces, sponging with alcohol—if carried out within two or three hours after contact—will save much discomfort.

If the lesions persist, oil or greasy ointments should never be applied, as the toxin is soluble in fatty materials and will thus be conveyed to the other localities. The best plan lies in the use of packs of boric acid solution or weak potassium permanganate. Chloride of iron is considered an antidote, but this preparation may stain the skin permanently. In other words, brownish areas caused by this metal may remain for a long time. This is particularly annoying when the patches are on the face.

The question of a preventive or vaccine has been given much attention and several methods have been suggested. Poison ivy leaves may be gathered, dried, and extracted with alcohol. This solution may be diluted as desired and the skin tested for sensitivity. The procedure thereafter is the same as that employed for hay fever and, if the dermal reaction is positive, injections of minute doses are advised.

During warm weather should any form of eczema appear poison ivy must be thought of first of all. With a history that the individual has been pulling weeds or roaming thru the woods we may be reasonably certain that the true difficulty has been discovered. For prevention, hikers may wear cotton gloves and high boots or leggings and exercise discretion about touching the face.

Second sieges may develop, as the toxin may remain in the clothing for quite some time. One of the most distressing cases in my experience was that of a young farmer who suffered an attack in June and again in September. The shoes and trousers which he had worn on the first occasion had been put away—only to be resurrected and again donned later in the summer. The hands, face, and groin were involved and his second bout was greatly prolonged.

[On receipt of a stamped, addressed envelope a descriptive folder will be mailed to you.]

ON AN EVEN KEEL.

B. J. writes: Should a person with edema sleep with the head lower than the feet?

REPLY.

Not advised. Puffy eyelids and face may result. If you are "on the level"—with no pillow—the heart will have less work to do.

GRAY SPUTUM.

Mrs. V. B. T. writes: Does a gray colored sputum mean there is a tubercular condition in the lungs?

REPLY.

Not at all. It indicates that you have been inhaling a fair amount of dust. Nearly every city dweller is thus afflicted.

SKIN TAGS.

J. A. D. writes: What causes skin tags? What effect do they have on a person? Is an operation advisable?

REPLY.

Tags of skin may form about the outlet of the rectum. They are associated with a stagnant circulation in this area. Removal is advised should they give trouble.

TIRED EYES.

C. C. C. writes: Is a boric acid eye wash good for tired eyes that seem to pinch?

REPLY.

Helpful. Don't try a split toothpick to keep them open.

Test Your Facts

Below each of the following questions are listed three answers. Make your choice, turn to page 22 in the Want Ad section for the correct answers, and mark your score:

1. By what other name was Lord Beaconsfield known?
[a] Richelieu; [b] Disraeli; [c] William Pitt.

2. Which of the United States has the greatest water area?
[a] California; [b] Minnesota; [c] Michigan.

3. Where is the command and general staff school of the United States army?
[a] Fort Leavenworth, Kas.; [b] Fort Benning, Ga.; [c] Washington, D. C.

4. Approximately how many stars are visible to the unaided eye of a person of average sight?
[a] 7,000; [b] 20,000; [c] 80,000.

THAT GOOD RIGHT ARM STILL PACKS A WALLOP

Copyright, 1940, by The Chicago Tribune.

VOICE OF THE PEOPLE

Writers should confine themselves to 200 or 300 words. Give full names and addresses. No manuscripts can be returned. Address Voice of the People, THE TRIBUNE.

AN APPEAL FOR BEAUTY.

Ellison Bay, Wis., July 4.—The city of Evanston with its beautiful elms has been held up as an example of civic attractiveness by many small cities, particularly thru the middle west. The Evanston associates, an organization attempting to insure for the future a beautiful town, has proposed a program to the voters which has as its objective the unification of the city under one park district.

That there should be Evanstonians opposed to a normal development of parks and gardens in their fair city is a great disappointment to me. One rather expects in a town like Evanston, which prides itself on its learning, a fine community life in the front ranks of American cities. That there should be opposition to a profusion of the living green entwined with its buildings at a time when our whole boasted civilization is on trial, when forward looking men and women of our country feel that a return to the soil to understand its profound and fundamental message to us is most vital for a healthy growth for the American of tomorrow, seems to me reactionary and dangerous.

Parks and gardens bring health and beauty and vitality for the imagination to play with. This is fundamental to all cultural growth. An ignorance of this is to dwarf the mind of city folks to subserviency. Every school should be surrounded with trees and flowers, for beauty must go hand in hand with play for a normal development of spirit and body. Numerous open squares should be scattered thruout the city—gardens in a way—where flowers take precedence; the canal banks should be created into a park for pleasure walking and for rest. No street or parkway should be without its trees. These recommendations apply to the American city of tomorrow.

JENS JENSON.

AT THE WATER HOLE.

Chicago, July 3.—Recently while going thru the Field museum looking at the collection of art and natural history, I was profoundly impressed with the reproduction of a scene of jungle animals at a water hole. Explorers secrete themselves near these holes to study the behavior and mannerism of these so-called lower animals. Since it is not possible for us all to journey to these far-off places we can visit the museum and learn from the lower animals the respect of others' rights; also a lesson in tolerance.

It is wonderful to see animals that regard each other as common enemies gathered around the only place where their thirst can be alleviated.

There are men in Europe today that could profit by the manners of animals, and it might be well for us to take stock as to how we stand regarding respect of one another's rights. G. WILKERSON.

KELLY AT NAZI PICNIC.

Chicago, July 4.—On June 30 there was a picnic in Riverview park at which Mayor Kelly was an official guest. Now there is no objection to a social gathering at which people express their views. But when at such a gathering the Nazi swastika is displayed, the Nazi salute given, and the German consul mentions the "Fuehrer," and says that "Germans believe in the sharp steel of the German army," it does not seem fitting that the mayor should be there. M. WALLER.

Chicago, July 3.—This beats all, when a mayor of an American city like Chicago has the nerve to attend a bund picnic and then to have that rag of a Nazi flag stand near our own Stars and Stripes.

J. SIMS.

ABOUT MOTHER DUCHESNE.

Chicago, July 4.—As one of a family of seven sisters who all attended the Sacred Heart convent in Chicago and as a sister of a religieuse in that community, I want to thank you and Miss Herma Clark for that delightful notice about Mother Duchesne which was published in "When Chicago Was Young" last Sunday.

NUELA DONIAT.

REPLY TO GUARDSMAN'S WIFE.

Downers Grove, Ill., July 3.—"National Guardsman's Wife" wants to know who is to support the family of a man holding a good job in case he is drafted—who is to keep up payments on the home, etc.

Well, there are millions in this country who can give her tips on just such. For instance, she might ask survivors of the world war or any of the 10 million unemployed easily available of contact. Thousands of the latter gave up their homes, placed their families on inadequate relief stations, took their children out of school, and have lived in hell for the last 10 years—and they were not drafted, either.

It may be that the government will provide for Guardsman's Wife, but obviously she "ain't seen nothin' yet."

D. M.

RECALLS WILLKIE'S SCHOOL DAYS.

Wheatfield, Ind., July 4.—Reading the stories by Marcia Winn about memories of the boyhood of Wendell Willkie, my mind goes back to that 1909 junior-senior banquet at the Kramer hotel where he was toastmaster as I was a member of the senior class.

I recall Wendell's mother as a kindly woman who was a Republican, and his father a Democrat. This called forth many debates. Wendell, despite all his pranks, was honest about his part in them and he was at the head of his class.

If I don't get back to visit in Elwood this summer my heart is there and all my good wishes. MRS. M. F. PRUETT.
[Pearl Albright.]

PREPAREDNESS?

Chicago, July 3.—Sure! Haven't we some steamboats, a number of shotguns, and a few motorized kites on hand and "on order?" They must be good, as they have cost us billions.

Is it too much to hope that at least a good portion of the funds now being appropriated for defense will be spent for the purpose intended instead of being wasted on more crackpot schemes and political fences? H. R.

FRIEND OF THE PEOPLE

Letters to this department must be signed with names and addresses of writers.

SHARE IN ESTATE.

Chicago, July 3 [Legal Friend of the People].—My husband has a 24 year old daughter by previous marriage. She is now living permanently with her mother and stepfather. We have a home and it is in a joint account of my husband and myself.

1. Would this daughter share in our property in the event of death?

Also can you advise me [2] where I can go to have a will made and [3] what the approximate cost would be? W. S.

1. She would inherit from her father, if he were the survivor, but would not inherit from you.
2. Employ an attorney.
3. Depends largely on the attorney whom you employ.

TRIBUNE LAW DEPARTMENT.

RIGHTS IN PROPERTY.

Chicago, June 13 [Legal Friend of the People].—We are four children by a first wife. When we became of age father asked us to sign some papers for the sale of the house [which he never sold or had any intention of selling, we found out later].

1. The papers were made out while we were still minors to a "dummy" buyer.
2. How could we have conveyed this property [3] of our stepmother while we were still minors?

A little over a year ago my father died. They say there is no will. There are nine children by the second wife. This is in a small town in Illinois and I have no way of getting information from authorities down there.

4. In case everything was left to my stepmother must we wait until her death before we can claim anything? Could we not get her to court to bring a showdown?

5. Can she sell anything without we four children signing the papers?

6. On her death can she leave everything to her children?

I would be very grateful if you could supply the name of an attorney with whom I can get in touch, or the name of the court clerk. B. J.

1. In general a minor can repudiate such a transaction unless he has expressly or impliedly ratified it since coming of age.
2. See 1.
3. You state that you conveyed it to a dummy. If you mean to imply that the title now stands in your stepmother's name, then presumably the dummy has conveyed to her. Your statements that you conveyed while you were still minors are inconsistent with your open statement that you conveyed when you became of age.
4. If you wish to repudiate the conveyances you should act at once. Employ an attorney for this purpose.
5. See preceding answers.
6. Yes, unless your conveyances are set aside. TRIBUNE LAW DEPARTMENT.

TODAY IN HISTORY

July 6, 1415

John Huss, Bohemian religious leader who refused to accept doctrines of the established church, burned at the stake at Constance for his alleged heresy. His ashes were thrown in the Rhine. He was a follower of John Wycliffe, the English pre-Reformation leader. In Czecho-Slovakia he was regarded as a patriot as well as a religious leader, organizing the peasantry and promoting use of the Czech language.

LEOPOLD LOOKS ON

[Reynolds News, London.]

The world is full of a number of things.
I'm sure we should all be as happy as kings.

THE WORLD'S GREATEST NEWSPAPER

SATURDAY, JULY 6, 1940.

2 More Names Added to List of Debutantes

BY JUDITH CASS.

THE names of two young women have been added to the debutante list within the last few days. One is that of Miss Carol Broome, daughter of Mr. and Mrs. Thornhill Broome of Pass Christian, Miss., and Osteville, Mass., whose maternal grandmother, Mrs. John A. Spoor, now will have the pleasure of introducing two debutante granddaughters instead of one. It was announced a few days back that Mrs. Spoor would give a tea at Thanksgiving time for the Broomes' other daughter, Miss Elizabeth Broome, who is a year older than Carol.

The other addition is Miss Harriet Sturgis, daughter of Mrs. Hammond Sturgis of Lake Forest. It was decided only last Sunday that she would be introduced formally this year.

Miss Carol Broome has just finished junior college in Washington, D. C., and now is in Pass Christian. Miss Elizabeth Broome has been visiting her grandmother. Their mother made her debut in the same State parkway house where the two buds will greet their family's Chicago friends.

Mrs. Spoor Departing Tuesday for Cape Cod.

Mrs. Spoor is departing next Tuesday for Cape Cod to pass the summer with the Broomes. She and the debutantes will return to Chicago in October. Mrs. Spoor and Mr. and Mrs. Broome will give a dinner-dance later in the season for the Misses Broome.

Miss Sturgis is to have a debut party later this summer or early in the fall. She was graduated from the Shipley school last month, and may go east to college in September.

Miss Sturgis is among the many young people who went to Moline for a dance Mr. and Mrs. Charles D. Wiman gave last night for their debutante daughter, Miss Mary Jane Deere Wiman. The visitors were especial guests at a number of other parties. Mrs. Joseph Dain Jr. gave a luncheon yesterday at her Moline home for the Chicago buds and their beaux, followed by a swimming and cocktail party at Knollwood, the Harry C. Good estate. Preceding the dance Mrs. William Butterworth, Miss Wiman's grandmother, entertained at dinner at her home, Hillcrest.

Frank H. Hosford, whose brother, Richard S. Hosford Jr., was married to the former Lorraine-Marie Roach in Highland Park last Saturday, is giving a luncheon party today in his Moline home. The former Miss Roach's debutante sister, Miss Beverly Roach, Miss Joan Gray, Miss Marie Merrill Hubbard, Miss Nathalie Bell, and Miss Priscilla Armstrong are others at the gay round of parties.

Fair Weather Tonight Hope of "Ruddy" Hale.

The William B. Hales and their debutante daughter, Miss "Ruddy" Hale, are hoping for fair weather tonight as they have planned to receive and dance out-of-doors at a party that is to mark Miss Hale's formal debut. The dance will be given at the Hale home in Winnetka.

A small group of the bud's contemporaries have been invited for dinner, which will be served indoors. The dancing guests, in addition to the debutantes and their beaux, will include a few postdebs and young marrieds who are friends of Miss Hale's elder sister, Miss Mary Hale. The debutante was graduated from Milton academy this summer and plans to enter college in the fall.

Mr. and Mrs. Hyde Gillette departed yesterday for Lake Beulah, Wis., to attend the marriage today of their sister, Miss Helen Gillette, and Charles A. Chapin, son of Henry K. Chapin. The ceremony will be performed at 4:30 o'clock by the Rev. Dudley Stark in the gardens of the summer home of the bride's father, Edwin F. Gillette. The bride's sister, Mrs. Howard Austin Will, is to be her only attendant. Mr. and Mrs. Will have been at Lake Beulah for the last few weeks, as have their uncle and aunts, Mr. and Mrs. William Shippen Jenks, and Mrs. H. H. Irwin of Brookdale, Cal.

Henry K. Chapin Jr. will be his brother's best man. The ushers will be Gordon Howard and Carl G. Bingham Jr. On their return from a wedding trip Mr. Chapin and his bride will live in Chicago.

Maiken-Trueblood Wedding Takes Place This Evening.

Several Chicagoans are in Washington Island, Wis., for the marriage today of Mrs. Grace Trueblood Johnson and John Andrew Maiken. The bride is a daughter of Mr. and Mrs. Wilson D. Trueblood Sr. of Long Island, N. Y., and Washington Island, and a sister of Wilson Trueblood Jr. of Evanston, who will give her in marriage. The ceremony will take place at 7:30 o'clock in the Lutheran church. Mr. Maiken, son of Mr. and Mrs. Frank Maiken of Hollywood, Cal., was graduated from the Kent college of law. He and his bride, who attended the Howard seminary, will reside in Madison, Wis., after a wedding trip to the Canadian woods.

Mr. and Mrs. Thomas Temple Hoyne are announcing the marriage last Wednesday of their daughter, Miss Virginia Carolina Ruffin, and Charles Bomes Richardson, son of Dr. H. Sumner Richardson and the late Mrs. Richardson, of Boston and Bar Harbor, Me. The ceremony took place at the Hoyne apartment, 1400 Lake Shore drive, the Rev. William C. Taylor of St. James Episcopal church officiating.

The bride attended Stoneleigh Prospect Hill school in Greenfield, Mass. Since being graduated from the New England Conservatory of Music and from the Yale school of music, she has been head of the piano department at the Stoneleigh school. Mr. Richardson is a graduate of Harvard and of its business school. He and his bride will reside here.

Young Englishwomen to Give Tennis Exhibition.

Two young Englishwomen, Miss Mary Hardwick and Miss Nina Brown, will appear in exhibition tennis matches at the Saddle and Cycle club at 3 o'clock tomorrow afternoon. Both are members of the English Wightman cup squad. Miss Hardwick ranks second among English amateurs. Also playing in the matches will be Miss Pauline Bettz, last year's United States indoor champion.

The finals of the woman's tennis tournament at the Evanston Country club will be played this afternoon. The finals in the men's events will be played tomorrow. Tea will be served on the lawn today.

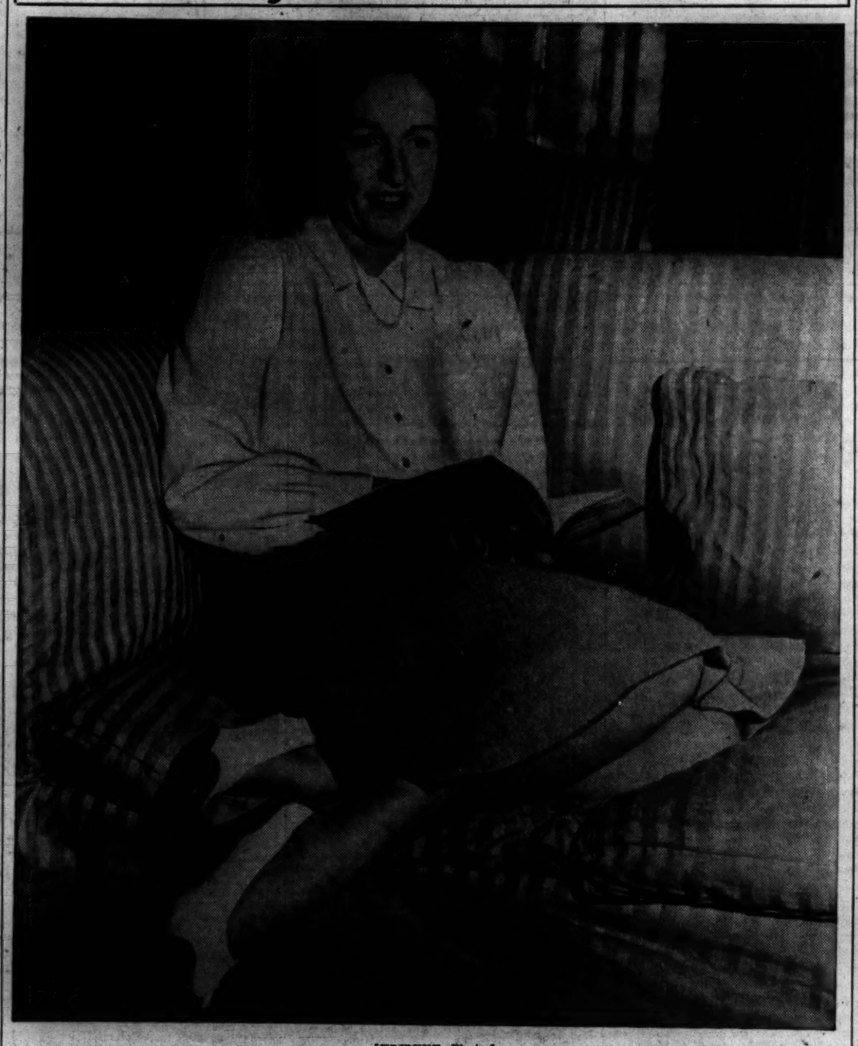
Members of the Chicago committee of the Arden Shore association will meet at the Post and Paddock club at Arlington Park next Thursday. After a short meeting, concerning their fall benefit on Oct. 5 at the Drake, the women will have luncheon and watch the races.

Col. and Mrs. George Voevodsky are giving a supper party after tonight's concert at Ravina park for Nicolai Malko, this week's guest conductor with the Chicago Symphony orchestra. Mrs. Malko and Albert Spalding, violinist. Col. Voevodsky and Mr. Malko were friends in Russia. The pavilion has been sold out for the performance, at which Mr. Spalding is to be the soloist.

Mrs. James O. Hinkley is entertainment at dinner before the concert tonight. The guests in her box will be Mr. and Mrs. Henry L. Hollis, the Charles Hamills, and Mr. and Mrs. Uri B. Grannis.

Mr. and Mrs. Edmund J. Doering became grandparents for a fourth time yesterday when a son was born to their daughter, Mrs. Harold Arnold Hartog [Nancy Doering] and Mr. Hartog, in the Alice Home hospital in Lake Forest. The baby is the Hartogs' first child. Mr. Hartog, a Hollander, is en route from Portugal to England, having left their Paris home after the German occupancy of France. Mrs. Hartog returned from France early this spring. The baby's paternal grandparents are in Holland.

Proving Debutantes Have Looks



[TRIBUNE Photo.]

A black and white picture gives no idea of how pretty a debutante Betty Broome is, for she has light red hair and brown eyes. She is the elder daughter of the Thornhill Broomes of Pass Christian, Miss., and with her younger sister, Miss Carol Broome, will be introduced to Chicago society this fall.

Front Views and Profiles

By June Provines

REFUGEE.

O, does He wander homeless now
(No place to lay His head)
And look upon, with grieving eyes,
The warring and the dead?

And have they commandeered The Inn,
Nor left a lowly stall—
("You see, each room is taken, Sir")
No room for Him at all?

O, does He, searching endlessly,
Have faith that once again
He'll find His old time dwelling place
Within the hearts of men?

—*Ruth MacKay.*

Cuff Notes.

A man who bought the recently released *Dust Bowl Ballads* in a phonograph shop the other day commented: "Isn't it strange to think that in a world so busily engaged in trying to exterminate itself thru mechanized warfare that here in America, home of the most advanced mechanical civilization, men are writing ballads with a folk flavor as authentic as any born in medieval Europe?" . . . The current issue of the Chicago published magazine *Creative Writing* is now out under its new name, *New Horizons*. . . . Addition to your library, *The Penguin Dictionary of Politics*, an up to date, complete source of information on statesmen, diplomats, parties, trends, and movements. Price 26 cents. . . . Nice writing—Chicago's Marion McFadden-Hume's piece on Chicago in the current Harper's Bazaar.

Quip.

Are Venetian blinds known as drapes of lath? asks Fred W. Brady.

Advertisment.

When the business men of the Maxwell street market reached a corner of Halsted street the other day they noticed a big sign on one of the buildings reading: "I would rather do business with 100 Nazis than with one Jew."

As many of the business men in that neighborhood are Jewish, there was storm and commotion. Some thought they were in the midst of fifth columnists, others felt they were being baited by Hitlerites, but one of the more calm of the crowd called out, "Look what it says on the bottom line."

It was the advertisment of an undertaker.

Compatriots.

Peter Leyssac, narrator for the children's concert at Ravinia tomorrow afternoon, was born in a town in Denmark four miles from the town in which Juri, the 4 year old son of Nicolai Malko, who will conduct the orchestra, was born. Both towns are on the outskirts of Copenhagen. Juri, a sturdy lad who speaks Russian, Danish, German, and English, and Leyssac, who speaks seven languages, were talking in Danish and English the other day on their way to Ravinia in the same automobile. Juri, who is familiar with both words and music of Prokofieff's *Peter and the Wolf*, which is on tomorrow's program, expressed the fear that the wolf will get Peter, too, some day, as well as the duck. Leyssac gravely assured him that would never happen.

The Housewife

Going to the country? If you get your mail by rural delivery why not take along a brand new, very clever mail box of glass? Because you can see its contents from a distance you won't have to make those extra trips to discover whether the mailman has passed you by or not. This box is regulation size and opens at the bottom. You can put a lock on it if you wish. There's a curved metal piece above for your newspaper. The glass is the new, strong kind that's hard to injure.

EDITH WEIGLE.

Praise Is Given to Wilkomirski as Park Soloist

BY CECIL SMITH.

The most perfect weather the summer has thus far provided fell to the lot of Jerzy Bojanowski last evening, as he conducted his last Grant park program before departing to begin his annual series of summer concerts in Tulsa, Okla. Mr. Bojanowski's soloist was, like himself, a musician of Polish origin—Michael Wilkomirski, concertmaster of the W-G-N orchestra.

Mr. Wilkomirski displayed the essential aristocracy of his taste in an excellent performance of the opening movement of Mendelssohn's violin concerto. He knows the difference between plasticity and exaggeration of effect, between natural musical expression and theatrical idiosyncracy. The Mendelssohn movement was tightly knit structurally as he presented it, and full of rhythmic animation, yet the melodic portions were set forth warmly and communicatively.

The soloist and the conductor were a good team, for they shared a sound, unostentatious musical point of view. Mr. Bojanowski's accompanying was first rate. So also was his well paced performance of the Elegie, Valse Melancolique, and Scherzo from Tschaikowsky's third suite in G major. [It was a curious coincidence that Nicolai Malko had conducted the Theme and Variations from this same suite only the night before at Ravinia].

For a seminovelty Mr. Bojanowski offered "In the Tatra Mountains," a conventional and unexceptionable Romantic tone poem by the Polish composer, Ladislas Zalenski [1837-1921].

$1,096,752 Allotted to Chicago for N.Y.A. Out-of-School Work

Mary Stuart Anderson, Illinois administrator of the National Youth administration, yesterday announced the allocation of $1,096,752 for the NYA out of school work program in Chicago during the fiscal year which began July 1. A total of $4,094,463 has been allocated to Illinois.

The allotment will make possible the employment of more than 3,500 needy young men and women in Chicago between the ages of 18 and 24. Effective Aug. 1 the schedule for part time NYA work will be increased from 56 to 74 hours monthly. The former differential wage scale will be abrogated, and a flat rate of $18.50 a month paid for the 74 hours' work. Supervisory workers will receive $24.72.

Projects emphasizing mechanical pursuits will be increased, Miss Anderson said.

"Experience of this kind will better prepare young men and girls for jobs in those industries in which employment will expand as a result of increased production for national defense," she added. "Types of projects which will be carried on include construction and repair of public buildings; shops, metal and mechanical work; public health and hospital work and conservation."

Call It 'Horse Opera' but It's Grand Picture

"FLORIAN."

Produced by Metro-Goldwyn-Mayer.
Directed by Edwin L. Marin.
Based on novel "Florian," by Felix Salten.
Presented at the Riviera.

THE CAST.

Anton.....Robert Young
Diana.....Helen Gilbert
Hofer.....Charles Coburn
Oliver.....Lee Bowman
Emperor Franz Josef of Austria.....Reginald Owen
Countess.....Lucille Watson
Trina, ballet dancer.....Irina Baronova
Victor.....Rand Brooks
Max.....Sake Sakall
Archduke Franz Ferdinand.....William B. Davidson
Borelli.....George Lloyd

By Mae Tinée.

Good Morning!

Here's a film that should stimulate the rather wobbly summertime motion picture theater attendance!

It's a "horse opera" that's different!

Most equine films are either westerns or deal with racing. But not the story of Florian.

Florian's a Lippiza stallion of the swift, powerful type formerly bred at the Imperial Austrian stud farm as war horses. Beautiful, intelligent creatures, black at birth, gray the second year, silvery the third, and snow white the fourth and for the rest of their lives.

In this picture Florian—thus named because he was born on St. Florian's day—fulfils a multicolored destiny. He forwards romance between his young groom-trainer and a royal duchess; he is mighty in war; he knows the paln and bewilderment of an alien in a strange and unfriendly environment; experiences the joy of reunion with those he loves and rehabilitation as a horse of quality.

In California, not far from Hollywood, Winfield Sheehan and his wife, Mme. Jeritza, indulge the latter's hobby, which is the breeding of Lippizas. [Florian is said to be one of the only five original Imperial Lippizas in this country.] On the Sheehan ranch many of the scenes were filmed—secenes that horse lovers will find unspeakably thrilling. . . . Panoramas of rich meadow and hill land, and, sweeping over the vast acres, oceans of glorious animals—their tails and manes like white breakers and flying foam. As dark backwash—the little black foals. Beautiful!

This ranch qualifies as an Austrian stud farm, and the picture starts with the birth of Florian. The story carries its principals thru world war, the revolution, and finally brings Diana, Anton, Hofer, and Florian to peace, safety, and happiness in America.

Robert Young is most gratifyingly cast as the young trainer of the Imperial stables. He owns horses, you know, and is an accomplished rider. So there's no faking in his scenes with Florian. . . . Helen Gilbert is sweet, but almost as dead pan as Buster Keaton used to be. Charles Coburn is splendid as veterinary of the stables, and outstanding performances are contributed by Lee Bowman as a too gay archduke, Irina Baronova of the Ballet Russe, seen as his light o' love [she's not hot as an actress, but HOW she can dance], and Reginald Owen as Emperor Franz Josef.

One of the most impressive scenes I have ever witnessed is that where the proud, imperial horses, trained in the Spanish riding school, perform before the emperor in a palace, transformed for the event into an arena. No word or slightest prompting do they receive from their riders, but, to changing music, execute their various acts. Most of us could sit thru this episode time and again.

The picture was brilliantly directed and is technically excellent.

It merits a great, big hand.

See you tomorrow.

★ THRU THE LOOKING GLASS ★

A cream powder base in stick form made a great hit with us and with thousands of other women when it was launched a year or so ago. It gave a beautifully soft, moist, but comfortably light foundation to which makeup adhered perfectly.

Shortly after it made its debut a rouge in the same form appeared. Now there is the most complete kind of a makeup kit. It's like a professional one, and its whole theory of use is based on the professional rule that not one but many colors should be used in the cosmetically correct or the corrective makeup. We all know what use the experts make of highlight and shadow in professional makeup. Whether we can do the deft things they do is something else again. But we can try, can't we?

We can certainly try with this new kit. There are 15 colors in it: Four different foundation shades; two rouge shades; three lipstick shades; four eye shadow shades; black and brown mascara and an eyebrow pencil. Every single item is in stick form. There is a brush with which to apply the lipstick in the truly professional way. With each kit there is a little box into which you may place any two items you need during the day.

This sounds like a lot of makeup aids—and it is. But the kit is unbelievably inexpensive. At the most, you can give yourself a professional makeup, or change your makeup to suit your fancy; at the least you can learn a lot with it by playing with different shadings and studying their effect.

You'll find this in several of the shops. If you're determined to find your way to a better, more flattering makeup it's well worth your attention.

ELEANOR NANGLE.

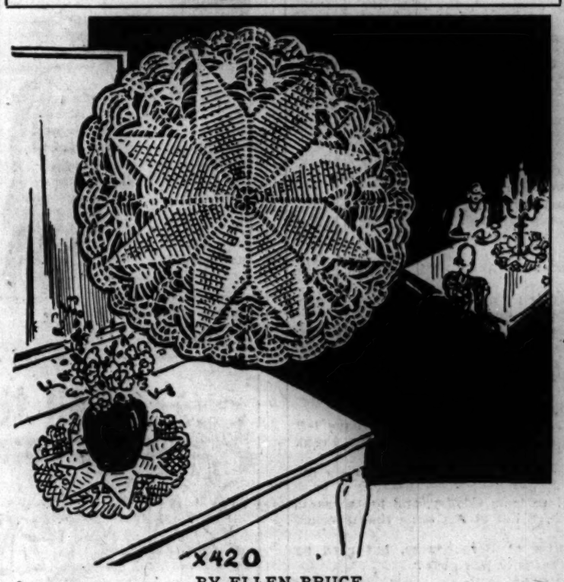
Centerpiece in Crochet



BY ELLEN BRUCE.

Crocheted centerpiece doilies are effective bits of decoration under lamps, fruit dishes, or for the center of dining tables. This star doily measures approximately 14 inches in diameter when completed, and possesses a graceful edging which adds to the attractiveness of the center star design. One hank of ecru mercerized crochet cotton will complete one doily.

For instructions in crocheting the star centerpiece, No. X-420, send 10 cents in stamps or coin to the Needlework Bureau, 220 5th avenue, New York City.

Reveal Troth of Laura Smith and Dr. Bissell

An interesting announcement is to be made tomorrow in Pasadena when Mr. and Mrs. R. Stephens Wright will entertain at cocktails to celebrate the engagement of their stepsister, Miss Laura Smith, and Dr. Arthur Dwight Bissell of Santa Barbara and Chicago, son of Mrs. Arthur Bissell of Chicago. Miss Smith is the daughter of Mrs. Albert L. Smith of 895 Park avenue, New York and Pasadena, and the late Mr. Smith.

Mrs. Wright, the former Glee Louise Viles, is the daughter of Mrs. Smith and the late Lawrence Viles. Dr. Bissell moved to Santa Barbara a few years ago. His marriage to the former Mrs. Margaret Tilt Wahl was terminated by divorce. Mrs. Tilt Bissell now resides in Chicago.

Miss Smith attended Miss Chapin's school, finished her formal education in Lausanne, Switzerland, and made her debut in 1937 in Philadelphia, where she was presented by her uncles, Edward B. Smith, Geoffrey S. Smith, and John Story Smith.

Dr. Bissell was graduated from Yale in 1925, attended Northwestern medical school, and now is on the surgical staff at Santa Barbara clinic.

The wedding will take place in Santa Barbara in the fall.

Mr. and Mrs. Harold V. Engh of Irvington-on-Hudson, N. Y., and Sycamore, Ill., announce the engagement of their daughter, Marion Jean, to Lieut. Richard G. Lycan, son of Mr. and Mrs. Julius S. Lycan of Pullman, Wash. Miss Engh was graduated from Dobbs Ferry and attended Wells and Sweet Briar colleges. Lieut. Lycan attended Washington State university and was graduated from West Point in 1939. He is in the air service, stationed at March field, California.

.....Saint-Saëns

Nice Girls Are Back in High Style in 1940

BY ANTOINETTE DONNELLY.

[Copyright: 1940: News Syndicate Co., Inc.]

Said a plumpish young woman the other day when it was very, very warm: "How I welcome this heat. Now I can leave off my foundation." She meant foundation garment—not face foundation lotion.

We were a bit aghast, for this girl needed her foundation garment more under the light summer frocks than under her heavy clothing. We visualized her as one of those ugly ladies who precede you up or down the avenue with the "wiggles." That was the way she was built in the back.

Only a very skinny miss these days is entitled to shed her foundation; at least, she must register flatness and few can do that without aid of boning and other corset ingredient.

That flapdoodle movement of uncontroled girth may have done in the "ago" when freedom was generally misinterpreted as undue license. But women are ladies now—anyway, modern interpretation of ladies, which includes the elimination of any vulgarity of deed, word, or appearance.

While we are on this subject of under-garmenting, we would like to ask those girls who wear the extremely pointed and uplifted brassiers why they're guilty. Our observation is that the girls who are guilty are just the girls who shouldn't over-emphasize an already fullish bustline. Again, here, vulgarity enters, and say what you will, girls, vulgarity may attract attention but it does not attract admiration.

Besides, I repeat, this is a year when niceness sells awfully well. Nice girls are back in high style, yes. So, don't do any of the things that cast suspicion on one's sense of taste and refinement. Yes, these things are all mixed up with beauty. What you are, what you do, what you say, are all ingredients of today's winners, along with what you look like.

Chinese Ivory Latest Accent for Dark Dress

BY REA SEEGER.

The coolest, creamy white costume jewelry than can be used for dark summer sheers or linens are the lovely pieces of carved Chinese ivory. Nothing equals this effective stuff for sophisticated contrast. Single, two and three strand necklaces vary from the snug chokers to the long vee lengths. You may choose from either the smooth or the delicately carved rose patterns. Against dull black, navy blue, cypress green or deep, dark brown these ivory baubles make the difference between a dull white accent and the last word in smooth subtlety.

There are stunning and unusual pins and clips in oblong, square or uneven outlines; lacy effects, achieved with carved motifs of stems, leaves, and roses, they are extremely feminine adornment with interesting price marks, stuff that will last for seasons and effective always! Bracelets, earrings, and old fashioned brooches complete the collections all ready for the cooling of otherwise stuffy, dark summer street clothes.

Flexible bracelets in a new manner are made of stamp size discs strung on ivory colored elastic, each disc carved with either flowers or small figures. Circle bracelets to slip over the wrists, are carved or smooth. Earrings are also obtainable with the carved rose pattern or smooth and in several sizes and shapes.

Carved Chinese ivory costume jewelry comes in every summer in time for the heat waves when smart women wear thin, airy dark sheers or simple coarse textured dark linens and need the cooling accents of dull white. No wonder it goes into circulation with record speed.

Sally to Announce Her List of Party Guests Tomorrow

BY SALLY JOY BROWN.

[Activities of the Sally Joy Brown department are sponsored by Chicago Tribune Charities, Inc.]

Just one more day to wait, boys and girls, and then your SUNDAY TRIBUNE will arrive with the good news.

I know that all the youngsters who wrote in for invitations to our first big party have been on needles and pins, waiting to know whether their letters were winners. Well, tomorrow you'll know, because the names of the 50 boys and 50 girls wrote the best requests for invitations out to Wrigley Field will find their names listed in my column. If you're included in that list, you can expect an invitation to see the Chicago Cubs play Boston on next Thursday, July 11.

If you're not included, because your letter was too late or you didn't follow the rules, I'm sure the news of our next party will console you nicely, because it's a grand one! Full information about our plans and how to go about trying for an invitation to it will all be there in black and white, so just be patient until tomorrow!

ENGAGEMENT

Mr. and Mrs. Richard M. Hefter of 5049 Drexel boulevard announce the engagement of their daughter, Jean, to Dr. E. Craig Heringman, son of Mr. and Mrs. David Heringman of New York.

The Fate of the Darmenys

By Elizabeth York Miller

[Copyright: 1940: By News Syndicate Co., Inc.]

INSTALMENT XXXVI.

HYSTERIA.

"What's going on here?" Geoffry demanded, thrusting the weeping women servants to one side.

"The mistress—she's dead," whimpered Hilda.

Geoffry forced himself to go into the room where he had committed his foul deed.

Only Frank was there, and the two men looked at each other across the body of the old woman who had loved one of them so much and come to trust the other as she had trusted few people in her long lifetime.

Geoffry made no attempt to conceal his hatred; a sneer, made all the uglier for his swollen mouth, expressed his feelings perfectly. His eyes were mean with hate and secret triumph.

Leda touched his arm to bring him to himself.

"Not here," she said in a hoarse whiper, "can't you see—Aunt Madge is dead?"

He shook her off roughly.

"Get out. Mind your own business. . . . And you, too, if you please, Master Frank."

Truly, it was indeed Geoffry Darmeny's moment of triumph, when only a short time ago—it had seemed to presage his bitterest defeat.

With cyclonic effect, a small, pajama-clad figure detached itself from the group and hurled itself at him, beating at his chest with angry clenched fists.

"Don't you speak to my daddy like that! O, if only Auntie Madge could hear you, you wouldn't dare!"

Nobody had noticed when Betsy appeared.

Hilda, who slept in the room next to hers and should not have left her alone, caught her by the arm and tried to drag her away, but Frank got ahead of her.

He picked Betsy up and carried her kicking and struggling from the room.

Leda followed them, averting her face from Geoffry, and the servants began to move away from the door, cowed but at the same time shocked by Geoffry's violent words and manner.

Undoubtedly he was the new master at Beechbourne, but need he speak like that, with the poor old mistress only just gone?

Gibson came hurrying from the telephone.

He had got thru to the doctor, who would come just as soon as he possibly could get here.

Betsy was sobbing hysterically.

"I want my Auntie Madge—I don't want her to be dead. I hate Uncle Geoffry. He's a beast—an ugly le'sum beast. I'm glad he hit something with his teeth. I hope they're all broken to bits and then he'll have to wear the kind that come out. O, I don't want my Auntie Madge to be dead!"

"Hush—hush! O, for pity's sake be quiet," Frank implored her.

Hilda trailed along behind him as he carried the distraught child to her room.

Frank vented some of his overcharged feelings on her.

"You ought never to have left Betsy," he said sternly.

"O, sir, I'm sorry—I truly am! Shall I ask Mrs. Darmeny to come?"

"I'll scream if mummy comes near me!" shrieked Betsy. "If I can't have my Auntie Madge, I want Shirley. I'm afraid to be alone."

"Shall Cousin Amelia stay with you?" quavered Cousin Amelia's voice.

"Go away!" Screamed Betsy.

The child had completely lost control of herself now, and was sobbing and crying distractedly. Frank was beside himself to know how to quiet her.

"It's all right, darling. I'm here. I'll stay with you."

"Would you like me to fetch Miss Westall, sir?" Hilda asked. "I can put on my raincoat. It's not cold. You may be needed when the doctor comes."

"But Hilda, you couldn't go down to Crane's wood all by yourself in the middle of the night."

Frank had almost to shout to make himself heard over Betsy.

"Brett will go with me."

"As you like, then. Tell them downstairs that when the doctor comes, after he's finished in—in the study—I'd like him to come up here a moment."

Leda stood at the door, her beauty strangely extinguished. She looked almost haggard.

Frank remembered that she had prayed for Madge Darmeny to die. Well, her prayer had been answered.

"Can't you keep that child still a moment?" she exclaimed querulously. "She's behaving in a disgusting fashion."

"Perhaps you want me to slap her," said Frank.

"Must you say a thing like that just now?"

He made no reply. Literally he had his hands full.

He was pacing nervously jiggling Betsy in his arms as he remembered he had done nearly 10 years ago, now, when she was a teething baby and the incompetent nursemaid he employed had to get her own night's sleep.

Pity for the poor little sufferer filled his heart now no less than it had then. A mother might have been of some use to Betsy even so late in the day as this.

She had stopped screaming, but the sobs went on and on; her face was swollen and blotched and her eyes half glazed.

"Frank, I know Geoffry means to throw us out of Beechbourne," Leda said, that strange hag's face of her's twitching. "Me as well as you. I saw how he looked at me. He—he hates me now."

"Be careful what you're saying."

Leda turned and gave a look down the hall.

"Amelia's gone—there's nobody here. Frank, what are you—what are we going to do?"

"What I intended we should do—after I learned what I did last night. But I daresay you will agree that in all common decency and respect to Aunt Madge's memory, we must stay until after the funeral."

"I wanted her to die," Leda said, in a wondering fashion. "Do you remember? I told you I had prayed for her to die, so that Geoffry and I—"

"I can't stand any more of this," Frank said, his nerves snapping. "If you want to stay here, stop talking. Find Amelia and talk to her. Anything—but spare me, I beg of you."

Shirley came just as dawn was streaking the east. Her eyes were swollen, for she had been crying, but her quiet, collected manner was like balm on a smarting wound to Frank Darmeny.

Silently he surrendered Betsy to her. His arms ached with carrying her; and his head swam with the confusing medley of his thoughts, out of which only one fact stood with any clarity, and that was never again would they hear Aunt Madge's voice or behold her gentle, kindly smile.

It gave him a greater sense of loneliness than he had ever known before, for lately she had shown herself to be a friend. That friend was dead, now, and it mattered considerably more to Frank than that she had gone before she had time to set her house in the new order she had planned.

If it were not for Leda, Frank would have been well content to return to the job he liked and fulfilled so ably.

Gone, of course, were the half formulated plans he had made for the future of Beechbourne, and of which Aunt Madge so surprisingly had seemed to approve, but it had been only a dream, anyway. There was a lot of the philosopher and enough of the pessimist in Frank Darmeny to make him accept what came and even half expect the worst.

Betsy was lying in exhausted slumber now, with Shirley beside her holding her hand.

Gibson, a broken old man, came to the door to tell Frank that Dr. Jelks would like to see him a moment.

Frank went downstairs where he found Dr. Jelks in the drawing-room.

BY MARY MEADE.

[Copyright: 1940: By The Chicago Tribune.]

ALL ABOUT CHIFFON PIES: Lemon, lime, orange chiffon pies. Grape, cherry, rhubarb, peppermint, and chocolate chiffon pies. Butterscotch crunch pie, chocolate mocha pie, two-tone pies, rum and chocolate chiffon pie, don't they sound good? Cornflake butter crust, cookie crust, graham cracker or chocolate pie crust, orange pastry, how would you like one of the fluffy fillings just mentioned in one of these crisp cases?

Summer is the time for chiffon pies of all kinds, and we have a new booklet full of recipes, home-tested, family-tested recipes, which will make your mouth water just to read.

The name of the new booklet is "27 Choice Chiffon Pies," and you may obtain it for 5 cents in stamps, by writing for it, or for 3 cents if you wish to pick it up at one of the Tribune Public Service offices, 1 South Dearborn street and Tribune Tower lobby.

EASY-TO-MAKE PICKLES: Women like pickles which may be made with little effort. They love to make those crisp and crunchy bread and butter pickles, the quick dills, beet pickles, pickled peaches, watermelon pickles, uncooked chili sauce, or one which requires little cooking, and so I've collected the best and most popular easy pickle and relish recipes from our files and put them into another new booklet, "Favorite Pickles and Relishes," 5 cents by mail, 3 cents if you call for it yourself.

It won't be long until we're going to be needing all kinds of pickle recipes, and this booklet will supply the right ones. I've included in it the regular long process for dill pickles, too, because it is the one time taking pickle which the average woman doesn't mind preparing.

Mustard pickles, mixed pickles, pickled onions, crabapple pickles, green tomato pickles, corn and pepper relishes, and piccalilli are also in the booklet.

And speaking of pickles, I am reminded to remind readers that the jam, jelly and canning season is here, and to remind them of two other booklets invaluable to any woman with the inclination and cupboard space for a bit of preserving.

"Mary Meade's Best Jams and Jellies" tells you all you need to know about fruity bread spreads, and sells for 23 cents in stamps, by mail. "Homemaker's Guide to Canning" costs 7 cents by mail, and describes the best methods of canning fruits and vegetables.

REVISED COOKBOOK: Among the new cookbooks to come to my desks recently is a revised version of "Toll House Tried and True Recipes," by Ruth Wakefield, $2.50, M. Barrows & Co., the publishers. The new book is much fatter than the old, and contains color illustrations. Recipes are favorite ones used in the famous New England inn which is managed by the author.

Southwestern Michigan Music Festival Canceled

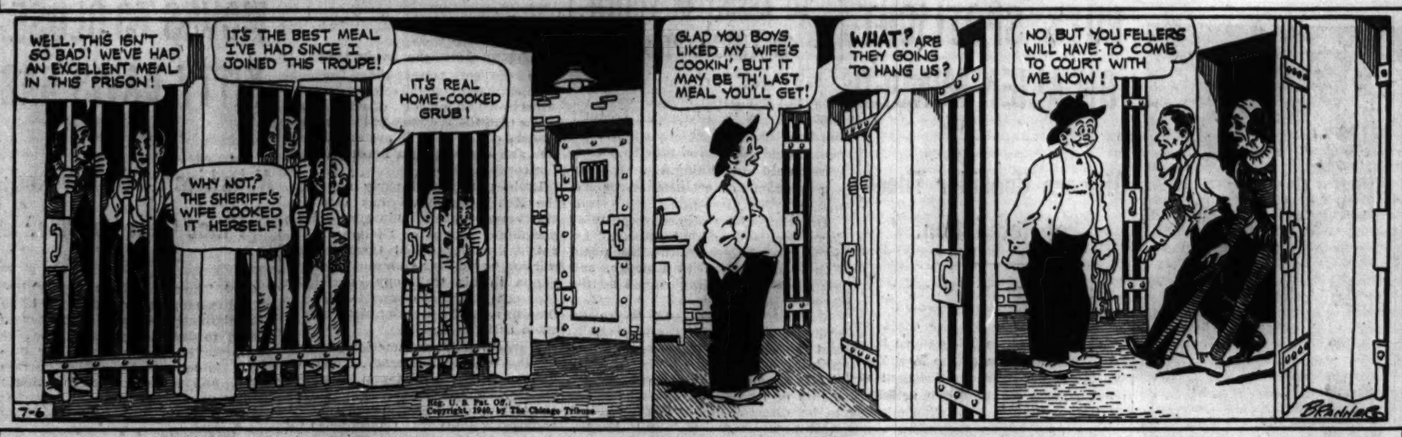
A preliminary music festival to the 11th annual Chicagoland festival which was announced for southwestern Michigan and scheduled to be held tomorrow at St. Joseph, has been cancelled. All entrants who had planned to compete there tomorrow in the various festival contests will come direct to the Tribune's festival competitions which will be held Saturday, Aug. 17, in Chicago.

* *

Double Celebration.

A gay party tomorrow at Lake Geneva is one Mr. and Mrs. A. Frederick Gartz Jr. are giving to celebrate the first wedding anniversary of their daughter, Gloria, and her husband, Jack Vilas Jr., and the christening of their infant daughter, Sherry, who was born on May 8.

WINNIE WINKLE, THE BREADWINNER: All Good Things Must End



WELL, THIS ISN'T SO BAD! WE'VE HAD AN EXCELLENT MEAL IN THIS PRISON!
IT'S THE BEST MEAL I'VE HAD SINCE I JOINED THIS TROUPE!
WHY NOT? THE SHERIFF'S WIFE COOKED IT HERSELF!
IT'S REAL HOME-COOKED GRUB!
GLAD YOU BOYS LIKED MY WIFE'S COOKIN', BUT IT MAY BE TH' LAST MEAL YOU'LL GET!
WHAT? ARE THEY GOING TO HANG US?
NO, BUT YOU FELLERS WILL HAVE TO COME TO COURT WITH ME NOW!
7-6

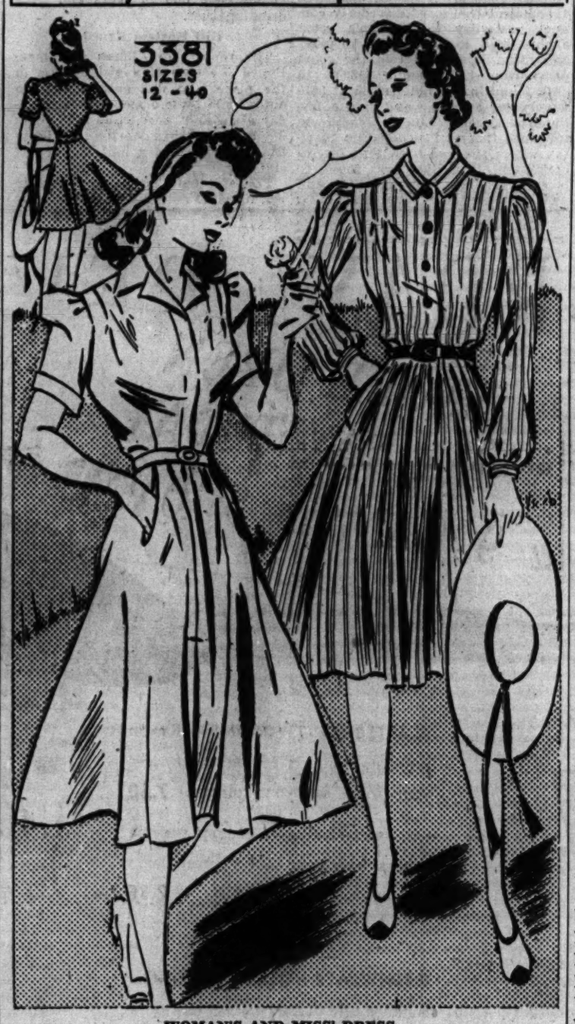
Softly Tailored Sports Dress



WOMAN'S AND MISS' DRESS.

The strict tailoring of this spectator sports dress is modified with soft details. It's the casual sort of dress you may wear any time, any place. Both plain and striped materials make up well, with soft fabrics preferred. Jersey is a "natural" for this design. The neckline may be opened rever fashion, or it may button high at the throat with a shirtwaist collar. Buttons are optional. You may prefer the fly front treatment. Sleeves may be short and puffed and long, full, and captured into wrist bands. The skirt is full in the front, with concealed pockets.

Style No. 3381 is designed for sizes 12, 14, and 16, and 36, 38, and 40 inch bust measurements. Size 16 requires 3½ yards of 39 inch material for short sleeved dress; 3¾ yards for long sleeved design.

Address orders for Clotilde patterns to Chicago Tribune, P. O. Box 537, Grand Central annex, NEW YORK CITY, including 10 cents in stamps or coin (coin preferred—wrap it carefully) for each pattern ordered. IMPORTANT! Be sure to state clearly the number of the pattern and the size desired, and write your name and address plainly.

Today's Features

ON W-G-N.
[Central daylight saving time.]

The American Choral festival, a new series of concerts to be conducted by Alfred Wallenstein, will be presented over W-G-N and the coast to coast Mutual network from 8:30 to 9:30 p. m. starting tonight. The opening program will feature the first performance with orchestra of "Americana," a new composition by Randall Thompson. The first radio performance of one of Victor Herbert's few serious compositions, "The Captive," a dramatic cantata, also will be heard tonight. Other composers whose choral works are to be heard in this new series are Deems Taylor, Horatio Parker, and Henry Hadley. Raoul Nadeau will be this evening's soloist.

Estelle Taylor.

At 11:15 a. m. Estelle Taylor, star of stage and screen, will be interviewed by Quin Ryan on the News Commentary broadcast. Miss Taylor is at the State-Lake theater.

Starting at 1:55 p. m. Bob Elson will describe, play by play, the ball game between the Chicago Cubs and Cincinnati Reds. A running account of the Hyde Park Stakes at Arlington Park will be given by Announcer Guy Savage and Frank Ashley at approximately 4:45 p. m.

At 5:15 p. m. a radio preliminary to the boxing tournament between the Chicago team of C. Y. O. championships and a team from Hawaii will be heard. Bishop Sheil, Arch Ward, sports editor of THE CHICAGO TRIBUNE, the captains of the two teams and the coaches of the squads will be interviewed. The teams meet at Soldier's Field on Wednesday.

ON OTHER STATIONS.

6:30 p. m.—WBBM—Gay Nineties.
7:30—WMAQ—Listener's Playhouse.
7:30—WBBM—The Human Adventure.
8—WLS—Barn Dance.
8—WBBM—Hit Parade.
8:30—WMAQ—Grant Park concert. Walter H. Steindel and symphony orchestra.
8:45—WBBM—Saturday Night Serenade.
9—WMAQ—Bob Crosby's orchestra, with Mildred Bailey.

Polo Season to Open at Onwentsia Tomorrow

Mr. and Mrs. Lester Armour, Mrs. Samuel A. Culbertson II., Robert F. Carr, Mrs. King Mitchell, Mrs. Ernest A. Hamill, and Mrs. William A. P. Watkins are among those who have reserved season boxes for the polo games that are to be played at the Onwentsia this summer. The first game will be played at 3:30 o'clock tomorrow afternoon against the Hinsdale Polo club. Playing for Onwentsia will be Lester Armour Jr., William Fergus, David Wilhelm, and Otis Carney, with Marshall Hughes, Peter G. Moon, John L. Behr, and Bruce Facfarlane as alternates. Parking spaces for the duration of the season also are being sold.

Don't Let Your Child Put You on a Pedestal

By GLADYS HUNTINGTON BEVANS.

[Copyright: 1940: News Syndicate Co., Inc.]

"The king can do no wrong" is, I am sure, the way little boys and girls feel who have a kind and really understanding mother and father. We are their gods when they're very small—big, strong, all knowing, all powerful, their refuge, their protection. In fact, if you're just about the nicest kind of mother you can be, your small son or daughter probably thinks you're about perfect.

But when they get near or into their teens, tho loving us just as much or even more, they look at us with somewhat different eyes. They learn that we're not omniscient nor omnipotent—they know that we're not perfect. They may think you're "a pretty swell dad," or, "I've got the best mother there ever was." They may look up to you with great respect and admire you. You may stand to them for all that's fine and good. But still they know you're human.

Does that change bother you? It does some parents. And yet I'd rather not be put upon a pedestal of perfection.

In the first place, if you are there and act human, it's quite a shock to your child. Perhaps I've told you about a friend of mine who said to me one day: "I used to think my father was absolutely perfect when I was a boy. I don't know how he managed it. Because when I grew up I discovered two great weaknesses he had besides his smaller faults. It was really a tragedy for me and it took me years to get over the disillusionment." It's better and safer just to be the nicest kind of a human being and parent that you can—acknowledge a fault on occasion, or admit that you too, can make mistakes just as a child can. You'll lose not a whit of respect—in fact, you'll gain by doing so.

One other point. Nobody confides in perfection on a pedestal. If you make your son or daughter think you're above all human frailty, you'll almost surely close the door to confidences, to little [or big] confessions. This is important in general, and may even be serious if your child should get into any serious predicament.

No—don't try to make your children think you are perfect.

* *

Give Boss a Smile Once in a While, Young Women Told

Give the boss a word of encouragement once in a while. Let him know you think he is doing all right, because he likes praise as well as you do.

This was the advice given yesterday by Miss Clara Erb of the Syracuse, N. Y., Secretarial school, speaking before the 10th annual convention of Alpha Iota, national business girls' sorority, at the Stevens. Humor—of a certain respectful type—also is a good thing, the girls were told. And in calling one of the boss' blunders to his attention, for pity's sake, do it jovially. But not too jovially. Horse laughs are decidedly non au fait.

Finally, Miss Erb advised, if your boss is high strung, excitable, and erratic, he probably will go berserk if confronted by one of those grim, unruffled, deliberate, methodical, careful, calm, and deadly females who are found in far too many offices.

Womanly Charm Is Necessary to Compatibility

BY DORIS BLAKE.

[Copyright: 1940: News Syndicate Co., Inc.]

"I am engaged to a girl with whom I've been going around for almost three years. She's 25 and I am two years older. The thing that I am about to write about hurts me even to mention.

"She likes, or rather seems to enjoy, dirty jokes when in my company, or in the company of her married sisters and brothers-in-law. In fact, she is not too careful in any one's company and nothing seems to shock her. She resents it when I remind her that she is sitting in front of people with her skirts up too high. I sound like a mess of a fellow even mentioning these things but, gosh, they shock me and must grate on other people's nerves.

"She retaliates with the accusation that I'm a prude. I'm not, but when I think of this girl as my wife doing the same things and telling smutty stories and laughing at them, I just wonder if I shouldn't call it all off right here and now. At my home if you dared to crack an off color joke my parents would have given you a piece of their mind. I suppose that's why I can't take it from my girl.

"GENE."

You don't have to apologize for why you can't take it from your girl. 'Twould be any decent man's reaction. The young woman is simple coarse grained all the way thru and we can't see a sensitive, fine minded person getting along agreeably with her in marriage. Women who can tell or laugh heartily at a dirty joke have something missing in their composition—a lack of feminine charm, grace, refinement. Womanliness is the word in reality, and without that in the woman to whom you're married, the prospect of compatibility looks pretty bleak to us.

The worst of it is that this coarseness is so ingrained, its remedying is almost hopeless.

Your Stars ★ Today ★

By WYNN

Saturday, July 6.

A sharp vibration color today's psychology; don't be too quick to judge or act—impulses may cause retracing of steps later. But keep going forward at a steady pace. Evening is extravagant; count the cost—then go ahead if all right.

Your Year Ahead.

Your year ahead from this your birthday promises a step forward toward your real goals and wishes if you will recognize responsibility toward certain others in immediate circle. Danger: Oct. 20-31, and Feb. 26-March 11, 1941.

Tomorrow.

Rest, relax—nothing to be gained by worry; be social.

Do you want an individual interpretation for your own personal date? Every important period is indicated for you, according to the laws of astrology. Send 10 cents to Wynn, Tribune Astrologer, 286 Fifth avenue, New York City. Write plainly your name, date of birth, and address.

Peace Lecture Topic.

Harris Franklin Hall, professor of systematic theology at Northwestern university, will speak at the first of a weekly series of forums at 7:30 o'clock tomorrow evening at the First Methodist church of Evanston. Mr. Hall's topic will be "The Issues of Peace."

Numerology

By Evelyn Holmes

July 6, 1940.

Universal Day—If you have had too much holidaying, watch your temper today. Romantic attachments short lived.

Month Ahead—For those in a 9-year July would be an excellent time to go to the country, to seek quiet communion with nature. Don't expect a gay time. August might bring more invitations, but your emotions ought to be soothed and not stirred up, as this is not the easiest year to get thru. A fine month in which to read and study.

Year Ahead—Those born today are experiencing a 9-year, which is always a test of judgment and stability. Emotions run high. Not a good time to start on a new job or a new romance.

Would you like to know what kind of a year 1940 will be for you? Send for your personal yearly, monthly, and daily guide.

SHOE DRESSINGS

According to CULBERTSON

[Copyright: 1940: By Ely Culbertson.]

At rubber bridge it does not always pay to cash the 13th card of a suit, even when the holder thereof cannot be sure of regaining the lead to cash it later. Perhaps this statement will be a bit cryptic, but the following deal will, I am sure, fully clarify it.

South, dealer.
Rubber bridge.
Both sides vulnerable.

NORTH
♠K 9
♥K 7 5
♦Q 10 7 4
♣K 9 8 4

WEST
♠Q 5 4 2
♥9 8 2
♦K 8 3
♣7 5 3

EAST
♠10 8 6 3
♥Q J 10 6
♦A 6 5
♣Q 6

SOUTH
♠A J 7
♥A 4 3
♦J 9 3
♣A J 10 2

The bidding:

South	West	North	East
1 no trump	Pass	3 no trump	Pass
Pass	Pass		

West was not at all enthusiastic about his best suit, spades—for which he cannot be blamed—and chose to open the nine of hearts. It was a sound choice. Dummy ducked and East overtook with the ten spot, declarer allowing him to hold the trick. The heart queen was returned and dummy won. A low diamond was then led and, East ducking, South's jack went to the king. West returned the eight of hearts and East, to conceal the six spot and confuse declarer as to which defender had that card, again played an honor. South won and returned the diamond nine. Since dummy had plenty of entries there was no reason for East to hold up his ace, so he took the trick and did a bit of thinking. He and his partner had already taken two diamonds and one heart and, of course, the heart six was now a thirteener. But cashing that card would give East-West only four tricks, and where was the fifth, or setting trick, to come from? South's original no trump bid could not have been justified, in view of the cards in sight and those played, unless he had started with the two black aces. And there was a great likelihood that he also held minor honors in clubs or spades, possibly both. If he had the spade queen with the ace, there was nothing to be done about it because he would then be able to lay down nine tricks. But there was a chance that his ninth trick would have to be made in the club suit and would depend on a successful guess for the club queen. This meant that East's duty was to make that guess as difficult as possible. Actually, as we shall see, East made it virtually *impossible* for declarer to guess the correct play in clubs. For, instead of cashing the good heart, East now merely exited with a diamond.

Note how this play confused the issue for declarer. The sequence of heart plays had made it appear almost positive that West, not East, held the 13th heart. Hence, having lost only three tricks to this point, it appeared quite safe for declarer, after cashing his last diamond trick, to return to his own hand with the club ace and let the jack ride thru West. Even if this lost to the queen, he figured, East could not take another trick, and the club suit would be established. His discomfiture was an extra reward for East, who gobbled up the second club lead with the queen and triumphantly produced the heart six for the defeat of the contract.

Second Daughter Born to Theodore W. Lambs

Mr. and Mrs. Theodore W. Lamb of Wayne are receiving congratulations on the birth of their second daughter last Monday at the Passavant hospital. The baby and her sister, Deborah, are grandchildren of the George Henry Bents of Pasadena and of Mrs. Chauncey Lamb of Hinsdale.

ANTI-REDS SPURN YOUTH CONGRESS; PLAN NEW GROUP

Tunney to Help Ousted Bloc Organize.

BY GEORGE TAGGE.
[Chicago Tribune Press Service.]

Lake Geneva, Wis., July 5.—Kept out of the American Youth congress convention by what they termed the influence of communistic leaders, a pro-American group of barred delegates supported by Gene Tunney tonight made a tentative move toward the formation of a new patriotic youth organization.

Tunney, former heavyweight boxing champion, came here late this afternoon and conferred with the anti-Reds. He declared that no one could doubt that the A. Y. C. leadership is communistic and promised to give the dissenters help in whatever they decided to do.

"I am no longer a youth," he said, "and these young people must make their own plans. It is splendid of them to take the stand they have. This is no time to have Trojan horse control of any youth movement."

Plan New Youth Movement.

The members of the dissident group, whose credentials were held invalidated by the youth congress, admitted there was some internal discord, they completed plans late tonight to launch a new youth movement in Michigan. Most of them come from that state.

Within 60 days, they stated, the movement will be expanded to include Illinois and Indiana. If successful there, it will be put on a national basis.

Meanwhile the congress held a meeting and adopted a resolution on foreign relations and preparedness. One of its provisions was that no American soldiers should be sent to any foreign soil to fight [including Latin America]. The vote was 384 to 18. It also condemned the "Roosevelt plan" for military and industrial training of youth.

Tenor of Resolution.

The resolution related that the congress was prepared to support whatever measures might be necessary to defend "our nation and our inalienable liberties under the constitution." It expressed the fear, however, that vast expenditures for defense would lead to military adventures abroad.

An alternative resolution offered by Joseph Lash, a friend of Mrs. Eleanor Roosevelt, who has been a backer of the A. Y. C., suggested that help short of war be given Great Britain. It got nowhere.

Speaking against these resolutions, Mack Weiss of New York, president of the Young Communist league, made a flat bid for an alliance between the United States and Russia to stop Hitler.

"The communists were the first to feel Hitler's blows," he said. "Russia's feelings toward Hitler have been known for years. I invite collaboration between this country and soviet Russia—the world's greatest power."

No Private Information.

Asked by a delegate whether he had information from Moscow that Russia would collaborate with America agains Hitler rather than with Hitler against America, Weiss replied vaguely that he had no private information from Moscow.

Tunney was invited to address the whole congress, but declined on the ground that it would not be proper to do so after his own group had been barred. He is a director of the Catholice Youth and Boy Scouts and aided Murray Plavner, a barred delegate, in preparing a survey that branded the congress leadership as communistic.

The former boxing champion came from New York to Chicago by plane today and then took an automobile to Lake Geneva. In Chicago he said the congress leaders had executed a "rinky-dink" to keep his friends, pledged to oust the communists, out of the convention.

Tunney Charges Trick.

These friends numbered about 65. Ostensibly they were kept out on a technicality—that they hadn't registered as delegates by June 5 in New York. Tunney said this was a trick. Members of the group asserted the rule had been waived in favor of communistic and fellow traveler organizations, but kept in effeect for the anti-communist group.

Among the barred delegates were representatives of the Young Republicans, Young Democrats, Junior Chambers of Commerce, Jewish Youth, Knights of Columbus, and Federated Russian Orthodox clubs of America. Among them were several Negroes.

The convention, which claims to represent 5,000,000 young Americans, has 482 delegates, of whom about 120 represent labor unions. Most of these unions are C. I. O. affiliates. About 200 official observers, who have no votes, are also attending. The convention is to last thru Sunday.

Tunney, who looked tan and fit, posed for pictures with Eddie Church, chairman of the Young Democrats of Detroit; Henry Groehn, chairman of the Young Republicans of the same city. They are of the ousted delegate group. The former champion congratulated them on their uniting "for Americanism and against the fifth column."

HUNT 2 BANDITS FOR $22,500 GEM ROBBERY IN CAR

Police were searching last night for two masked bandits who earlier in the day robbed a motoring party of $22,500 in jewelry, furs, and currency. The victims are Daniel F. McMahon, manager of THE TRIBUNE'S local advertising department; Harry D. Crooks, owner of Crooks Terminal Warehouse company, and their wives.

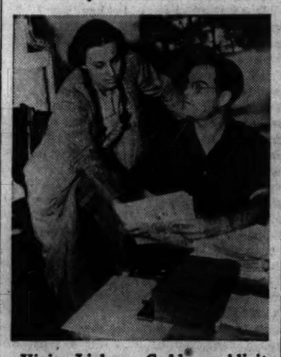
The four were returning from the Bon Air Country club when the bandits stopped their car near Cicero and Touhy avenues in Lincolnwood.

The robbers took jewelry valued at $15,000 from Mrs. Crooks and three rings valued at $5,000 from Mrs. McMahon. They also took furs from the women and currency from the men.

Foes of Communists Greet Tunney

[TRIBUNE Photos.]

Gene Tunney, former heavyweight boxing champion, was welcomed at Lake Geneva, Wis., yesterday by a pro-American group of delegates barred from the American Youth congress. Left to right: Albert Tavarozzi and Ed Church, both of Detroit; Tunney, Henry Groehn of Detroit, and Murray Plavner of New York.



Vivian Liebman Cadden, publicity director whose invitation to address the congress was declined by Tunney, and her husband, Joseph, executive secretary of the organization.

TELLS OF GETTING $100 TO ACQUIT IN JURY FIX TRIAL

Witness Gives Details as State Ends Case.

The state completed its case yesterday against four persons accused of having fixed an election fraud jury last December after another juror testified that he accepted a $100 bribe to vote for acquittal. The defense will open Monday. The trial is before a jury in Judge James F. Fardy's Criminal court.

On trial are Attorney George M. Crane, James Creed, former personal bailiff to Judge Joseph Graber and now superintendent of city dumps; John Howe, a discharged state policeman and convicted robber, and Sam Orlando, a Democratic precinct captain of the 11th ward. The alleged jury fixing occurred at the trial of Orlando and one of his precinct workers, Joseph Vinci.

Tells of Being Bribed.

The juror who told of being bribed is James McNamara, 5527 Shields avenue. At the close of the second day of the election fraud trial, McNamara testified, a friend, Edward Reynolds, owner of a tavern at 5428 Wentworth avenue, said that two men wanted to see McNamara in the latter's home which was then at 5360 South Wells street. The men called that night.

One of them, McNamara said, was Joseph Callahan, a gambler, who is under indictment for conspiracy, but is a fugitive. McNamara said he never saw the other man clearly.

"Callahan told me," McNamara testified, "that there was $100 for me if I would vote for acquittal. I said 'It looks pretty bad for the defense,' and he said, 'Yes, but $100 is a lot of money.'" McNamara said he later received the money thru Reynolds, who gave it to McNamara's brother-in-law.

Witness Refuses Offer.

Another member of the Orlando-Vinci jury, Matthias Schumacher, testified that during the trial a court reporter, Mrs. Kathryn Sheridan, 111 North Lamon avenue, brought him an offer of a new suit of clothes from Attorney Crane if he would vote to acquit. The witness said he refused the bribe.

The concluding witnesses were policemen from the state's attorney's staff, who told of seeing Orlando and Crane enter two south side taverns a few minutes after the arrival of two women members of the jury. Both women, Mrs. Martha Aumond and Mrs. Lillian Connors, testified earlier that they had received bribes in money.

ORDER ARREST OF DEFENDANT IN SEDITION CASE

New York, July 5 (AP).—Federal authorities today ordered the arrest of William Gerald Bishop, now held on a sedition charge, as an alien illegally in the United States.

Bishop was one of five defendants in the recent Brooklyn sedition trial on whom the jury disagreed, and is awaiting retrial in August.

The alien charge, contained in a warrant received from Washington, D. C., resulted in his bail being increased from $5,000 to $7,000.

At the trial, Bishop said he was born in Salem, Mass., 39 years ago; that his birth record was destroyed in a fire; that at the age of 1 he was taken to Canada and five years later to Europe, spent the world war years in an Austrian internment camp, and afterward returned here.

Evidence was introduced purporting to show that on several occasions he had claimed other birthplaces.

ENDS LIFE WITH GAS.

William A. Stege, 59 years old, a street car conductor, ended his life yesterday by inhaling gas from a stove in his home at 6332 Melrose street.

3 JUDGES STAY HOME; 300 GO IN VAIN TO COURTS

Three hundred principals, witnesses, attorneys and policemen had a nice long ride out to the Criminal courts building at 26th street and California avenue, and back again yesterday. And all for naught.

They were to appear in cases scheduled for the Felony, Safety and Jury court branches of the Municipal court. But the three courtrooms were locked. All of the remaining 37 courtrooms of the court were open, except six whose judges were ill or on vacation. The three missing were Judges Francis Borrelli Felony; Gibson E. Gorman, Safety, and Joseph B. Hermes, Jury.

Chief Justice J. Sonsteby said the three judges closed their courts without orders and without authority. He said they would be called in for an explanation.

Judge Borrelli said his court was not opened because there were no cases scheduled on his calendar. Also, he said, the grand jury was not sitting and no cases could be taken from the court to the jury, as is the custom.

BOMBING AT FAIR PUTS SPOTLIGHT ON ALIEN MINDED

Officers Consider Theory of Retaliation.

BY WILLIAM FULTON.
[Chicago Tribune Press Service.]

New York, July 5.—The explosion of a bomb as it was being taken from the British pavilion at the New York World's Fair yesterday focussed attention today on the secret activities of the un-American and alien minded groups here. Two policemen were killed when the bomb was touched off.

National headquarters of the communist party in 12th streets, New York City, was bombed two weeks ago. Beyond shattering a plate glass window in a radical bookstore, that bombing did little damage, but investigators are looking into the possibility of retaliation as the motive behind the exposition bombing.

At the same time the police were questioning August Klapprott, president of the New Jersey German-American bund and Matthias Kohler and William Kunze, trustees of the pro-Nazi organization. The trio were arrested yesterday for violating a Jersey law against un-American activities. It was recalled the German consulate in New York City was also bombed two weeks ago.

Third Suspect Group.

Still a third suspect group in this polyglot city was the Irish Republican army, violent anti-British group which has been responsible for railway station and bridge bombings in England. Police were investigating a report that dynamite stolen from a WPA project here was used by the I. R. A. for the attempted blowing up of the British pavilion.

Under closest scrutiny, however, were the communists who demonstrated their terrorist talents in the sitdown strikes of the last few years and more recently in the abortive walkout at the Kearny, N. J., shipyards where construction work on six fighting ships for the United States navy was halted.

The Detectives Benevolent association announced a $1,000 reward and Mayor La Guardia declared next week the board of estimate would add $25,000 to the sum for the arrest and conviction of the perpetrators of the bombing. Other sums are expected to be added.

Communists in New York City are a compact group of fanatics, saboteurs and labor racketeers hewing to the party line laid down by Stalin in Moscow. Backbone of the line today is resistance to rearmament of the United States or any preparedness program which might be turned against soviet Russia, a tacit ally of Germany since the two nations signed a nonaggression pact.

Plank in its Platform.

This was in the platform adopted by the party at its national convention a month ago when Earl Browder, general secretary and convicted passport defrauder, was nominated for President.

In their search thru the Red forces, New York detectives were hampered in covering the field because communist operations have become so far flung in scope. Building up of communist influence and power was accomplished thru coddling and aid of city, state, and national administrations. The party in return supported President Roosevelt, Mayor La Guardia, and Gov. Herbert H. Lehman.

In their last showing of numerical strength at the 1938 election the New York communists indorsed Gov. Lehman for reëlection. They mustered 105,000 votes for Israel Amter, their candidate for congressman at large. Lehman beat District Attorney Thomas E. Dewey, the Republican nominee for governor, by 64,500 votes so the communists plainly wielded the balance of power.

Control American Labor Party.

In New York county today the communists have complete control of the American Labor party, of which Mayor La Guardia is a member. The state leaders of the A. L. P. are anti-Stalinites and are waging a fierce struggle for control.

Besides its actual party members, the Red organization has considerable reserve strength in sympathetic peripheral groups or "fellow travelers." Browder called them "transmission belts" for communist propaganda in his testimony before the Dies congressional committee several months ago. He mentioned several of them as follows:

Workers' alliance, American League for Peace and Democracy, American Youth congress, National Lawyers' guild, American Students' union, National Negro congress, World Youth congress, Southern Conference for Human Welfare, Negro Youth congress, Consumers' National federation, and American Civil Liberties' union.

The Red leader also spoke of aid from "the churches" and "the colleges."

Dominate Some Unions.

The principal strength of the communists in a war crisis lies in the unions they wholly or partially dominate. John L. Lewis' organization of the Congress of Industrial Unions was greatly helped by the communists and the Reds obtained key positions in the labor groups.

Here in the port of New York the communists dominate the maritime industry thru the National Maritime union of 15,000 seamen, the shipyards workers, and telegraphers. Stalinists are in control of the transport workers' union embracing subway workers, street car conductors, bus operators, elevated men, and taxi drivers.

Other communist dominated union groups include the state, county, and municipal workers, radio workers, newspaper guild, and dairy farmers.

DR. W. W. ALEXANDER TO ASSIST IN YOUTH TRAINING PROGRAM

Washington, D. C., July 5 (AP).—The defense commission announced today that Dr. Will W. Alexander, recently head of the Farm Credit administration, would devote his time as a commission aid to planning a youth training program to meet defense requirements.

Dr. Alexander resigned recently as farm security administrator to become vice president of the Rosenwald Fund, with offices in Chicago, and his services are being loaned by the Rosenwald Foundation.

One of his tasks will be to coordinate the work of the CCC, NYA, and the office of education, all youth training agencies.

Also announced today were appointments of Dr. C. H. Judd of Chicago to be director of the NYA student work program, and of John H. Lasher, youth administrator in Wisconsin, to be director of the work projects division in the Washington NYA office. Dr. Judd, chairman of the department of education at the University of Chicago, has been on the NYA staff as a consultant for nearly two years.

Woman with $13,695 Cash Hoard Sent to Sanatorium

Judge Nuncio J. Bonelli dismissed a technical charge of disorderly conduct yesterday in Women's court against Mrs. Rebecca Ryan, 70 years old. Mrs. Ryan had told the court previously she thought $13,694 in cash found in her hotel room at 5610 Dorchester avenue was "only a few hundred dollars." Judge Bonelli was informed that at Psychopathic hospital, where she had been sent for examination, Mrs. Ryan was found to be suffering from senile dementia and had been sent to a sanatorium.

POLICE CAPTAIN MOVES TO CLOSE KITTY DAVIS BAR

Asks License Be Revoked; Place Called a Dive.

Capt. Thomas Duffy of the central police yesterday recommended to Commissioner Allman that all licenses issued to Just Kitty Davis, Inc., be revoked. Katherine Davis, her husband, Daniel, and A. J. Miller operate a bar and restaurant at 245 South Wabash avenue.

Capt. Duffy's recommendation called the establishment a nuisance. Another report, by Capt. John Howe, assigned to the commissioner's office, referred to the place as a dive. Specifically, the police charged operation of gambling games, sale of liquor to minors, employment of girls under age, and improper supervision of patrons.

Follows Saturday Night Raid.

Capt. Howe's information was obtained thru Sergt. Frank O'Sullivan, also of the commissioner's office, who with eight policemen visited the bar last Saturday night. Sergt. O'Sullivan reported his men found "necking" in progress in both the ground floor and mezzanine barrooms and that three "high low" games were in operation.

"The girl throws the dice after you have bet from 25 cents to a dollar," O'Sullivan explained. "Then you throw them. You have to top the number she threw. All ties go to the house."

Seven girls, apparently of high school age, were seated at a bar, but were not questioned, police said. They did question a youth who was drinking rum, however, and found him to be a minor, they stated. With him were three young girls. Four young men, one 20 years old, were drinking beer.

Girl Hostess Raped.

The reports to Allman also mentioned the case of a girl hostess in the place who was enticed into an automobile by two men last Wednesday night and raped. She is 17 years old and had been working at Kitty Davis' a year and a half, the report states.

Police stated the din in the place was terrific, and that no effort was being made to control the patrons. When Sergt. O'Sullivan approached Daniel Davis, he said, Davis gave the name George Silver. Capt. Duffy asserted last night that Davis had been warned three times to discontinue gambling games.

Mrs. Davis didn't appear to be disturbed by the police visit, Sergt. O'Sullivan stated, quoting her as saying:

"There's never a dull moment here until the police walk in."

BRIDE LEARNS THAT DESPITE HER FATHER'S WILL THERE'S A WAY

Newark, N. J., July 5 (AP).—Virginia Cocalis, 24 years old, the girl who preferred romance to a $25,000 legacy, married the man of her choice today, but Cupid's victory will be gilt-edged after all.

Virginia Cocalis. [Tribune Photo.]

Her sister, Mrs. Maria Cabouras, who received $25,000 when she abided by the terms of her father's will and married a man of the Greek Orthodox faith, said the newlyweds would receive many gifts from time to time from the family.

The bridegroom was George McMillan, 27, a Baptist, of Knoxville, Tenn. The couple met while employed in governmental agencies at Washington, D. C. Miss Cocalis was a Wellesley college graduate.

SERIOUSLY HURT BY FIRECRACKER LIT AS CIGARET

Henry Harrast, 39 years old, found a firecracker in front of his home at 1942 South Ridgeway avenue last evening. He dropped it into a pocket and later put it into his mouth, absently thinking it was a cigaret. The blast that followed tore his lips, burned his face, and seriously injured one eye. He was taken to St. Anne's hospital.

Dolores Smith, 11 years old, 6113 Woodlawn avenue, was burned on her left leg, back, and left side when a firecracker which she broke open and lit in the middle flared up and ignited her dress. She was taken to the county hospital.

DODGERS BEAT BEES IN 20 INNINGS, 6 TO 2

16 JUVENILES NAMED FOR HYDE PARK STAKES TODAY

TEST IS FIRST OF 3 AT ARLINGTON FOR 2 YEAR OLDS

Futurity and Lassie Eligibles to Run.

The Field

SIXTEEN 2 year olds are entered in today's Hyde Park stakes at Arlington Park. The field follows:

Horse and jockey—	Wt.	Prob. odds.
Whirlaway, S. Clark	117	4-1
De Kalb, C. Bierman	117	7-2
Hi Pov, no boy	117	10-1
*Cuantos, A. Ashcroft	117	5-1
*Sun By, J. Ashcroft	114	5-1
Clarksville, J. Richard	117	12-1
Air Brigade, J. E. Gros	117	10-1
†Valdina Myth, H. Litzenberger	116	12-1
†Valdina Groom, H. Lit'berger	114	12-1
Flying Streak, no boy	114	20-1
Swain, no boy	114	6-1
Asael D., M. Packer	114	20-1
Misty Isle, K. McCombs	114	4-1
New Englander, A. Craig	112	20-1
Agricole, H. Bauer	112	20-1
Darby Dulcet, A. J. Fernandez	111	20-1

*Boeing entry.
†Valdina farm entry.

BY HOWARD BARRY.

The struggle for Arlington Park's juvenile championship will begin in earnest today with the running of the $5,000 Hyde Park stakes, first of the meeting's three important events for 2 year olds. The overnight entries include 16, nine of which are eligible for either the Lassie stakes next Saturday or the Futurity, which is scheduled for July 27.

Whirlaway, Cuantos, Swain, Asael D., Valdina Groom, and New Englander, all of which are to race today, are candidates for the Futurity, which will gross in the neighborhood of $50,000. Misty Isle, Valdina Myth, and Darby Dulcet will be testing their chances for the $30,000 Lassie stakes.

Among the dangerous contenders in the Hyde Park stakes, however, is a colt which is not nominated for either of the richer events. This is Jake Lowenstein's De Kalb, which will get considerable backing because of his excellent performances in recent starts.

Whirlaway Scores by Length.

Under equal weights of 117 pounds De Kalb and Calumet Farm's Whirlaway will renew their duel where they left off last Tuesday. On that occasion Whirlaway, with a weight advantage of seven pounds, came up swiftly in the stretch to catch De Kalb and beat him by a length after the Lowenstein colorbearer had set a fast early pace. De Kalb had been at the half in :46 2-5, but gave way in the last 16th, while Whirlaway went on to win in 1:05 2-5.

Three other Hyde Park eligibles, Valdina Groom, Hi Pov, and Darby Dulcet, tried to keep pace with Whirlaway and De Kalb in that test last Tuesday, but they could do no better than third, seventh, and tenth, respectively.

Both of W. E. Boeing's representatives, Cuantos and Sun By, won preparatory races. Cuantos beat Valdina Myth, Asael D., Clarksville, and Hi Pov last Saturday, and Sun By won a maiden race on Wednesday.

Detroit Bull Wins.

The Bomar stable's Detroit Bull and John O. Keene's War Beauty were the winners of the two feature races yesterday. Detroit Bull scored his victory after a hard stretch drive, in which Jockey Al Craig landed him at the finish line a nose in advance of E. E. Fogelson's Smart Crack. Milk Way farm's Tiger was a neck farther back.

War Beauty won by a much more comfortable margin. Jockey Shelby Clark brought her up along the rail to take the lead in the stretch after Pink Diamond and Blue Flyer had set the early pace. War Beauty drew away to win by more than two lengths, while Blue Flyer outstayed Pink Diamond for second place.

Detroit Bull paid off at $15.20, $7.40, and $4.80. War Beauty was the even money favorite, returning $4, $3, and $2.80.

Runnin' Wild!

There's always the chance that one of the great backs on the College All-American or the Green Bay Packers football team will run wild thru a broken field to win the game when these two teams meet on Soldiers' field the night of Aug. 28. But whether a player achieves this fame or not you'll want to see the seventh annual charity contest sponsored by Chicago Tribune Charities, Inc., for there's action aplenty ahead. Send your check or money order, made payable to Chicago Tribune Charities, Inc., to All-Star ticket manager, Tribune Tower. The prices

$4.40, $3.30, $2.20, $1.10

THE GUMPS—GOOD GUESS, DOC!

OH, THE DIVINE MAGIC OF LOVE! I USED TO BELIEVE HAPPINESS WAS NAUGHT BUT A WILL-O-WISP THAT LED MEN DEEP INTO THE VALLEY OF DESPAIR—
7-6
BUT MY DARLING LITTLE COUNTESS HAS CHANGED ALL THAT! MY LIFE IS COLORED WITH THE DAZZLING HUES OF JOY! I'M TO BE MARRIED TODAY!!
GUS EDSON
BUT WE HAVE TO BE CAGY— I'M PLANNING TO FORESTALL THE BIG WEDDING CEREMONY THE GUMPS WILL MOST CERTAINLY EXPECT— THEY MUST NOT KNOW!!
HOW IS MY PATIENT TODAY? WHY, YOU SEEM AS NERVOUS AS A BRIDEGROOM!
ER-AWK!

GAME SETS BIG LEAGUE RECORD OF 5 HRS. 19 MIN.

Medwick Hurt Again by Pitched Ball.

(Pictures on page 15.)

Boston, Mass., July 5 [Special].—Scoring four times in the 20th inning, the Brooklyn Dodgers today beat the Bees, 6 to 2, in the season's longest major league game and held their one game margin over the Cincinnati Reds.

The Dodgers came here by plane—the fastest way — only to play the longest contest in major league history in point of time—5 hours and 19 minutes. The previous time record—5 hours and 15 minutes — also was set here by Brooklyn and Boston on June 27, 1939. Darkness ended the 2 to 2 tie game after 23 innings.

Played Longest Game.

Brooklyn and Boston National league teams also figured in the longest game in major league history when they fought to a 1 to 1 tie here May 1, 1920. Joe Oeschger and Leon Cadore of Boston and Brooklyn, respectively, pitched the entire game—and never were really effective after that. Oeschger yielded 15 hits in the 26 innings and Cadore only nine. In contrast, Brooklyn used five pitchers today and Boston four.

While today's game required 5 hours and 19 minutes, the 26 inning game of 20 years ago was played in 3 hours and 50 minutes until halted by darkness. In that record breaking game Brooklyn scored in the fifth on Ernie Kruger's single, Cadore's infield out, and Ivy Olson's single. Oeschger blanked the Dodgers—who won their last pennant that year—for the next 21 innings. The Dodgers tied up the game in the sixth when Wally Cruise tripled and, with two out, scored on Tony Boeckel's single.

In their next game, played May 3, 1920, the Dodgers and Braves—as the Bees were then known—battled for 19 innings before Boston won, 2 to 1. That record of playing 45 innings in two consecutive games still stands.

Record in Minors.

The longest minor league game is also 26 innings, played by Bloomington and Decatur of the Three Eye league in May, 1909. Decatur won, 2 to 1.

The second longest major league game was a 24 inning contest played between the Philadelphia and Boston American league teams on Sept. 1, 1906, the Athletics winning, 4 to 1. Last year's 23 inning game between Brooklyn and Boston is the third longest.

There have been two 22 inning games. Pittsburgh defeated Brooklyn, 5 to 0, Aug. 22, 1917, while the Chicago Cubs won from Boston, 4 to 3, on May 17, 1927. On May 17, 1939, Brooklyn played a 9 to 9 19-inning tie with the Cubs in Chicago.

Bees Tie It in Ninth.

Luke Hamlin, first of five Brooklyn pitchers today, stayed nine innings and was one out and one strike away from a 2 to 1 triumph in the last half of the ninth. Then Eddie Miller doubled off the left center wall and Phil Masi brought him home with the tying run with a single to left.

When Buddy Hassett doubled off Hamlin to open the 10th Manager Durocher sent Hugh Casey to the rescue. He stayed 9⅓ innings. He walked eight men, five intentionally, yielded six hits—including two doubles—yet the Bees could not score.

The Bees filled the bases in the 11th after the first of Max West's three doubles, with one out, and had two on in the 12th, but couldn't score. West doubled again in the 15th and the bases were filled once more on Carvel Rowell's short single to left and the second of Casey's three intentional passes to Miller. But Masi hit into a double play and repeated

[Continued on page 15, column 2]

West Siders Pay Tribute to Hawaiian Boxers

The Hawaiian boxing team which meets representatives of the Chicago Catholic Youth organization in bouts on Soldiers' field Wednesday night was extended a warm welcome by a crowd of 25,000 in Garfield park last night. The Rev. Robert Schoofs of Hawaii (left) and Bishop B. J. Sheil, founder and director of the Chicago C. Y. O., accompanied the team. The boxers included: Paul Inamine, Henry Oshiro, William Gonzales, Richard Chinen, Chester Ling, Ray Quintal, Frank Fernandez, Salvador Leboy, Dan Fernandez, and George Medeiros, heavyweight. [TRIBUNE Photo.]

25,000 CHEER BOXING TEAM FROM HAWAII

On W-G-N Today

RADIO station W-G-N will air a preliminary to the boxing tournament between the Chicago team of C. Y. O. boxers and visiting champions from Hawaii at 5:15 p. m. today. Bishop Bernard J. Sheil, Arch Ward, sports editor of The Tribune; captains of the two teams, and coaches of the squads will be interviewed. The teams meet on Soldiers' field Wednesday night.

BY FRANK MASTRO.

The amateur boxing champions of Hawaii were introduced to a crowd of 25,000 in Garfield park last night. Chicago's west side citizens gave the visitors a rousing welcome as they marched onto the reception stand as the Catholic Youth organization's 100 piece band played "Blue Hawaii."

Monday night the boys from the Pacific isles will be introduced to south side boxing fans in Davis Square park. Thereafter the boys will mark time for a series of bouts with a C. Y. O. delegation in Soldiers' field on Wednesday. They will conclude boxing drills in C. Y. O. center gymnasium Monday afternoon.

More than 30,000 are expected to attend Wednesday's event, proceeds of which will go to the C. Y. O. fund to aid needy youths. Seats still are available at ticket headquarters at 31 East Congress street.

Thomas Bowler, Circuit Court clerk, representing Mayor Kelly, delivered Chicago's official welcoming address. He was followed by George T. Donaghue, superintendent of the Chicago park district and president of the Central association of the A. A. U., and the Most Rev. Bernard J. Sheil, who founded the Chicago C. Y. O. ten years ago.

"The A. A. U. knows about these boys," Mr. Donaghue said. "We have a branch of the association in Hawaii. A few weeks ago these young men appeared in the National A. A. U. tournament in Boston and knocked the ears off our best fighters, returning to their homeland with two championships and the team trophy. This is to warn the C. Y. O. team that it better have a good defense or its string of team victories will be snapped."

Three Homers Score 9 Runs; Cubs Wallop Cardinals, 11 to 5

BY IRVING VAUGHAN.
[Chicago Tribune Press Service.]

St. Louis, Mo., July 5.—The Cubs, who usually are satisfied with singles, enjoyed a rare feast this afternoon. They found not only singles, but also a brace of homers on the table. So they gorged themselves to make up for lean days and administered a snappy thrashing to the St. Louis Cardinals in the final of a three game series. The score was 11 to 5, nine of the victors' runs accruing from nonstop wallops by Augie Galan, Glen Russell, and Bill Nicholson.

Galan, whose batting failures have kept him in the rôle of a bench warming waif most of the season, did his feasting early. He clicked for his No. 3 homer with two on base in the first against Maxie Lanier, who, when jostled by a series of singles in the next inning, was mercifully removed. Then the Cubs were docile until the fifth when with one run already registered off Carl Doyle and the bases full, Russell contributed his four base effort, also his third of the season. For good measure Nicholson hit his tenth with one on in the ninth.

Battle Ends in Flurry.

Altho the Cubs had an early 4 to 2 lead and a 9 to 2 edge by the time their fifth inning workout was completed, the battle didn't end without the customary flurry in Gabby Hartnett's undermanned pitching department.

Vern Olsen, the kid southpaw, encountered a homer by Johnny Mize and another run in the second inning, but then settled down and went as far as the end of the seventh on an allowance of four hits. The Cards, however, roughed him up with a homer by Terry Moore and a few other items in the eighth. Just to keep on the safe side Manager Hartnett summoned Ken Raffensberger for a finishing job. Raffensberger didn't falter.

The 15 Cub hits off the three Cardinal hurlers were so well scattered that every Chicagoan in action got at least one. Billy Herman picked up more than his share of singles. He ripped off one in the first to assist in the three run bulge for Olsen. He repeated in the second, driving in the run that drove away Lanier. He hit again in the fifth, but got home before Russell let loose his base clearing wallop. And Bill singled in the ninth. In between the last two hits he drew a pass.

Hack Travels Too Far.

The first inning was just about to turn into a fadeout when Galan intervened. Hack opened the game with an infield single and Herman lined a single to right. It didn't occur to Hack, however, that a stop at second might be advisable. Pepper Martin threw him out by yards at third base. Gleeson walked and when Nicholson fouled out it appeared there would be more additions to the left on base total. Galan then hit his No. 3 homer into the seats, not many inches on the safe side of the left field foul line.

The Cubs were guilty of more strange base running in the second, hence getting only one run on four hits. Collins started the rout of Lanier by singling to center and stopping at second on Mattick's single to right. A moment later Collins wandered off second and wasn't able to escape the trap. After Olsen had filed out, Hack singled to center, putting Mattick on third. A single by Herman sent Mattick home and also sent Lanier into eclipse. Doyle coaxed a

BY EDWARD BURNS.

The slugging White Sox yesterday swept their series with the St. Louis Browns by banging home 10 runs while the Browns had to be content with 8, despite homers by Harlond Clift and Walter Judnich and a triple with the bases loaded by Rip Radcliff.

The Sox's Big Six twins, Taft Wright and Luke Appling, continued powerful with the wood. Taft socked a double and two singles in four times at bat to lift his mark to .3601, two more points than that with which Radcliff led both leagues before yesterday's games, and a fraction of a point over Radcliff's .3599 after Rip's triple and a double in his last two times at bat which followed two failures. Thus Wright leads all hitters, tho tied with Radcliff in round numbers at .360. Luke Appling raised his batting average two points to .349.

Sox on Hitting Rampage.

The Sox made 13 hits, to which the fast rising Julius Solters contributed his fourth homer and a single. The team has made 72 hits in its last five games, an average of 14½ hits a game, which really is bruising the ball.

John Rigney was the starting pitcher and did not allow a Brownie to reach first base until he blew up in the fifth, in which the St. Louisans made five runs to assume a brief 5 to 4 lead. Pete Appleton replaced Rigney and accomplished his second victory of the season.

The rampant Sox lost no time in renewing the batting rampage they had carried on thru their four prior contests. In the first inning Joe Kuhel tripled to drive home Skeeter Webb, who had walked, and Joe scored on Solters' fly to Radcliff.

Error Helps Sox.

In the second inning the Sox loaded the bases with none out, but were able to eke out only one run from the setup. Appling pushed off with a single after which Johnny Berardino dropped the middle of a projected double play when Don Heffner had come up with Mike Tresh's grounder. Bob Kennedy bounced a single over Eldon Auker's head, loading the bases. Rigney popped to Berardino and Webb fanned, but Larry Rosenthal walked,

Because of the drouth, much of the natural pasturage is drying up, with the result that a nicely watered green seems to be more than enough to overcome the animal's shyness.

A Hard Loser.

There's only one thing I have against Cousin Gootch. He's a hard loser. For example—last year he was making his debut as a pitcher on the home town's baseball team. In the eighth inning, after he had struck out 21 in succession, he slipped a bit and walked a man. Well, he stared at the ground a moment, threw down his glove in disgust, and walked off the field muttering, "Shucks, this game's a sport. I can't play it for money."
—Eddie Drake.

NOTICE to insurance Policyholders paying 10c a month with subscription: Be sure your subscription is continued while you are away or insurance will expire.

This Is Our Land!

The greatest privilege that life can give
Is a free land—wherein we all may live.

Where each stripe in the flag that flies above,
Is built on basic principles of love.

And every star, that's framed in brilliant blue,
Is emblem of a state steadfast and true.

All men who live beneath this banner here,
Know only peace, for them there is no fear.

For them no whistling shells or deafening roar—
Or fleeing from a home that is no more.

We value freedom for we know its worth,
We'll guard it, lest it perish from the earth.

That from the ramparts high—from sea to sea—
May ever wave the standard of the free!

ARLINGTON ASKS CHANGE IN RULE ON RACE STARTER

Allen Proposes Refund When Horse Is Hurt.

John D. Allen, president of Arlington Park, yesterday sent a recommendation to the Illinois Racing commission asking for a change in the rule which defines a starter as any horse which has left the paddock and has entered the track on its way to the post. Allen took this action after a conference with Walter Gregory, president of Washington Park. He recommended that a new rule be written providing for a refund out of the mutuel pool to those holding tickets on a horse which is excused by the stewards before the actual running of the race.

Chicago turf fans interpreted this action as a response to public dissatisfaction over a series of incidents last season and this season in which horses were withdrawn because of injuries during the parade to the post or in the starting gate. The mishaps were climaxed last Thursday when Porter's Mite was hurt and withdrawn after $12,000 had been bet on him.

Refund Illegal Under Rule.

Under the present racing commission rule, it would have been illegal to make a refund from the pool. The track would have had to pay the money out of its own resources, thereby setting a precedent which might lead to a disastrous loss in case of injury to a favorite in a big race.

Allen's recommendation follows:

"I desire to urge your commission to change the following rule:

"'A horse is a starter for a race when it has left the paddock and entered the track on its way to the post.'

"And substitute in lieu thereof a rule which makes it possible for the racing association to refund to the customers all money wagered on any horse excused by the stewards for any reason before the actual running of the race. The money refunded shall be deducted from the pool.

Public Wants Change.

"This request is made for the following reasons:

"We believe it would meet with public favor because the great percentage of racing patrons do not feel that their wager on any horse should be lost without said horse having had an opportunity to compete in the actual running of the race.

"We believe the rule works a hardship on any racing association that is doing its utmost to give proper and fair consideration to the interests of its patrons. A large percentage of the public is under a misimpression that the racing association benefits by reason of a situation where a horse is a nonstarter after entering the confines of the race track, and notwithstanding the prominence given to the present rule as printed in the program.

Would Have Preferred Refund.

"Our association would have liked to have refunded the amount of money that was wagered by the patrons on Porter's Mite July 4. We felt that it was too dangerous a precedent to establish for the reason that a similar situation could occur in the future whereby the refund, which under the present rules would have to be paid out of the pockets of the association, could amount to a staggering loss to the association.

"I have discussed the contents of this letter with Mr. Walter L. Gregory, president of Washington Park, whose meeting follows ours, and I am pleased to inform you that he wholeheartedly subscribes to the change."

THISTLE DOWN ENTRIES.

FIRST RACE—Purse $600, claiming, 3 year olds and up, 1 mile and 40 yards:

Time, 1:53 3-5. Two dollar mutuels paid: Brown Comet, $77.40 straight, $26.80 place, $13.40 show; Fair Haste, $44.00 place, $20.60 show; Bright Victory, $2.80 show. Winner trained by W. C. Hobson. Went to post at 5:42½. Off at once. Start good, from gate. Won easily, place driving.

BROWN COMET, improved his position on the outside, went into command after entering the stretch and won easily. FAIR HASTE, in close quarters after racing forward, found room approaching the stretch, and finished strongly. BRIGHT VICTORY, hustled to the front, set a good pace, was unable to withstand the winner and tired rapidly near the end.

SUFFOLK DOWNS RESULTS.

FIRST RACE—Purse $1,000, claiming, 3 year olds and up, 6 furlongs [chute]:

Athanasian, 105 [Bates]	6.40	4.20	3.00
Ghost Train, 120 [Atk'son]		5.00	3.00

GIANTS EXPLODE 17 HITS; DEFEAT PHILLIES, 15 TO 2

Score 8 Runs in 2d; Cliff Melton Tames Foe.

New York, July 5 (AP).—The New York Giants partly made up for their shabby showing in the Dodgers series by whaling out a 15 to 2 victory over the Phillies today. Hugh Mulcahy and Lefty Lloyd Brown of the Phillies were touched for 17 hits, while Cliff Melton went the route, scattering seven hits for his eighth victory of the season. In the second inning the Giants scored eight runs and retired Mulcahy. Score:

REDS SWEEP SERIES.

Cincinnati, O., July 5 (AP).—The Reds today came from behind with three runs in the ninth for a 5 to 4 victory over the Pirates and a clean sweep of their three game series. The rally was touched off by Lonnie Frey's double. Ival Goodman was saved by Arky Vaughan's fumble. Frank McCormick singled to score Frey. Mace Brown replaced Danny MacFayden. Ernie Lombardi lined out, but Harry Craft singled to score Goodman and Morrie Arnovich's single scored McCormick. Score:

Towers Club Keeps Lead in A. A. U. Swim

Santa Barbara, Cal., July 5 [Special].—The Towers club of Chicago today retained the lead it built up yesterday in the National A. A. U. swimming and diving meet here, altho Ohio State university's Al Patnik and Earl Clark, divers, and distance swimmers from the Alexander House, Maui, Hawaii, cut into the Chicagoans' margin.

The Chicago team scored 18 points in winning both of yesterday's events, while the Hawaiian team built its total to 11 today when Bunmei Nakama, 16 years old, upset predictions by winning the mile free style event by 50 yards. Ohio State scored 8 points to take third place when Patnik, in a farewell performance, retained his three meter springboard title and his teammate and closest rival, Earl Clark, finished second.

Swims Away from Field.

Nakama, slender young brother of Kiyoshi Nakama who had failed to retain his 220 yard crown yesterday, made a show of the field in the mile today. Regarded as only a fair prospect by his teammates inasmuch as he was engaging in major competition for the first time, he took the lead at the half way mark and from that point simply swam away from the field. William Smith of Honolulu touched out Rene Choteau of Yale university for third place. Nakama's time was 21 minutes 31 4-10 seconds, while Smith finished in 21:47.2, and Choteau in 21:47.4. José Balmores of Maui was fourth.

Patnik scored 163.8 points to Clark's 160.94 in winning the highboard diving title. He trailed Clark by a point after the five compulsory dives, but scored 99 in the optional back one and a half layout to Clark's 72.6 to take command.

Patnik Ends Competition.

Clark, the only diver who ever defeated him in four years of major competition, outscored him in the qualifying round yesterday also. Today the two easily stood out in the field, the winner of third place, John Hood of Hayward, Cal., scoring only 147.23 points.

Following today's competition Patnik said he would retire to go into business in Cleveland.

Parichys Beat Rivals, 10-7, on Elaine Groth's Triple

A five run rally in the ninth inning, featured by Elaine Groth's triple with the bases loaded, gave the Parichy Bloomer Girls a 10 to 7 victory over the Rivals on Spencer Coals field last night. Alice Reid for the Parichys and Catherine Castator for the Rivals were starting hurlers, but both gave way to relief pitchers with Laura Bishop, who took over in the third inning, being credited with the victory. In a nonleague game the Raab Tailors defeated the Atlas Beers, 10 to 5, at Midway stadium. Tonight the Rivals meet the Jewels of Cincinnati, O., and the Parichy Girls play the Holts of St. Louis in Parichy stadium.

MOON MULLINS—AN EYE FULL

Dodgers Beat Bees, 6 to 2, in 20 Innings

[Continued from first sport page]

that futility in the 17th with two on and one out.

Kimball Winning Pitcher.

Casey finally was taken out after walking Gene Moore to start the 19th and getting Chet Ross on a grounder to Reese. Vito Tamulis came in to issue an intentional pass to West and immediately was replaced by Newell Kimball, who became the winning pitcher. Newell fanned Miller to end that inning, but went wild in the finale, after the Dodgers had given him the victory.

He walked both Masi and Johnny Cooney, the latter batting for Joe Sullivan, and Durocher hastily summoned Tex Carleton, who disposed of the next three Bees with no trouble.

Sullivan, charged with the loss, pitched beautifully from the 10th to the 20th, yielding only two singles by Blimp Phelps and another by Pete Coscarart. But Dixie Walker opened the final inning with a single off Sullivan's glove. Jimmy Wasdell bunted, Sullivan's throw bouncing off Jimmy's back at first to put runners on third and second.

Walks In Winning Run.

Sullivan purposely walked Gus Mancuso and then unintentionally passed Camilli to force home the winning run. Then Dick Coffman took over without success. Miller fumbled Joe Gallagher's grounder and Wasdell scored. Coscarart popped to Miller and Kimball forced Durocher, running for Mancuso.

Peewee Reese singled to left, scoring Camilli and Gallagher. Lavagetto bounced to Coffman to end it.

Casualties included Joe Medwick, who left in the 15th when hit on the right wrist by a pitched ball.

Stengel, Kelly Banished.

Others were Manager Casey Stengel and his first lieutenant, George Kelly. They were banished by Umpire Bick Campbell in the 10th in an argument after Campbell suddenly turned and started for the dugout as Sullivan was delivering a pitch to Camilli. Dolph lined to Moore, but Campbell ruled time out and Dolf was permitted to bat again. Stengel stormed for five minutes and finally announced he was continuing the game under protest. Camilli then popped to Miller.

The Dodgers got their first run off Al Piechota in the sixth, when he walked Phelps with the bases filled. The second came in the ninth on singles by Camilli and Joe Vosmik and Coscarart's fly to Ross.

The first Bee run came in the first inning after two were out on Moore's single to center.

It was the sixth straight victory for the Dodgers and their 10th in the last 11 games. Score:

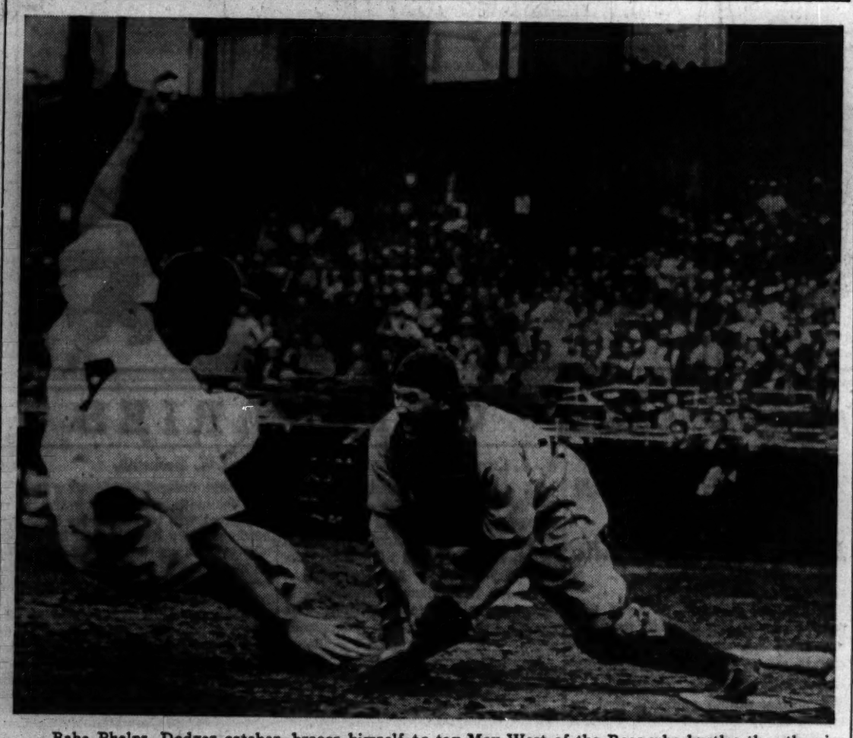
Phelps Keeps Dodgers in Battle Until Victory



Babe Phelps, Dodger catcher, braces himself to tag Max West of the Bees who hurtles thru the air in a desperate attempt to score in the 11th inning of their 20 inning battle in Boston yesterday. West came from third when Joe Sullivan hit to Dolph Camilli at first, who threw to Phelps for the putout. The Dodgers won in the 20th inning, 6 to 2. [Associated Press Wirephotos.]

Athletics Whip Yankees, 6-3, on Home Runs

Philadelphia, Pa., July 5 (AP).—Home runs by Bob Johnson and Frank Hayes, coupled with Johnny Babich's seven hit pitching, gave the Athletics a 6 to 3 victory over the New York Yankees tonight.

Joe Gordon and Joe DiMaggio hit home runs for the Yanks, but both came with the bases empty. Hayes' homer followed Dick Siebert's single in the fourth. Johnson's smash came off Relief Pitcher Steve Sundra with Benny McCoy on base in the eighth and assured victory. Score:

MIDGET DRIVERS SCORE EXTRA IN RACES TONIGHT

Double points in the standings for the early season championship will be awarded the winners of the eight midget auto races scheduled for tonight in Raceway park, 129th street and Ashland avenue. Ted Duncan, who holds four Raceway track records maintains a slight lead in the standing for the title.

Victory tonight for Wally Zale, Bob Muhlke, Ray Richards, or Cowboy O'Rourke would move them into first place.

Three Homers Help Cubs Beat Cardinals, 11-5

[Continued from first sport page]

third out from Gleeson, who grounded gently to Mize.

Olsen didn't have to look far for trouble in the home second. His first pitch was boosted onto the nearby right field roof by Mize for home run No. 21. Mattick threw out J. Martin, but when he attempted to do the same to Orengo he lost his intended victim by tossing wild. Marion forced Orengo, moved to second when Owen was hit by a pitched ball, and scored on a single to center by Doyle.

Doyle Begins to Weaken.

Doyle began to weaken after Hack had been thrown out to start the fifth. Herman singled to center and Gleeson did the same. Nicholson walked, filling the bases, and Doyle continued to be liberal in pitching to Galan. Another pass forced Herman to score. Then Doyle, obviously disturbed by his own generosity, went to extra pains to throw strikes to Russell. Russell hit one of these choice pitches into the left field seats for a cleanup homer, making the score 9 to 2.

Olsen's fall from grace began on the No. 7 homer knocked into the left field bleacher by Moore at the start of the eighth. After one was out Mize walked and scored on Pepper Martin's triple past Nicholson. Orengo singled to score Martin and that proved the end of Olsen's term. Raffensberger stepped in and made short work of the next two men.

Hutchinson held the Cubs to one single for three innings but all this good work was erased by his experiences in the ninth. Herman led off with a single, but was forced by Gleeson. Nicholson followed with his No. 10 homer, which bounced around on the right field roof. Next came singles by Galan and Russell, but Collins grounded into a double play.

These Dodgers scored three of the four runs in the 20th which beat the Bees. Left to right: Jimmy Wasdell, Fred Walker, and Joe Gallagher, tired but happy in the dressing room after the game, agreed the last inning was worth waiting for.

Cubs Are Home Today to Open Against Reds

[Chicago Tribune Press Service.]

St. Louis, Mo., July 5.—The Cubs will be back on their home lot tomorrow and will depend on Jake Mooty to make a success of their series opener with the Reds. Mooty whipped them under their own electric lights a week ago tonight. Paul Derringer will open for the Reds.

One Cub not at all displeased over the ousting of Lefty Lanier in the second inning was Bill Nicholson, who thinks there should be a law barring left handers. In nine innings against Lefty Clyde Shoun yesterday Nicholson fanned twice, fouled to the catcher, and tapped to the pitcher. In his one appearance against Lanier today he popped foul to Brown.

NATIONALS PUT EDDIE MILLER ON ALL-STAR TEAM

New York, July 5 (AP).—Eddie Miller, Boston Bees shortstop, was selected today to replace Bill Jurges of the Giants on the National league All-Star team which will meet the pick of the American league in St. Louis Tuesday. Jurges is convalescing from an injury suffered when he was hit on the head by a pitched ball in a game with the Reds on June 23.

Whittinghill Beats Angelucci in 5 Rounds

Jack Whittinghill, Bloomington, Ill., middleweight, last night defeated Louis Angelucci, 1940 city Golden Gloves champion, in the five round feature bout of the weekly amateur boxing show in the Madison-Cicero arena. Tommy Mair, Chicago featherweight, stopped James Reid in the fifth round of the semiwindup. Other results:

Stanley Stockins stopped Ted Green [2]; John Guidara beat Rubin Hall [3]; Clark Triplett beat Enoch McClain [3]; Clarence Thompson stopped Walter Wodlik [3]; Julian Ford beat Roger McLean [3].

White Sox Win Third from Browns, 10-8

[Continued from first sport page]

forcing Appling across the plate. Kuhel flied out.

The score became 4 to 0 in the home third. Wright was hit by a pitched ball and scored on Tresh's double.

The first Brownie to reach first base was Clift, who opened the fifth inning with a double to left. Judnich drove Clift home with a single to right. Berardino's single to right center put Judnich on third, whence he scored on Heffner's fly to Wright. Joe Grace forced Berardino, then Auker and Roy Cullenbine walked, loading the bases. Radcliff tripled to left center, scoring Grace, Auker, and Cullenbine, whereupon Sharkey, the clubhouse boy, was flashed to have John's bath ready. Appleton went in and made George McQuinn pop to Appling.

Sox Regain Lead.

The thumping Sox were rapid about destroying the Brown lead. Solters, who had just seen the gent for whom he was traded clear loaded bases, decided to squelch hecklers of the swap. Julius warmed up by knocking the ball into the left field stands only a foot or so foul, then banged his fourth homer over the score board in right center to tie the score. Wright singled to right and stopped at third on Appling's double. Roxie Lawson replaced Auker and gave an intentional pass to Tresh, loading the bases. Lawson then walked Kennedy on four pitches, forcing Wright across the plate. Appleton fanned and Webb forced Kennedy, Appling scoring. Rosenthal fouled to McQuinn.

Clift opened the sixth with his 10th homer, but Appleton promptly settled and made Judnich, Berardino, and Heffner supply infield outs.

Kuhel walked at the start of the home sixth and, after Solters had fanned, scored on Wright's double to left. Appling grounded out, but Tresh singled to right, scoring Wright. Tresh was out trying to steal second.

Debate About Homer.

The Sox margin was reduced to one run in the eighth. Radcliff led off with his second extra baser, a double to left, paused for two infield outs, and trotted home ahead of Judnich when Walter socked his 13th homer. There was a debate about the homer after it had been ruled a fan had knocked the ball back into the field.

Rosenthal opened the Chicago eighth with a single to center and was forced by Kuhel. Solters singled to center, Kuhel going to third. Wright singled to right, Kuhel scoring and Wright stopped at second. Appling and Tresh were infield outs.

Bill Dietrich, who walked eight in the four innings he lasted in the second game of the Chicago-Detroit series this week, has been practicing control and will try to get the Cleveland Indians out in the game in Cleveland this afternoon. The Sox expect to face Mel Harder.

John Phillips, one of the American league's statisticians, made it known yesterday that John Rigney will not be deprived of the victory he so valiantly won in that one Joe McCarthy had thrown out, tho the victory will not count for the Sox in the league standings. Under the same interpretation of the ridiculous mixup, Monte Pearson will be charged with a loss. Official figures distributed Thursday night affect the pitcher standings but are to be restored a week hence, according to Phillips.

TRAFFIC TUNNELS COSTLY VENTURE, NEW YORK FINDS

Operation and Upkeep Top Superroad Expense.

BY HAL FOUST.
[Chicago Tribune Press Service.]

New York, July 5.—Chicago and Cook county engineers in the last year have been talking about automobile tunnels as part of Chicago's proposed superhighway system. They have not mentioned maintenance and operation costs or discussed the desirability of underground travel from the motorists' viewpoint. This article will cover both of these omissions.

The maintainance and operation of America's most famous vehicular tube, the 50 million dollar Holland tunnel under the Hudson river between Manhattan and New Jersey, costs $1,500,000 a year. This is at a rate of 10 cents for every vehicle that travels the 1.2 miles from island to mainland.

Of this dime, 1.14 cents represents the cost of collecting and auditing the tolls. The Holland tunnel experience indicates that maintainance and operation of heavily traveled tubes free of tolls would approximate $1,107,500 per mile per year.

Operation Expenses Cited.

"How does this compare with the cost of maintaining bridges and elevated highways?" this reporter asked at the office of the Port of New York authority, which operates the Holland and Lincoln tunnels under the Hudson and the George Washington and the Triborough bridges.

"There just isn't any comparison," the commission's spokesman replied. "Underground we have power drainage, power ventilation, and lighting expenses that don't exist above groun. Underground, for pscycho logical as well as practical reasons, we must have superior fire and police protection. A tow truck must be on duty 24 hours for instant assistance to any disabled automobile.

"Above ground, gravity handles drainage in most instances. Gravity and winds take care of ventilation. There is no daytime expenditure of electricity and at night the illumination does not have to be as intense. There is no demand for constant supervision for police, fire, and tow services."

Feeling of Being Confined.

In driving The Tribune road car thru the tunnels here, it was noted that all the cunning of modern science has been employed to dissipate a sensation of being buried alive. But the illusion isn't entirely a success.

Walls are of clean tile, but they are nevertheless confining. The atmosphere may have less impurities than the air on Michigan avenue during heavy traffic, but it's different from outdoors. You don't forget that the illumination is artificial.

Noises, tire impacts more than exhausts, are an ear throbbing rumble in the tunnels. Walls, ceiling, and floor echo vibrations. Psychology rather than physics or physiology, however, probably would explain why most conversations among drivers and passengers cease during the fewer than two minutes underground.

In Jersey City, N. J., in the drive from the western mouth of the Holland tunnel to the Pulaski skyway, traffic uses a depressed roadway, a shallow tunnel without a lid on it except at cross streets. There's a similar sense of confinement that is relieved when the car returns to normal ground level and then rises on the long elevated highway trestle across the Hackensack and Passaic rivers to Newark.

Proposed Chicago Routes.

One tunnel route proposed by the Cook county highway department for Chicago would be a continuation of a northwest superhighway east from Sedgwick street for three-fourths of a mile to connect with Lake Shore drive just north of Oak street. Another under consideration by Chicago Park district engineers would extend under the Oak street beach for outer drive traffic to by pass the Michigan avenue, Oak street, Lake Shore drive bottleneck and to tap the connection with the northwest superhighway.

Proponents of a Congress street super parkway have been at a loss how to continue their arterial east from Canal street to the Outer drive so it would be of value to intersectional travel between the south and the west sides and between the north and the west sides. One suggestion has been to use a tunnel thru this downtown area.

The tunnel type of design is not without characteristic advances. It buries features of express traffic detrimental to adjacent real estate—the noise and the smell, not to mention the hazards. But motorists prefer the skies overhead for pleasant driving and for economical use of their gas tax funds.

LITTLE ORPHAN ANNIE: Orderly Withdrawal

SMITTY—BACK TO NORMAL

Police Officials Attend Radio Show

(Story in adjoining column.)

[TRIBUNE Photo.]

Elissa Landi, motion picture actress who starred in first act of "Wings for America," fifth column series being broadcast by W-G-N last night, posed with Chief of Detectives John L. Sullivan (left) and Chief John C. Prendergast of the uniformed police before the show.

PATRIOTIC SERIAL DRAMA HAILED IN DEBUT ON W-G-N

Police Officials Studio Guests.

Wings for America, W-G-N's new patriotic serial, was given its première broadcast last night from the main W-G-N studio and over the Mutual Broadcasting system network.

A special studio audience that included many Chicago police officials as guests, as well as radio listeners thruout the nation, heard the stirring performance of Elissa Landi, vivacious stage and screen star, and Phillips Holmes, distinguished American actor, as the headliners in the thrilling serial.

Plays Girl Reporter's Rôle.

Miss Landi plays the part of Lorna Carroll, a CHICAGO TRIBUNE reporter, who "thinks America is a good place to live and a good way to live—and who thinks Americanism is worth fighting for." Holmes is cast as Riley Davis, W-G-N newscaster, who helps Lorna expose the activities of the fictional subversive group known as the Advance Front.

The Advance Front, listeners are told, represents a hidden army, battling against American democracy and freedom, drilling in secret and awaiting the moment to strike the blow for dictatorship. "Our men are everywhere," the fifth column leader asserts. "They work themselves into positions of trust in the key defense industries — munitions, communications, shipping, and aircraft."

Wings for America gets under way with Lorna Carroll, the girl reporter, appearing before a radio audience to broadcast her exposé of the Advance Front. She is introduced by Riley Davis, who tells of threats made to stop the broadcast. He adds that in the audience are police officials with secret industrial defense plans. These are the plans sought by the fifth columnists.

Fifth Columnist Steals Plans.

As Lorna begins her broadcast there is a cry of fire. A smoke bomb is discovered. In the panic that follows a traitorous studio usher slugs one of the policemen and steals the plans. Lorna is kidnaped by the fleeing usher. Events move swiftly to a conclusion with the capture of the usher, the return of the plans, and the saving of Lorna from a lethal gas chamber.

Miss Landi and Holmes were applauded by the W-G-N audience for their characterizations. Both praised the program as a patriotic means of acquainting the public with possible subversive activities. "I believe it is healthy to listen to such a program as this," Miss Landi said. "It makes you wholly conscious of your country for at least one-half hour a week."

Wings for America will be given each Friday at 7 p. m. for 10 weeks. The broadcasts will be supplemented by picture versions in the following SUNDAY TRIBUNE Graphic section. Producer and author of the series is Blair Walliser. Appearing with Miss Landi and Holmes last night were Marvin Mueller, Verne Smith, William Green, De Witt McBride, Al Halus, and Harold Stokes, and the W-G-N orchestra.

CITY'S AUTO TOLL FOR 6 MONTHS: 308 DEAD, 11,162 HURT

Automobiles killed 308 persons and injured 11,162 in 9,112 traffic accidents in Chicago during the first six months of the year, George W. Fleming, general secretary of Mayor Kelly's Keep Chicago Safe committee, announced yesterday. This compared with 305 deaths, 10,240 injuries, and 8,517 accidents in the first six months of 1939.

The 1940 death toll in Cook county was 430 up to 4 p. m. yesterday. Of these 322 were killed in Chicago, including 14 in July. Accidents have accounted for 245 injuries in Chicago this month.

Last month there were 46 deaths, 2,120 injuries, and 1,673 accidents. The toll for June, 1939, was 44 dead and 2,035 injured in 1,673 accidents.

Joseph Krast, 79 years old, 940 North Franklin street, died yesterday in the Henrotin hospital of injuries incurred Monday when, police said, he walked into the side of a moving automobile at La Salle and Maple streets. The car was driven by Elin Bohlin, 1100 North Dearborn street.

HIS HONOR DECLINES TO PUT SOME TEETH IN A DOG INJUNCTION

Mrs. Edith Strassheim, 4227 North Hermitage avenue, offered a good explanation yesterday to Circuit Judge George Fred Rush why Ole Kolseth's complaint that her two dogs howled all night could not be true.

"They bark only in case of fire or burglary," she said, "and there have been no fires or burglaries in the neighborhood lately."

Kolseth, who lives next door at 4233 North Hermitage avenue, wanted Mrs. Strassheim held in contempt because an injunction issued last January restrained the dogs from barking except during the type of emergencies mentioned. Judge Rush dismissed the petition, saying the injunction could not be enforced.

Judge William V. Brothers took a similar position last September when Kolseth sought contempt action because the dogs violated another injunction—not to mention his lawn and front porch. His opinion said no dog in a hurry could be restrained by anything.

THE FORGOTTEN WOMAN FIGHTS RETURN TO JAIL

Mrs. Daisy Tegtmeyer, once known as the forgotten woman of the county jail, began a new fight yesterday against a possible return to her cell. On June 24 the Illinois Appellate court affirmed a contempt order entered June 12, 1933, committing her to jail indefinitely for her failure to explain what she had done with a $32,000 trust fund of which she had been trustee.

Her attorney, Charles Liebman, announced yesterday that he had filed a petition for a rehearing and also a motion to stay the mandate ordering her return to jail. The Appellate court is expected to rule on both motions Monday.

Mrs. Myrtle Moore, Mrs. Tegtmeyer's sister, filed an affidavit yesterday asserting that Attorney L. Duncan Lloyd, counsel for the plaintiffs in the trust fund case, said he never intended to send Mrs. Tegtmeyer back to jail again. Attorney Lloyd, however, refused to commit himself on that point.

Mrs. Tegtmeyer, who is 61 years old, has served six years in jail. She has been at liberty since last October pending disposition of the appeal.

O'HARE ESTATE'S SOLVENCY SEEN, DESPITE CLAIMS

The estate of Edward J. O'Hare, president of Sportsman's park race track, who was killed in gangland fashion last Nov. 8, is expected to be solvent, despite pending claims of $327,906 and others already honored amounting to $4,656, William A. Smith, trust officer of the Northern Trust company, reported as executor yesterday.

Smith said a revised estimate had raised the value of the estate from $300,000 to $500,000, and that all claims are being contested. The largest, for $196,700, was brought by George Remus of Cincinnati, one time "king of the bootleggers." Other large claims are: $70,198, by the Oceanview Properties, Inc.; $24,089, by the Miami Beach Kennel club, and $23,471, by the Bristol County Kennel club, in all of which O'Hare was a stockholder.

O'Hare's will provided for a trust income of $600 a month to be paid to a sister, Mrs. Catherine Burris, 138 South 18th avenue, Maywood. The rest of the estate was to be divided among his children, Patricia Ann, Marilyn Jane, and Edward H. O'Hare.

FOURTH BROTHER IS HELD TO JURY FOR BOOTLEGGING

Tony Hodorowicz, 29 years old, 12417 State street, whose three brothers were convicted recently of violating the alcohol tax laws, was arraigned before United States Commissioner Edwin K. Walker yesterday on a charge of possessing and transporting alcohol. He was held to the grand jury in bonds of $2,000.

Hodorowicz was driving a truck loaded with contraband liquor when he was arrested at Calumet City last week. His brother, Frank, is serving a year and a day in Leavenworth penitentiary. A second brother, Peter, is in the federal reformatory at Milan, Mich., for a nine month term, and Michael, a third, has been placed on probation.

Playwright Zoe Akins' Brother Dies in Missouri

Humansville, Mo., July 5 [Special].—James Duff Akins, 65 years old, retired merchant and brother of Zoe Akins, Broadway playwright, died today. He was a son of T. J. Akins, former Republican national committeeman from Missouri.

Two Boys Are Burned by Blast of Homemade Bomb

A homemade fireworks bomb, made from materials in a toy chemistry set, last night burned and cut two boys, 9 years old. They are Robert Meyer and James Simpson, both of 1752 North St. Louis avenue. The Simpson boy's father, Howard, told Shakespeare avenue police his son had lighted the bomb after the other lad had made it. Young Simpson was taken to Walther Memorial hospital suffering burns near his left eye and cuts on the face. Matuszak is in the county hospital.

Quarrels with Son-in-Law; Shot in Hip with Rifle

Joseph Matuszak, 51 years old, 2135 South Fairfield avenue, last night was shot in the hip with a .22 caliber rifle after a quarrel with Walter G. Zarne, 28, husband of his wife's daughter, Anne, 23. Matuszak told Marquette police the young couple had been estranged. Zarne, he said, approached the Matuszak home last night carrying the rifle and fired thru a door that had been slammed in his face. Police are holding Zarne on an open charge.

FORMER BISHOP ABLEWHITE GETS MICHIGAN PAROLE

Jackson, Mich., July 5 [Special].—Hayward S. Ablewhite, former bishop of the Episcopal diocese of northern Michigan, was paroled today from the state prison here, where he had served nine months of a 1 to 10 year term for embezzling funds from his church.

He served the minimum term, less all possible good time allowances. The deposed bishop declined to discuss the case that sent him to prison, telling reporters, "I want to forget it." He said he had accepted a job in personnel work with a Detroit manufacturing firm.

Church shortages attributed to Ablewhite, which investigators placed as high as $100,000, were said to have resulted from his gambling in the stock market and backing a Chicago night club venture. He was known in Chicago's gay spots as "Abie the Bishop."

OBITUARIES

W. A. Crow.

W. A. Crow, a commercial agent for the Milwaukee railroad, died yesterday of a heart attack in the Marquette building, 140 South Dearborn street, where he had his offices. He was 72 years old. Mr. Crow began work for the railroad in 1892. He leaves his widow and two sons. The family home is at 400 Ball street, Elgin.

Mrs. Emma D. Alshuler.

Services for Mrs. Emma D. Alshuler, widow of Charles Alshuler, a pioneer Aurora merchant, will be conducted at 10:45 a. m. tomorrow in the chapel at 332 Downer place, Aurora. Burial will be in Bethel cemetery in Ottawa. Mrs. Alshuler, who lived at 146 South Lincoln avenue, Aurora, died Thursday. A son, Jerome, survives.

Isaac A. Doff.

Isaac A. Doff, for many years Democratic committeeman of the 35th ward, died after a stroke yesterday while visiting Los Angeles with his wife, Lena. He was 59 years old. Former chief deputy bailiff of the Municipal court, Mr. Doff had been retired from politics for several years, making his home at 909 Foster avenue.

Sir Arthur S. Cope.

LONDON, July 5 (AP).—Sir Arthur Stockdale Cope, British painter whose portraits included those of King Edward VII., King George V., and King Edward VIII. [the duke of Windsor], died today at his home in Cornwall. He was 82 years old.

Robert W. Beckwith.

Private funeral services for Robert W. Beckwith, a veteran advertising executive, will be held today in Graceland cemetery chapel. Mr. Beckwith, who was 82 years old, died Thursday in his home at 3175 Pine Grove avenue. He started his business career in New York, but came to Chicago in 1890 as western manager of the S. C. Beckwith special agency, the first firm organized to act as advertising representative of newspapers. He was president of the company for a time. Surviving are his widow and a son, Earl D. Beckwith.

Louis H. Burno.

The funeral of Louis H. Burno, a resident of Blue Island since 1893, will be held at 2 p.m. today in the chapel at 13050 Greenwood avenue. Mr. Burno died in his home Thursday night of a heart ailment. He was 79 years old. At one time he had been employed on the early horsecars and cable cars, and later he was foreman for 25 years on the Rock Island railroad. He leaves his widow, Eleanora; a daughter, Mrs. Ida Bohmker of Kankakee, and four sons, Louis of River Forest, Wilbur of Detroit, Lynn of Blue Island, and Russell of Chicago.

Mrs. Charlotte Coe Hart.

Private funeral services for Mrs. Charlotte Coe Hart will be held at 1:30 p. m. today in her home at 200 East Chicago avenue, Palatine. Burial will be in Hillside cemetery. Mrs. Hart died Thursday in her home at the age of 88. She had been a resident of Palatine for 56 years. She was the widow of Andrew S. Hart. Surviving are a daughter, Lottie, and a son, Thomas, a member of the editorial staff of the Cook County Herald.

Arthur W. Malmquist.

Arthur W. Malmquist, assistant auditor of the Chicago Surface Lines, died in Little Company of Mary hospital yesterday at the age of 48. He began his career with the surface lines as a clerk in 1909. Surviving are his widow, Anna, and two sons, Arthur Jr. and Robert. The family home is at 8541 Laflin street. Services will be at 2 p.m. Monday in the chapel at 1107 West 79th street.

INDIANA STUDIES 2 ACCUSED SPEED TRAPPERS' BOOKS

Two field examiners for the Indiana state board of accounts began a scrutiny yesterday of books and records kept by Raymond Edgerley and Bernard Fleming, justices of the peace who are allegedly operating a speed trap three miles east of Gary. The examiners are Ralph E. Wilson and C. E. Ruston.

Edgerley was released from the Michigan City penitentiary in 1933 after serving almost seven years for robbery. Fleming is a former WPA worker. Arrests on the highways are made by Fleming, who takes the drivers before Edgerley in a tourist cabin court where they usually are fined $1 and $5 costs. Fleming has said that only 50 cents goes to Porter county in each case.

Indiana state police are combating the alleged speed trap by advising arrested motorists of their constitutional right to plead not guilty. Police said Edgerley and Fleming do not relish such pleas and usually dismiss the charges.

RADIO TELEPHONE PLANTS WIN PLEA TO COVER LAKES

The Federal Communications commission granted permission yesterday to Thorne Donnelley's ship-to-shore radio telephone stations at Lake Bluff and Mackinac Island, Mich., to operate on higher frequency bands which will permit the two stations to reach every ship on the Great Lakes. The stations are operated without profit as a service to persons on pleasure craft as well as an aid to all vessels.

Donnelley, who was notified of the permit by T. J. Slowie, commission secretary, said that heretofore the stations had a radius of about 100 miles during the day and not more than 200 miles at night. Only one other station, located on the Great Lakes at Lorain, O., has an equivalent high frequency.

The signature of the Illinois station is WAY and that of the Michigan station is WHC.

Also afternoon or evening.
SUBJECT JULY 7.
"GOD."

Sunday school for pupils up to 20 years. Wednesday evening meetings, 8 o'clock, include testimonies of Christian Science healing. [Also 12 noon at Seventeenth Church.]

Downtown Reading Rooms,
8 S. Michigan and 11 S. La Salle.
Each of the twenty-two churches maintains a free public reading room, where the Bible and authorized Christian Science literature may be read, borrowed or purchased.

Radiocasting.
C. S. Program: Mon., Wed., and Fri., 7:30 to 7:45 A. M., WJJD [1130 kc.].
Monitor News: Mon., Wed., and Fri., 7 P. M., WHIP [1480 kc.].

Cooling System for Auto Engines

—four rooms of French period furniture—29-foot sailing sloop—buyer who wants a box brake, power shear and spot welder—dog boarding service for vacationers—people who hold course tickets of Madison street dancing school—autofocus enlarger—these were subjects of want ads in yesterday's Tribune want ad section.

Each new day brings interesting new offers into the ever-changing columns of the Tribune want ad section. You will find it interesting and profitable to read the want ads today.

Thumb Torn Off, He Says Nothing—and Saves a Life

Osceola Mills, Pa., July 5 (AP).—Acrobat Frank Torrence lost a thumb while swinging on the flying trapeze of a carnival circus yesterday. The thumb caught in a swivel of the trapeze fastening and was yanked off as Torrence swung by his legs 90 feet above the cheering crowd. To cry out from the pain would have meant his wife's doom—for she was swinging from a strap held in his teeth. But, true to the spirit of a trouper, he gripped it tighter and completed the act.

DEATH NOTICES

In Memoriam.

VITOUS—Frank J. Vitous. In loving memory of our dear father, who was taken so suddenly one year ago today.
"We miss the sunshine of his smile,
The voice we loved is still;
His death has left a loneliness
This world can never fill."
HIS FAMILY.

ALSHULER—Mrs. Emma D. Alshuler, passed away July 4, in Aurora, age 70 years, born in Ottawa, Ill., Aug. 17, 1869. Survived by son, Jerome of Aurora, sister of Lewis of San Francisco, Max of New York City, and the late Nate Degen. Funeral services at chapel, 332 Downer place, Aurora, Sunday, 10:45 a. m., daylight saving time, Rabbi G. George Fox officiating. Interment Bethel cemetery, Ottawa, Ill.

BALDWIN — Robert N. Baldwin of 1638 Morse avenue, July 5, 1940, brother of Elizabeth, Richard, and Albert Baldwin and Mrs. Mary E. Harrigan, uncle of Albert Harrigan, Ethalinda Suter, Vincent, and Richard Baldwin. Member of Sincerity lodge, No. 982, A. F. & A. M. and Y. N. A. P. O. C. and the Nat'l Ass'n of Postal Supervisors. At chapel, 5501 N. Ashland avenue, where services will be held Monday, July 8, at 2 p. m. Interment Rosehill.

BARKLEY—Emma A. Barkley, fond mother of Gladys Goetz and Robert A. Member of Corner Stone chapter, No. 726, O. E. S., Bethlehem Shrine, No. 1. Funeral Monday, 3 p. m., at chapel, 3807 Lincoln avenue. Burial Rosehill cemetery.

BARRETT—James W. Barrett, July 5, aged 39, husband of Helen, brother of Mrs. Carl Schwenk and John Barrett. Funeral Monday at 9 a. m. from late residence, 9930 Avenue M., to St. Francis de Sales church at 9:30. Interment Mount Olivet. South Chicago 0632.

BASILE—Lucy Basile [nee Corso], beloved wife of Antonio, loving mother of Mrs. Antoinette Castello, Mildred, Lawrence Columbo, Mrs. Lucy Ballas, Mrs. Ann Ballas, Ralph, Angelo, Anthony, Paul, and Mary Basile, fond daughter of Paulo Corso, and the late Maria Corso, sister of Mrs. Filomonia Marciano, Charles, Paul, Carmen Corso. Funeral from chapel, 931 W. Polk street, Monday, July 8, 1940, at 9:30, to Our Lady of Pompeii church. Interment Mount Carmel.

BELOSKY—Anna Belosky, wife of the late Israel, mother of Louis, Abe, Morrie, Jimmy, and the late Sam Belosky, and Fay Wolf, Esther Kreitzer, and Bessie Swartz. Funeral Monday, 1 p. m., at chapel, 3021 Fullerton. Interment Rosemont. Please omit flowers.

BLAIR—Philip J. Blair, 1818 Ogden avenue, July 4, 1940, father of Joseph, William, Edward, and Arthur Blair, brother of Horatio. At chapel, 63d and Harvard, where services will be held Saturday, July 6, at 1 p. m. Interment Mount Greenwood.

BLUNT—Walter R. Blunt of 1618 Elmwood avenue, Wilmette, husband of Jane K. Blunt, father of Mrs. Marian Hoods. Mass Monday, 9:30 a. m., St. Joseph's church, Wilmette. Resting at funeral home, 1118 Greenleaf avenue, Wilmette.

BOWSER—Matthew Morgan Bowser, beloved husband of Gussie Bowser. Funeral services Saturday at 8 p. m. at chapel, 5203 Lake Park avenue. Burial private.

BRADA—Josephine Brada, beloved wife of the late Charles, dear mother of Bessie, Charles, Julia, and George Brada, and Josephine Hauronic, dear grandmother of James E. Hauronic. Funeral services Monday, 2 p. m., at funeral home, 3301 Fullerton-av. Interment Bohemian National.

BRODERSEN—Margaret J. Brodersen [nee Schroeder], beloved wife of Jacob M., fond mother of Anna Shuh, Kathryn Catlin, and Alma Cory. Funeral Monday, at 1 p. m., at funeral home, 3653-55 Fullerton avenue. Interment Waldheim cemetery. Member of Harmony lodge, No. 3, O. D. H. Sisters.

BRODHAY—Mabel Allen Brodhay of 731 Hinman avenue, Evanston, wife of E. H. Brodhay, mother of Mrs. Jane Whiting. Services Saturday, 3 p. m., at chapel, 1460, Sherman-av., Evanston. Interment Edgerton, O. Minneapolis papers please copy.

CALLING—Andrew Calling, 2305 W. 91st street, beloved husband of Hulda S. [nee Anderson], fond brother of John. Funeral services Monday, July 8, at 3:30 p. m., at funeral home, corner 79th and Aberdeen. Interment at Oak Hill.

CARROLL—Mae L. Carroll, July 4, 1940. Funeral services at Christ Episcopal church, 65th street and Woodlawn avenue, the Rev. Walter Bibler officiating, Saturday, at 3 p. m. Interment Oak Woods. Remains will lie in state at Christ church chapel, Saturday, 10 a. m. to 3 p. m. For information call Fairfax 2900.

CHAMBERLIN—Charles C. Chamberlin of 7247 Euclid avenue, July 5, 1940, beloved husband of Katherine [nee Phelps], dear father of B. Phelps, son of James Chamberlin of Cleveland, brother of Philo, James Jr., Cornelia Chamberlin, and Mrs. Lucy Barrett of Cleveland. Member of Board of Education American Legion post, Past master of Reliance lodge, No. 1164, A. F. & A. M. Funeral Monday, July 8, 2 p. m., at chapel, 2700 E. 75th street, under auspices of Reliance lodge, No. 1164, A. F. & A. M. Interment Oak Woods.

CLIFFORD—John J. Clifford, late of 1402 W. 81st street, beloved husband of Eleanor Dunne Clifford, father of John F. and Arthur B. Clifford, son of the late Richard and Mary Ann Lyman Clifford, brother of James, Richard, and Ethel. Funeral Monday at 9:45 a. m. from funeral home, 5438 South Halsted street, to St. Sabina's church. Interment Holy Sepulchre. Boulevard 0662.

CLOONAN—Mary A. Cloonan, nee Brennan, beloved wife of Bernard, dear mother of Bernard V., the Rev. James F., Sabina J., and Edmund F., fond sister of Mrs. Kate Melvin. LOEB—Edwin M. Loeb, son of Isador and Frieda Weller Loeb, in Erie, Pa., July 3, 1940. Funeral services at old Burton homestead, 10 o'clock Sunday morning. Interment Anshe Hesed cemetery.

LUKAS [Lukaszewicz]—Eleanor Lukas, July 5, 1940, beloved daughter of Adolph and Antoinette, sister of Sigmund. Funeral Tuesday, July 9, 9:30 a. m., from chapel, 4358 S. Richmond street, to Five Holy Martyrs church. Interment Resurrection. Information, Lafayette 4480.

McMILLAN—Belle McMillan, July 5, 1940, at Presbyterian home, Evanston, Ill. Funeral service 2:30 p. m. Monday, at chapel, 1567 Maple avenue, Evanston. Interment at Memorial Park.

MANSKE—See Vondrak notice.

MUELLER—Walter Mueller, suddenly, beloved son of Peter H. and Elfriede Mueller, fond brother of Irmgard, Elfriede, Frank, and Peter H. Mueller, finance of Evelyn Coleman. Remains at funeral home, 3314 Armitage avenue, until 2 p. m. Saturday. Private cremation at Montrose cemetery.

MURRAY—See Frances Reilly notice.

NOSEK—Michael B. Nosek, 81 years old, of 1648 Washburn avenue, passed away at 5 p. m. Thursday, left surviving him his wife, Bessie Nosek, and his sons, Attorney Joseph W. Nosek, Harry, John, and Stanley Nosek, and daughters-in-law, Mae, Edith, Emily, and Stesania, and nine grandchildren. Burial Monday, 10 o'clock, from 1511 S. Pulaski road to Bohemian National cemetery.

OLSEN—Henry W. Olsen, beloved husband of the late Anna M., father of Albert, Emily, Alvin, Henry, Raymond, and Lester, six grandchildren, one brother and three sisters in Denmark. Services at chapel, 8608 S. Summit avenue, Monday, 2 p. m., under the auspices of Gresham lodge, No. 1052, A. F. & A. M. Member of Normal lodge, No. 509, I. O. O. F. Interment Mount Hope, Stewart 6115.

OSMUNDSEN—John Osmundsen, July 5, 1940, dear father of Norris. Member of Carpenters' union, local No. 181. Services Saturday 2 p. m., at funeral chapel, 4338-40 Fullerton avenue. Interment Irving Park Boulevard cemetery.

PARAZAIDER—Bessie Parazaider [nee Trnka], late of 1801 South Racine avenue, July 4, 1940, dearly beloved wife of Louis, loving mother of George, Lillian Martinez, and Edward, dear daughter of Zofia Pnenik and stepdaughter of Rudolph Pnenik. Resting at and funeral at chapel, 1814 South Throop street, Monday, July 8, at 1:30 p. m. Interment Bohemian National cemetery. Call Canal 1207.

PARO—George A. Paro, July 5, 1940, of 6354 N. Paulina, husband of Margaret W., and father of Frances Wilson. Services Monday, 4 p. m., at Schuette & Vorpagel chapel. Elmhurst, Wis. Interment Burlington.

PFAU—Emert Sidney Pfau Sr., July 4, 1940, husband of Edith R. Pfau, father of Donald M., Howard W., Emert S. Jr., Roger B. Pfau, and Mrs. Lois Douglas. Services and interment East Moline, Ill., Saturday, July 6.

REDDERSON—Irene M. Redderson, nee Williams, wife of Arthur, mother of Shirley, daughter of James and Cora Williams, sister of Adam J. and Clarence E. Williams. Member of West Englewood chapter, No. 894, O. E. S., and grand representative O. E. S. of Ontario, Canada. Resting at chapel, 1648 W. 63d street, until Saturday noon. Services 3:00 p. m., Saturday, at Thoburn Methodist Episcopal church. Interment Beverly.

REILLY—Frances Reilly, July 5, daughter of the late Charles and Mary Reilly, sister of Mrs. Katherine Murray and the late Mamie Cruise, aunt of Madeleine Ravenny, Riley, and Eileen Murray. Funeral Monday, 9 a. m., from residence, 7807 Ridgeland avenue, to Our Lady of Peace church. Mass 9:30 o'clock. Interment St. Mary's cemetery, Bloomington, Ill. Bloomington papers please copy. South Shore 8822.

ROGERS—Alta Rogers, wife of the late John, mother of

Commerce

SATURDAY, JULY 6, 1940. *** 17

EXPORTS IN MAY TO S. AMERICA NEARLY DOUBLE

Exceed 40 Millions; Argentina Leads.

United States exports to South America in May nearly doubled, and exports to Latin America as a whole rose sharply, the department of commerce reported yesterday. The increase came at a time when the administration was considering methods of improving trade of the Americas thru such means as control of commerce with Europe, and American business leaders were urging measures to uproot Nazi-Fascist economic penetration in the southern republics.

Exports to South America climbed to $40,332,000 from $22,668,000 in May, 1939. Shipments to other Latin-American countries totaled $27,265,000, a gain of $4,908,000 over a year earlier. Imports from these nations also showed an increase, but not as large as in exports.

Argentina Takes Most.

Shipments to all the leading South American countries showed sizeable increases. Argentina led with $10,-[illegible],000, against $4,918,000 in May of last year. Brazil received $10,384,000 compared with $5,416,000 and Chile $3,694,000, against $1,621,000.

Despite heavy allied war purchases, the rise in exports to South America in May was proportionately larger than the gain in shipments to Europe which totaled $124,527,000, against $98,320,000 a year earlier. The buying of war materials, however, was largely instrumental in lifting the total of American merchandise exports in May to $325,306,000, a gain of $75,840,000 over 1939. This increase, previously reported by the department of commerce, was shown despite the loss of several United States trade outlets thru German invasions.

May Imports Increase.

May shipments to North America rose from $65,890,000 in 1939 to $90,-003,000, and Asiatic exports from $46,-602,000 to $49,105,000. Exports to Africa gained more than $4,000,000 and exports to Oceania more than $1,000,000.

Exports to France rose from $12,-969,000 in May, 1939, to $39,350,000 this year. The United Kingdom followed with a gain of $12,472,000 over the 1939 total of $37,350,000. Exports to Italy increased from $4,460,000 to $13,234,000. Shipments to Germany declined from $8,167,000 to only $70,000.

Sales to Russia fell from $3,641,000 to $499,000. Exports to Belgium and the Netherlands showed losses averaging about $5,000,000 for each country. Exports to Japan were cut to $13,721,000 from the $21,394,000 a year earlier.

Figures for Five Months.

In the first five months of the year exports amounted to $1,717,276,000, compared with $1,179,848,000 for the corresponding period in 1939. Imports totaled $1,082,310,000, against $915,-587,000.

Total May imports rose to $211,-382,000 from $202,493,000, a gain of $8,889,000.

Shipments to the United States from Europe in May declined $20,000,-000 from a year earlier, but large increases from South and North America and Asia more than made up for the loss.

Imports from France decreased about $2,000,000 and from the United Kingdom about $3,000,000. Imports from Canada increased to $36,180,000 from $28,270,000. Shipments from Italy rose to $4,210,000 from $3,290,000. German exports fell from $4,586,000 to $231,000.

Comparisons by Countries.

Comparisons of May foreign trade, by principal trading nations, follow [last three ciphers omitted]:

	1939.	1940.
Belgium	6,734	1,932
Canada	42,486	61,877
China	5,016	8,824
France	12,969	39,350
Italy	4,460	13,234
Germany	8,167	70
Italy	4,460	13,234
Japan	21,394	13,721
Mexico	6,296	7,472
Netherlands	7,136	1,232
Philippine Islands	7,007	9,791
U. S. S. R.	3,641	499
United Kingdom	37,350	49,822

Imports by principal countries:

Belgium	7,589	3,940
Canada	28,270	36,180
China	4,004	7,722
France	7,123	5,351
Germany	4,586	231
Italy	3,290	4,210
Japan	10,749	9,283
Mexico	3,995	6,889
Netherlands	3,153	1,125
Philippine Islands	9,361	9,054
U. S. S. R.	2,692	2,932
United Kingdom	15,190	12,115

POWER COMPANY PLANS SALE OF 50 MILLION LOAN

Permission to issue and sell $50,-000,000 of first mortgage 30 year 3 per cent bonds dated July 1, 1940, was granted yesterday to the Cleveland Electric Illuminating company by the Ohio state utilities commission.

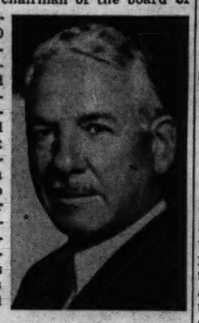
The company will use the proceeds to redeem at 105 its outstanding $40,-000,000 of first mortgage 30 year 3¾ per cent bonds due in 1965, and to reimburse the company treasury for capital expenditures.

Treasury Recalls More of Its Cash Held in Banks

New York, July 5 [Special].—Banks of the New York federal reserve district that act as depositaries for the United States treasury were notified today that the treasury had issued a call for total repayments of $14,469,007 to be made on July 9. This is the fourth treasury call issued in the last two weeks, with this series of calls representing the first made since April, 1938. The treasury call for the entire country on July 9 will amount to $40,400,000, leaving a balance of $312,149,000.

Warns Arms Making Needs Time to Begin

Pittsburgh, Pa., July 5 (AP).—A. W. Robertson, chairman of the board of the $200,000,000 Westinghouse Electric and Manufacturing company, said today it would require from 4 months to 2 years for his company to begin production in mass quantities for national defense.



A. W. Robertson.

Asked in an interview if, in his opinion, this was representative of American industry, Robertson said it was.

He declared that in the case of Westinghouse "it would require almost a year before there would be any great quantity of finished products coming out. At the end of a year we'd be ready for mass production and at the end of two years, we'd be going great guns.

Warns It Will Take Time.

"I don't want to frighten people," he added, "but we'd be very foolish to think we can produce these things by just turning an automobile plant around and running it in reverse and getting battleships or airplanes off the [assembly] lines."

Robertson gave the interview after a trip to Washington where he said he discussed "briefly" with President Roosevelt and in detail with William S. Knudsen of the advisory committee for national defense the capacity of Westinghouse for defense production.

Asserting that he went to Washington voluntarily, Robertson said "we looked ourselves over and decided what we could do. We think that if large industrial concerns would survey what they can do, and place this information before the government, the whole production capacity of the country would be immediately available. There would be no fishing around and no hit and miss stuff."

No Orders for Gun Mounts.

As an example of the time required to begin production of defense goods, Robertson said "it will require four months to get machines to make gun mounts and we haven't got the order for the gun mounts yet."

A centralized tool machine manufacturing plant for Westinghouse is being established in Cleveland.

The Westinghouse survey showed the company "particularly qualified" to manufacture these defense necessities, on which Robertson said "major projects" could be started as soon as facilities are provided in the following periods of time:

Shells in large quantities—Time required to get into production 6 to 24 months, depending on quantity.

Fuse timers for shells—Twelve to fifteen months.

Gun Mounts in 4 Months.

Gun mounts and other gun necessities—Four to twenty-four months, depending on type and quantity.

Special and standard lighting equipment, including the newly developed radio controled seadrome contact lights—Some production at once.

Generators and motors for aircraft auxiliary power—Eight to twelve months.

Radio equipment for use on land, at seas, and in the air—Six to eight months.

REPORTS BRITISH ORDERS OF 100 MILLION IN WEEK

New York, July 5 (AP).—A spokesman for the British purchasing commission said today the British government had placed orders for $100,000,000 of war materials in the United States in the last week.

The new buying, he said, brought the total placed here by the British, and the French previous to their surrender, to $1,800,000,000. Of that amount, it was stated, 60 per cent represented airplanes, "with ordnance next in volume."

He said a total of 2,000,000 tons of steel had been bought in the United States and that steel purchases were being "stepped up."

WANT TO BUY A UNIT OF LIVE CHINCHILLA? IT'S FILED WITH SEC

Washington, D. C., July 5 [Special].—Chapman Chinchilla Sales company of Inglewood, Cal., has filed registration statements with the Securities and Exchange commission covering the public offering of 480 "mated pairs of live imperial chinchillas," it was learned today.

Since the SEC started receiving statements from prospective issuers of securities in 1934, it has received statements covering whiskey warehouse receipts and sales contracts covering oyster beds, but this is the first time that any registrant has sought to register a live, four-legged, fur-bearing animal.

To the question as to "type of issue," the registrant said:

"Mated pairs and fractional undivided interests in mated pairs of live imperial chinchillas, involving the use of certain "service and option agreement" and of a certain "grouping agreement" in connection with the sale thereof. Each pair, or fractional undivided interests aggregating one pair, of live imperial chinchillas is considered as a unit of offering."

The foregoing language applied to the proposed offering of "450 units at $3,200 per unit, aggregating $1,440,-000."

FLIGHT OF GOLD AHEAD OF NAZI ARMY GOES ON

Treasury Holdings Top 20 Billions.

Indications that much gold from countries invaded by German armies has eluded the conquerors were contained in treasury figures announced yesterday. These disclosed that $805,-916,981 of gold has been received in American in the last month, and that the treasury's holdings of the metal climbed above the 20 billion dollar mark July 2.

Whether Germany found large amounts of gold when her troops moved into Denmark, Norway, Belgium, Holland, and France has been a much debated question. Before the invasion France apparently had about 2 billions of gold exclusive of earmarked funds in America, Holland about 650 millions, and Belgium about 609 millions.

Flee Ahead of Germans.

Altho part of the inflowing gold has come from England and other countries not under German domination, some banking authorities consider it probable that much of it represents treasure saved from the German forces.

That view has been supported by statements of captains of tramp steamers arriving at New York with numerous shipments of gold. The seamen have told of escaping with their cargoes from approaching German troops.

It is definitely known that France sold $241,575,998 of gold last month before Paris was captured. A shipment of that amount was hurried to the United States on the American cruiser Vincennes.

Nearly 4 Billions in Year.

The need of a safe place for keeping European gold, has drawn $3,879,-275,533 of gold to the United States in the last year, yesterday's treasury statement showed.

These additions boosted the treasury stock to $20,014,825,642 on July 2, compared with $16,135,550,109 a year earlier. The 20 billion total represents about 80 per cent of the total world monetary supply. Holdings of 51 other nations are estimated at 5 billions. Besides the 20 billions, America holds $1,725,318,548 under earmark for foreign governments and central banks.

Total annual production of gold by all of the mines of the world does not exceed $1,000,000,000.

TEXAS CORP. SETS 3 PER CENT RATE ON DEBENTURES

Washington, D. C., July 5 [Special].—Texas corporation today filed an amendment to its registration statement naming the underwriters for its proposed issue of $60,000,000 debentures, due May 15, 1965. The amendment also stated that the debentures would bear 3 per cent interest. Proceeds will be used to redeem the company's 3½ per cent debentures due in 1951.

The public offering price of the debentures and the underwriting commissions are to be announced in later amendments to the statement. An underwriting group of 81 members, headed by Dillon, Read & Co., will offer the debentures to the public.

Scoville Manufacturing company filed an amendment to its registration statement setting the interest on its proposed $10,000,000 debentures due 1950 at 3¼ per cent. The offerings price is to be filed by amendment.

PENNSYLVANIA ASKS EQUIPMENT LOAN OF $7,995,000

Washington, D. C., July 5 (AP).—The Pennsylvania railroad applied to the Interstate Commerce commission today for authority to issue $7,995,000 of 2¼ per cent equipment trust certificates in connection with the purchase of new equipment costing $9,993,750.

The Pennsylvania proposes to buy 2,545 freight cars, 8 passenger cars, 25 steam locomotive tenders, and 2 steam passenger locomotives and tenders.

The freight cars will be built in its own shops and the passenger cars will be built by the E. G. Budd Manufacturing company. It has not been determined who will make the locomotives.

The I. C. C. authorized the Norfolk Southern railroad to sell to the Reconstruction Finance corporation $136,000 of 2½ per cent equipment trust certificates in connection with the purchase of 40 flat cars and 12 caboose cars costing $170,000.

NEW SECURITIES OFFERINGS DROP TO 18 MILLIONS

New York, July 5 (AP).—Public offerings of new securities declined during the week ended Thursday to $18,479,140, compared with $94,999,000 the previous week, Poor's Publishing company reported today.

Eighty-seven per cent of the total represented a demand for new money rather than refunding of existing debts, but practically all were municipal securities. Comparisons follow:

	Latest week.	Prev. week.	Year ago.
Municipal	$18,004,000	$ 5,497,500	$ 5,532,494
Public utility	2	58,000,000	14,000,000
Industrial		1,150,000	
Miscellaneous		35,070,000	996,000
Stock	475,140	261,500	6,469,150
Tot.	$18,479,140	$94,999,000	$26,997,644

GOVERNMENT GETS MOST OF INDUSTRY'S PROFIT AND PREPARES TO TAKE MORE

Taxes paid to federal, state, and local governments in 1939 by 183 leading American corporations are given in the following tabulation with comparative figures on profits, dividends, and other related data. Corporations will pay higher taxes for this year as a result of the recent increase in the federal tax rates. Congress is also considering new taxes on "excess" profits. Story in adjoining column.

[For fiscal year 1939] Name of company—	Total Assets	Total Shares Outstanding [Com. & Pfd.]	Total Number Stockholders [Com. & Pfd.]	Number of Employés [1939 Aver.]	1939 Total Taxes [All Kinds]	1939 Net Income After Taxes	Per Cent of Taxes to Net Earnings before Taxes	1939 Taxes per Common Share	1939 Dividends per Common Share	1939 Taxes per Common Stockholder	1939 Taxes per Employé

Stocks, Bonds

New York Stocks.

New York, July 5 (AP).—Selected stocks edged forward in today's market but the advance was accomplished on the second smallest volume for a full session in more than a year.

There was a slight show of activity in the first hour. Thereafter the ticker tape rested frequently and transfers for the five hours amounted to only 283,030 shares which, with the exception of last Monday's 272,920 shares, was the lowest aggregate since July 3, 1939.

Gains for several steel, aircraft, motor, rail, and specialty shares, running to a point or so in the forenoon, were reduced at the close.

Traders in boardrooms were few, the majority having decided to extend yesterday's recess.

Those who came down to Wall street displayed mild bullishness which was attributed partly to the stronger British war attitude. A brighter domestic industrial picture also was foreseen when rearmament spending gets going on a big scale.

Mounting taxes, the waning outlook for exports, and the desire of speculative forces to keep commitments light pending results of the national Democratic convention, tended to restrain buyers, analysts said.

Finishing ahead were United States Steel, Bethlehem, Chrysler, Douglas Aircraft, Westinghouse, General Electric, New York Shipbuilding, White Rock, Great Northern, Brooklyn-Manhattan Transit, and American Smelting. Losers of fractions were Anaconda, Kennecott, United States Rubber, and Western Union.

In a sluggish curb, gains of fractions were posted for Brewster Aero, Cities Service, and American Gas.

New York Bonds.

New York, July 5 (AP).—Rails moved upward briskly in a thin bond market today, steadying the whole corporate list.

Wall street observers said the preference for the carriers undoubtedly arose from the fact that freight car loadings last week reached their highest point of the year and analysts indicated they believed they may go higher.

Gains of 1 to 4 points were general among the rails, and some industrials benefited from the forward surge.

Transactions, however, continued small. The day's total was $4,740,600, face value, compared with $4,601,500 Wednesday.

Among the best gainers were Southern Pacific 4½s of '68 at 39⅜; Northern Pacific 6s at 59⅝; Nickel Plate 5½s at 63½; Walworth 4s at 61½; Portland General Electric 4½s at 71¾, and American and Foreign Power 5s at 49⅝.

United States governments, only lightly traded, closed 2-32 point higher to 6-32 down.

Foreign government bonds, with the exception of a few Latin Americans, slipped. French 7½s dropped 30 points on three sales. Belgian 6s fell 10. Italian and German issues declined a point or so.

Chicago Stocks.

Transactions on the Chicago Stock exchange dwindled yesterday to 7,000 shares, compared with 10,000 on Wednesday. Prices showed a tendency to firmness, but the volume leader, Northwest Bancorporation, finished ¼ point lower.

Bank Stocks.

Northern Trust shares gained 2 points and Continental Illinois rose up a point yesterday in Chicago bank stock trading. Prices follow:

12 PAPER MAKERS INDICTED UNDER WAGE-HOUR LAW

Charged with Setting Pay Rates Too Low.

Washington, D. C., July 5 (AP).—The department of justice announced today that a federal grand jury in New York had indicted the American Pulpwood association and 12 large corporations on charges of conspiracy to violate the wage-hour act in fixing the earnings of 70,000 employ'es.

The indictment, the department said, was the first under the fair labor standards act on an industry-wide scale, altho single companies have been indicted previously.

List Indicted Companies.

The department listed these defendants in addition to the association:

Brunswick Pulp and Paper company, Champion Paper and Fiber company, Gulf States Paper corporation, Johns-Manville Products corporation of Virginia, Mead corporation, National Container corporation, North Carolina Pulp company, Southern Advance Bag and Paper Co., Inc., Southern Kraft corporation, St. Joe Paper company, Union Bag and Paper corporation, and West Virginia Pulp and Paper company.

The department said that these companies represented approximately 80 per cent of the industry.

Piece Rates Too Low.

The indictment charged that the association and the 12 companies agreed that mills were to pay employés on a piece rate basis which presumably would enable the average worker to earn the equivalent of the minimum hourly wage provided by the law, but that as it worked out a large majority were unable to make the statutory minimum and were not given supplementary compensation.

[The act presently provides for a minimum wage of 30 cents an hour for a normal work week of 42 hours, after which time and one-half would have to be paid.]

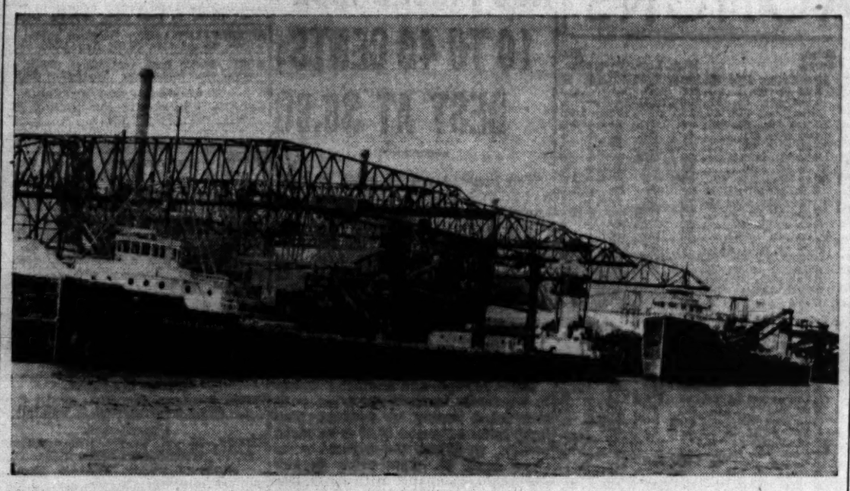
The government charged further that the defendant companies paid arbitrary piece rates regardless of the number of hours worked, the individual ability of workers or varying conditions of employment.

The companies operate mills in Georgia, North Carolina, Alabama, Virginia, Tennessee, Florida, Louisiana, Mississippi, Arkansas, and South Carolina.

Calls Charges "Ridiculous."

Chillicothe, O., July 5 (AP).—George H. Mead, president of the Mead corporation, today described as "perfectly ridiculous" the indictment of the American Pulpwood association and twelve corporations on charges of conspiracy to violate the wage-hour act.

All Lake Ore Vessels in Use



With shipments of iron ore by the Great Lakes at near peak level, every vessel on the lakes capable of carrying the ore is now in commission. Included in the Pittsburgh Steamship company's fleet of 74 are the two pictured above which unloaded iron ore this week at the Carnegie-Illinois Steel company docks in Gary. When emptied they returned to Sault Ste. Marie for orders. [TRIBUNE Photo.]

WHEAT BREAKS 2 CENTS AFTER EARLY ADVANCE

Profit Taking Halts Rise in Prices.

A forecast for showers in parts of the spring wheat area, and profit taking, broke wheat prices in the late trading yesterday after an early upturn of over 1 cent a bushel. Prices on the Chicago Board of Trade reacted about 2 cents and closed at the day's lows, with losses of ⅞ to 1⅛ cents.

Dry and hot weather over the holiday and strength in securities encouraged buying of wheat futures early, but the upturn to 80 cents for the September delivery or 6⅝ cents above Monday's low price, attracted considerable profit taking.

Numerous reports were received by commission houses indicating that the spring wheat crop is deteriorating rapidly.

Warmer weather over the corn belt, which is favorable to the new crop, failed to have any influence on the price of that grain. A good part of the business is said to have been in the way of spreading between the various deliveries. Futures closed ⅝ to ¾ cent higher.

Oats and rye followed wheat, the former closing ¼ to ⅜ cent lower while rye was ⅜ to ⅝ cent lower. Commission houses bought July soy beans and sold the deferred futures. Closing trades were ¾ cent higher to 1 cent lower, the latter on October.

Shipments Increase

Chicago steel companies yesterday reported increased shipments of iron ore to their plants thus far in 1940 by way of the Great Lakes as compared with a year ago.

The Pittsburgh Steamship company, carrier subsidiary of the Carnegie-Illinois Steel corporation, is using its entire fleet of 74 steamers and barges this year for lake transportation, officials of the steel company said. Last year only 80 per cent of the fleet was in operation.

Inland Steel company, large Chicago independent, reported an increase of 15 per cent in shipments of iron ore via the Great Lakes for the first six months of 1940, compared with the corresponding 1939 period. No shortage of vessels has been experienced, however, officials said.

The Lake Superior Iron Ore association had announced previously that Great Lakes shipments of iron ore for June totaled 9,525,494 tons, the highest for any month except August and June, 1937. Every vessel on the lakes capable of carrying ore is now in commission, the association reported.

LOADINGS CLIMB TO NEW PEAK FOR 4TH WEEK IN ROW

Railroads Handle 752,326 Cars.

Revenue loadings of freight by the nation's railroads rose to 752,326 cars last week, establishing a new 1940 peak for the fourth consecutive week, and reaching the largest total since mid-November, 1939. The Association of American Railroads reported yesterday that 24,230 more cars were loaded last week than in the preceding week and 90,922 more cars than in the corresponding week in 1939. The roads loaded 163,446 cars more than in the like 1938 week.

Shipments of all commodities except ore recorded gains over the preceding week. The broad increase gave further indications of the quickening of activity of the heavy industries.

Machinery Shipments Rising.

Loadings of miscellaneous freight, which includes machinery and manufactured products, rose 10,602 cars above the preceding week and were 51,242 cars above the total for the corresponding week last year. The consistent gain in loadings of miscellaneous freight reflects the speedier industrial pace under the impetus of war and defense orders.

Harvesting wheat in the southwest helped boost loadings of grain 11,122 cars above the preceding week, altho the movement continued behind last year. Lateness of the harvest this year has been reflected in loadings from the southwest and central west sections in the last few weeks.

All Sections Show Gains.

All major geographical sections reported gains last week over the corresponding weeks in 1939 and 1938. Loadings increased 3.3 per cent over the total in the week ended June 22, rose 13.7 per cent over the corresponding week in 1939, and 27.8 per cent over the like week in 1938.

Loadings of the various commodities compare as follows:

	Week end' June 29.	Chg'ing Week.	Change from—Year ago.
Miscel's freight	309,397	+10,602	+51,242
L.C.L. Merchand.	149,439	+ 650	— 4,025
Coal	123,554	+ 280	+18,870
Grain	44,778	+11,122	+ 6,713
Livestock	11,041	+ 488	+ 626
Forest products	35,884	+ 1,647	+ 2,874
Ore	67,438	— 771	+23,336
Coke	10,816	+ 213	+ 4,712

CORN LOAN PLAN BRINGS BIG LOSS TO GOVERNMENT

Farmers may redeem their loans on farm-stored 1937 and 1938 corn at 58 cents a bushel, virtually he same redemption price of the 1939 crop, the department of agriculture announced yesterday.

The action, designed to bring the two years crops into line with the 1939 crop loan and thus encourage farmers to take old corn out of storage for current feeding operations while retaining newer grain under loan, represents a loss to the government of about 9 cents a bushel. Previously the redemption rate on the two old crops was about 67 cents per bushel.

The department said about 15,000,000 bushels of 1937 corn and 135,000,000 bushels of 1938 grain were resealed on farms under corn extensions last fall. Redemption at the new figure must be made by Oct. 1.

Farmers who redeem their 1937 and 1938 loan corn will be paid a storage allowance of 7 cents per bushel for 1939-'40 storage in case the allowance was not advanced to them for constructing additional storage facilities at the time they extended their loans last fall.

BROKER ADVISES PREPARATION FOR ECONOMIC UPSET

New York, July 5 [Special].—Leaders of the financial community were invited today by Marshall W. Pask of Mackay & Co. to unite in preparing for the drastic economic changes which may follow the present war. Letters were dispatched by the veteran stock broker to the presidents of all the New York stock and commodity exchanges, the Chicago Board of Trade, the American Bankers association, the Investment Bankers association, and the National Association of Securities Dealers. Pask undertook to make all arrangements for a conference.

"We need all the ideas and practical advice obtainable," said Pask. "If there are men in the business who can even guess at what the aftermath of this war is going to be we want to hear them. We should appoint a commission composed of representatives from all branches of the business to collect, correlate, and analyze all available information and statistics for the use and guidance of the industry as a whole."

NLRB Rules Against A.F.L. Union in Kroger Complaint

Washington, D. C., July 5 (AP).—The National Labor Relations board proposed today to dismiss an unfair labor practice complaint against the Kroger Grocery and Baking company at Detroit, Mich. The complaint was issued on charges filed by the American Federation of Labor Bakery and Confectionery Workers union that the company had refused to reëmploy 61 workers after the union had engaged in a strike in 1938. The board held that the strike was "neither caused nor prolonged by any unfair labor practices" on the part of the company.

Chicago Wholesale Trade Improves During June

June business in the Chicago wholesale district averaged from 5 to 10 per cent above June, 1939, the Chicago Wholesale Market council reported yesterday. Hosiery lines and men's shirts showed the biggest improvement, while handbags and accessories fell slightly below last year's volume.

NAVY AND ARMY PLACE ORDERS FOR EQUIPMENT

Dallas to Get 8 Million Airplane Plant.

Additional industrial expansion and new orders for defense products were announced yesterday. Included were several awards by the navy and army for equipment, and the announcement that the Hall-Aluminum Aircraft corporation will build an $8,000,000 factory in Dallas, Tex., to produce warplanes and parts.

Two Chicago enterprises were among the recipients of contracts from the navy department. They were Joseph T. Ryerson and Son, Inc., which received an order for $5,244 of steel tubing, and Fairbanks, Morse & Co., which will provide parts for diesel engines under a $19,617 contract. Henney Motor company, Freeport, Ill., was awarded a $15,750 contract for ambulances.

Among Low Bidders.

Another Chicago enterprise, the Diamond T company, was listed among the apparent low bidders at the Rock Island, Ill., arsenal for army equipment. The company bid $852 each, or $115,872, on 136 bomb service trucks.

Other apparent low bidders were the Saginaw Stamping and Tool company, Saginaw, Mich., $675 a unit, or $272,700, on 404 bomb trailers; the Highway Trailer company, Edgerton, Wis., $649 each, or $6,490, on 10 six ton trailers, and the Hug company, Highland, Ill., $9,764 each, or $97,647, on 10 heavy wrecking trucks.

Col. Norman F. Ramsey, commanding officer, said the awards would be announced later, and the equipment would be assigned to units of the army wherever it is needed.

Army Shirt Orders Placed.

Munsingwear, Inc., Minneapolis, submitted a low bid of 83 cents each for 75,000 army shirts at the quartermaster depot in Philadelphia. Bids were received for 400,000 shirts. Other low bidders were Utica Knitting Mills, Utica, N. Y., for 255,000 shirts at 83.61 cents each, and Faith Mills, Inc., Averill Park, N. Y., for 70,000 shirts at 82.9 cents each.

Ben Critz, manager of the Dallas, Tex., Chamber of Commerce, reported that the Hall-Aluminum Aircraft corporation will build an $8,000,000 factory in that city to manufacture warplanes and parts. The company's plant is now in Bristol, Pa. Critz said that the Dallas factory would have a pay roll of $750,000 to $1,000,000 a month.

Robert L. Earle, vice president of the Curtiss Propeller division of the Curtiss-Wright corporation, disclosed that work would start within 10 days on a new building adjacent to the Caldwell, N. J., airport. It will provide 230,000 square feet of floor area, Earle said. The division planned to employ 1,500 skilled workmen at the new plant.

Steel Center Extremely Busy.

Steel output in the Youngstown, O., district is expected to break all existing July records next week when operations will rise to 84 per cent of capacity, or 12 points above production this week, and four points above the last week in June. Not even in 1929, the peak steel year, were operations at such levels in the second week in July. An increase from 88 to 92 per cent next week is also expected in the Birmingham, Ala., area.

Orders of Baldwin Locomotive Works for June will exceed $5,000,000, compared with $2,750,357 in May and $1,645,034 in June, 1939. This estimate was based on the strengthening of railroad buying and the $2,375,000 order announced early in June by Western Maryland Railway company for 12 large freight locomotives. The total would be the high mark of the year.

WISCONSIN CHEESE.

Plymouth, Wis., July 5 [Special].—Wisconsin cheese exchange: cars sold, 1 Wisconsin; twins, 13½c per lb; daisies, 14c; brick, 12½c; horns, 14c, and cheddars, 13½c.

BANKERS MAY ASK COMPROMISE ON FINANCING RULE

New York, July 5 [Special].—A compromise between the investment bankers and the Securities and Exchange commission on the latter's proposed relaxation of the 20 day waiting period for the issue of new securities may be advanced early next week, Wall street circles indicated today.

Altho spokesmen for both groups were in disagreement at the close of the SEC hearings Wednesday, and altho the bankers failed to submit their views on the commission's proposal before returning to New York, it was expected in the financial district that the bankers would give at least limited support to the SEC suggestions either Monday or Tuesday.

It also was reported that an effort would be made to submit a proposal to have the securities act of 1933 and the securities exchange act of 1934 rewritten into one law.

BUSINESS BOOKS

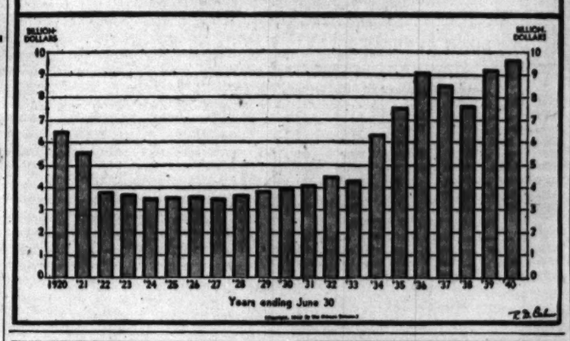
"Security Analysis," by Benjamin Graham and David L. Dodd. Revised edition. [Whittlesey House, N. Y. $5.]

Originally published in 1934, this book is described as a standard work, completely revised, for those having a serious interest in security values. In its 851 pages it covers methods of analyzing individual security issues and the setting up of general principles of selection and protection of security holdings.

The technique of discovering "bargain" issues, investment as distinguished from speculation, investment policy and detection of "abnormalities" in corporation balance sheets and income accounts are among the subjects treated. The new edition takes into account the changes and problems raised by the war, the Securities and Exchange commission regulations, and other recent economic developments.

The authors—Graham is an investment fund manager and finance lecturer, and Dodd is an associate professor of finance at Columbia university—state that their aim is criticism rather than description and that they are concerned principally with standards, methods, and logical reasoning. In presenting their theory for its value in practice, they do not have in mind the financial or investment novice.

Expenditures of the U. S. Government by Fiscal Years



BIG CHAIN STORE SYSTEMS' SALES ARE MUCH HIGHER

Sears-Roebuck Sets New Records.

Led by Sears Roebuck & Co., which set a new record for June and for five months, all major retail chain stores reporting yesterday announced sales increases over the corresponding 1939 periods.

Department store sales in Chicago and in the 7th federal reserve district, during June, were the highest of any month this year, according to the Federal Reserve Bank of Chicago.

Sears Roebuck, world's largest mail order enterprise and department store chain, reported June sales of $63,312,911, an increase of $6,544,829, or 11.5 per cent, over the $56,768,082 in the same month in 1939.

Figures for Five Months.

For five months February, thru June, the total was $277,398,030 against $252,285,448 for the 1939 period. The gain of $25,112,582 amounted to 10 per cent. The fiscal year of the company begins Feb. 1.

An increase of 5.5 per cent was recorded in the June sales of F. W. Woolworth company, large variety chain, compared with 1939. The totals were $26,020,384 and $24,662,032, respectively.

In the first half of 1940 sales amounted to $146,035,274, an increase of 5.2 per cent over the $138,749,357 of the first six months last year. Sales in May had shown a gain of 5.4 per cent over those for May, 1939.

Department Stores Gain.

Sales of Chicago department stores for the four weeks ended June 29 gained 11.5 per cent over the same 1939 period. Those in the whole reserve district rose 13 per cent.

In the week ended June 29, sales were 7.3 per cent higher in Chicago and 7 per cent in the district.

For the United States as a whole, department store sales rose 10 per cent for the four weeks ending June 29, compared with a year earlier. Of all the federal reserve districts, the one with Cleveland as its center had the largest gain, 18 per cent.

Sales by Companies.

Sales of companies reporting yesterday follow:

	June. 1940.	1939.	Pct. inc.

Nebraska Oil Well Runs 35 Barrels Without Acid

Falls City, Neb., July 5 (AP).—Workmen at the John Ogle well near Dawson estimated today it will produce about 35 barrels of oil daily without being acidized. Officials were reported preparing to acidize next week.

OFFICIAL WEATHER FORECAST

The official forecast for today and tomorrow and yesterday's table of records follow:

INDIANA: Partly cloudy Saturday and Sunday; warmer extreme south Saturday; continued moderately warm Sunday.

WISCONSIN: Partly cloudy Saturday and Sunday, scattered light showers northwest Saturday, and north and west Sunday; cooler northwest Sunday.

LOWER MICHIGAN: Fair and warmer Saturday; Sunday partly cloudy and moderately warm.

UPPER MICHIGAN: Partly cloudy Saturday and Sunday, scattered light showers Sunday; warmer east and central Saturday; cooler northwest and extreme west Sunday.

IOWA: Partly cloudy Saturday and Sunday, scattered light showers Sunday, and northwest and extreme west Saturday; cooler north central and extreme west Sunday.

OHIO: Fair and slightly warmer but with some cloudiness Saturday and Sunday.

MINNESOTA: Partly cloudy, scattered light showers north and west Saturday, and east and south Sunday; cooler north and extreme west Saturday; cooler Sunday.

NORTH DAKOTA: Partly cloudy Saturday and Sunday, scattered showers Saturday; cooler Saturday, and southeast portion Sunday.

SOUTH DAKOTA: Partly cloudy Saturday and Sunday, scattered light showers Saturday; cooler north central and west Saturday; cooler east Sunday.

NEBRASKA: Partly cloudy Saturday and Sunday, scattered light showers Saturday, and southeast Sunday; warmer east Saturday; cooler Sunday.

Place of observation. State of weather. July 5, 7:30 p. m. Chicago daylight time.	Direction of wind.	Temp. 7:30 p. m.	Highest today.	Lowest last night.	Precipitation last 24 hours.

BANKS BOOST LOANS TO BUSINESS; EXCESS CASH RESERVES RISE

Increases in commercial loans by federal reserve system member banks in Chicago and New York during the week ended July 3 were reported yesterday by the federal reserve board. At the same time the board announced that lendable excess reserves of all member banks increased 10 million dollars and that reserve note circulation, reflecting holiday demand for spending money, increased 103 million dollars as compared with the preceding week.

Member banks in Chicago reported $431,000,000 of loans to commerce, industry, and agriculture, 5 million dollars more than in the preceding week and 74 million more than in the corresponding 1939 week.

The gain at New York, 24 millions, boosted that city's total to $1,712,000,000, up 307 millions over the year ago level.

At the same time, however, there was a further sharp decline in brokers' loans by New York member banks to $262,000,000, the lowest level since this compilation was begun by the federal reserve soon after the world war.

Lendable excess reserves of all member banks totaled $6,810,000,000, compared with $6,800,000,000 a week earlier.

Federal reserve note circulation totaled $5,247,837,000, compared with $5,144,450,000 a week earlier.

Details of the report follow:

Elect North Carolina Man Furniture Mart Chairman

James S. Lynch, Winston-Salem, N. C., last night was elected chairman of the board of governors of the American Furniture mart, which conducts the National Home Furnishings exposition, currently holding its summer session. Albert Stone, Garner, Mass., was elected vice chairman. The fall exposition was set for Oct. 28-Nov. 2, and the winter show, Jan. 6-18.

British Pound Tumbles 14 Cents; Canadian Dollar Up

Buyers and sellers alike showed little interest in the foreign exchange market at New York yesterday, and as a result the uncontroled British pound sterling dropped 14 cents to a closing price of $3.68. The Canadian dollar moved the other way, rising 2.81¼ cents to finish at 87⅜ cents in American money.

HARRIS GETS BERWYN ISSUE.

The Harris Trust and Savings bank of Chicago has been awarded $100,000 school district No. 100 bonds of Berwyn, Ill., on a bid of 101.8 for 3s. The bonds, dated May 1, 1940, will mature on Nov. 1, 1953 to 1957.

LETTERS

[This department prints from time to time letters of not more than 250 words addressed to the financial editor.]

Financial Editor: I note your Investors Guide column is 26 years old as of June 14. Congratulations!

I consider this one of the best features of your paper and am putting it into a scrapbook which I prize very highly. I should like to see you go right thru the companies listed on the stock exchanges systematically so that comments would be available on all in due time.

As to the form in which your reports are published, I can suggest no improvements. They're just right and give all the essential information briefly.

A. H. BELLIVEAU,
Chicago.

'FLIVVER' PLANE PLANT TEACHES 'CITY' HOW TO FLY

Hundreds Learn While Earning in Factory.

Lock Haven, Pa., July 5 (AP).—An empty brick silk mill turned this community of 10,000 almost overnight into a city where one person in every 90 can—and does—operate a plane. The percentage of active pilots is increasing daily.

W. T. Piper, head of "flivver" plane factory.

Boys and girls, young men and women, all enthusiastic over aviation, have come here from all sections of the nation. They say they're ready to do "anything" in the Piper Aircraft corporation's plant "just as long as they'll teach me to fly."

It all started when W. T. Piper lost his airplane factory at Bradford, Pa., in a fire in March, 1937.

Lock Haven business men, with an old silk mill on their hands, suggested Piper move here. He did, and in April, 1937, production was under way.

A Plane Every 40 Minutes.

From an output of 735 light "flivver" planes that year the company has grown until now it has a million dollar backlog of orders and is turning out one ship each 40 minutes of plant operation.

Eight hundred persons are employed on three shifts—the average age is 23—to keep the planes rolling for private owners, training fields, and charter operators. The Civil Aeronautics authority's civilian pilot training program accelerated the production.

Despite this production pickup the company has had no trouble in keeping the ranks of employés filled. Air minded young people come and go constantly, eager to learn every phase of the rapidly growing industry under the apprentice system.

Fly Before and After Work.

Before and after work they go out to the airport and take off in the company's flying club planes.

Bill Strohmeier, a company salesman, for example, wanted to brush up on his golf game. The pro at the local club, Le Roy Stevenson, had a yen to learn how to fly.

Now Stevenson arises early and takes flying lessons from Strohmeier; and in the evening the salesman heads for the golf course to get free golf pointers.

NEW YORK BANK LOSES $125,250 ON WHITNEY LOAN

New York, July 5 (AP).—A state Supreme court justice today ordered the Public National Bank and Trust company of New York to pay $125,250 to the estate of the late Ella Haggin McKee, whose stock of that value was accepted by the bank in 1938 as partial collateral for a $450,000 loan to Richard Whitney.

Justice Thomas F. Noonan upheld the contention of the estate's executors that the bank illegally converted the stock in partial payment of the personal loan to Whitney, imprisoned former president of the New York Stock exchange.

The decision cited the bank's "bad faith" in the law in its "failure to make propeg inquiry as to whether or not Richard Whitney & Co. had any interest in the stock," which consisted of 2,000 shares of Homestake Mining.

TEXAS ORDERS 4 MORE DAYS OF OIL SHUTDOWNS

Austin, Tex., July 5 (AP).—Two additional state-wide production shutdown days a month to July and August were imposed on the Texas oil industry today by a majority of the state railroad commission.

The shutdown days, ordered for July 10 and 18, and Aug. 8 and 30, were in addition to five per month recently imposed.

Commissioner Jerry Sadler estimated the additional close-ins would reduce the current 1,300,000 barrels a day average production by 80,000 barrels daily.

INDUSTRY GAINS BRING UPTURNS IN ADVERTISING

New York, July 5 (AP).—A "highly optimistic" outlook for advertising during the remainder of the year was reported tonight by Editor and Publisher after interviewing a score of prominent advertising agency executives.

The magazine said several agencies reported their clients were increasing advertising appropriations, and all of them said their clients "generally were maintaining schedules."

Claims Standardized Paper Will Save Stores Millions

Elmer French, superintendent of tht Boston Store and head of the retail committee of the National Dry Goods association, said yesterday that a saving to retailers of several millions of dollars a year will be effected if the association's standard wrapping supplies program is generally adopted. A manual recommending the purchase of certain sizes of wrapping paper, paper bags, and other supplies was issued by the association.

BIDS FOR CONSTRUCTION.—Constructing Quartermaster Office, Savanna Ordnance Depot, Proving Ground, Illinois—Sealed bids will be received here until 3:00 P. M. (CST) July 10, 1940, and then opened for construction and completion of 44 Standard Ammunition Magazines. Deposit of certified check in amount of $25.00 payable to the Treasurer of the United States will be required for plans and specifications. Information above address.

DAY by DAY on the FARM by BOB BECKER

It's Haying Time.

July 5, 1940.

IT'S hayin' time on the farm. Pitchforks, side delivery rakes, hayracks, wide-brimmed straw hats, and all the other "props" which make the haying season one of the highlights of the year are in evid

SALES OF USED AND NEW AUTOS RISING, REPORT

Dealers' Stocks Dwindle as Output Ebbs.

Widespread improvement in retail sales of cars both used and new was indicated in reports from the industry yesterday. This was offset some by a sharp drop in automobile production for the week, resulting from the July 4 holiday and the approaching end of the 1940 model year.

The National Used Car Market Report, Inc., Chicago, said that a survey just completed reveals used car sales volume increasing and inventories growing smaller.

Price Boost Fear a Factor.

"Advent of the vacation season, rumors of higher 1941 new car prices and fears that the rearmament program will cause a shortage in automobiles for the public are at least partially responsible for the healthy condition of the market," George A. Leukhart, general manager of the Used Car Market organization, said.

The Chevrolet division of General Motors corporation reported retail sales of new cars and trucks during June totaled 102,615, an increase of 35.6 per cent over June, 1939.

Indicative of an upward trend was the fact that of the June total, 40,435 units were sold during the final 10 days of the month, an increase of 14.9 per cent over the figure reported for the second 10 days of June.

Buick Sales Top May Total.

Sales of the Buick division of General Motors during June totaled 26,130 units, W. F. Hufstader, general sales manager, reported. This was an increase of 38 cars over May and compared with 19,161 cars in June last year.

Hufstader said this was the first time in six years that June volume exceeded May sales.

Oldsmobile's retail sales for June totaled 18,086, compared with 12,573 in the month last year. Of the total, 7,277 units were sold during the last 10 days of the month.

Output Lowest of Year.

The output of the motorcar factories this week dropped to 51,975 cars and trucks, the lowest for any week of the 1940 season, Ward's Automotive reports estimated. Last week 87,550 units rolled off the assembly lines and 42,784 were turned out in the corresponding week a year ago.

Ward's report noted there has been a sharp increase in retail sales since mid-June and said field stocks will be reduced rapidly if the trend continues.

Investors' Guide

If you wish information about investments or insurance write to The Tribune Investors' Guide. Inclose stamped, self-addressed envelope for reply. Answers of public interest are published, but inquirers' names are never revealed. Please do not ask for information on more than one company in each letter. Answers to inquiries are based on information which The Tribune believes reliable, fair, and unprejudiced, but The Tribune assumes no responsibility therefor.

SHOCK ABSORBERS.

An investment dealer gave me a tip that Gabriel company should get increased business from airplane manufacturers. I would like to put some money in this company, but I would first like to know whether it has had at least some moderate success with its products. Has any dividend been paid on the stock recently?—E. S.

Answer: Expecting improved operations this year, the management of the Gabriel company has asked stockholders for permission to borrow $75,000 for working capital. Increased sales of airplane shock absorbers were anticipated.

The company manufactures various types of shock absorbers for automobiles and airplanes. A dual control model for airplanes was recently placed on the market. Diversified products are also made for other manufacturers. The company's plant is at Cleveland, O.

Outstanding capital stock of the company consists of 262,462 shares of no par value. There is no funded debt. No dividend has been paid on the capital stock since 1927. The stock is listed on the New York Stock exchange.

The company has operated at a loss since 1928. Comparison of net sales, net loss, and loss per share in recent years follows:

	Net sales.	Net loss.	Loss per share.
1935	$408,792	$112,726	$0.57
1936	430,471	77,368	0.30
1937	518,617	18,359	0.07
1938	184,362	55,102	0.23
1939	291,225	27,733	0.11

Net loss in the first 1940 quarter was $13,249, against net loss of $6,722 in the first 1939 quarter. The larger loss this year was attributed by the company to increased expenses in developing new types of shock absorbers.

BELMONT RADIO.

I understand Belmont Radio has moved to a larger plant. What are its latest earnings?—P. W.

Answer: Belmont Radio corporation is moving into one of the four units of the former Grigsby-Grunow company plant in Chicago which it purchased recently. The transfer of operations will increase plant capacity substantially. The company makes home and automobile radios.

Net profit in 1939 was $295,898, equal to 98 cents a share on 300,000 shares of no par common stock. This compared with $298,212, or 99 cents a share, in 1938, and $280,232, or 93 cents a share, in 1937. Dividends on the stock totaled 50 cents a share in 1937, and 60 cents in 1938 and in 1939. Quarterly dividends of 15 cents a share were paid March and June 15, this year.

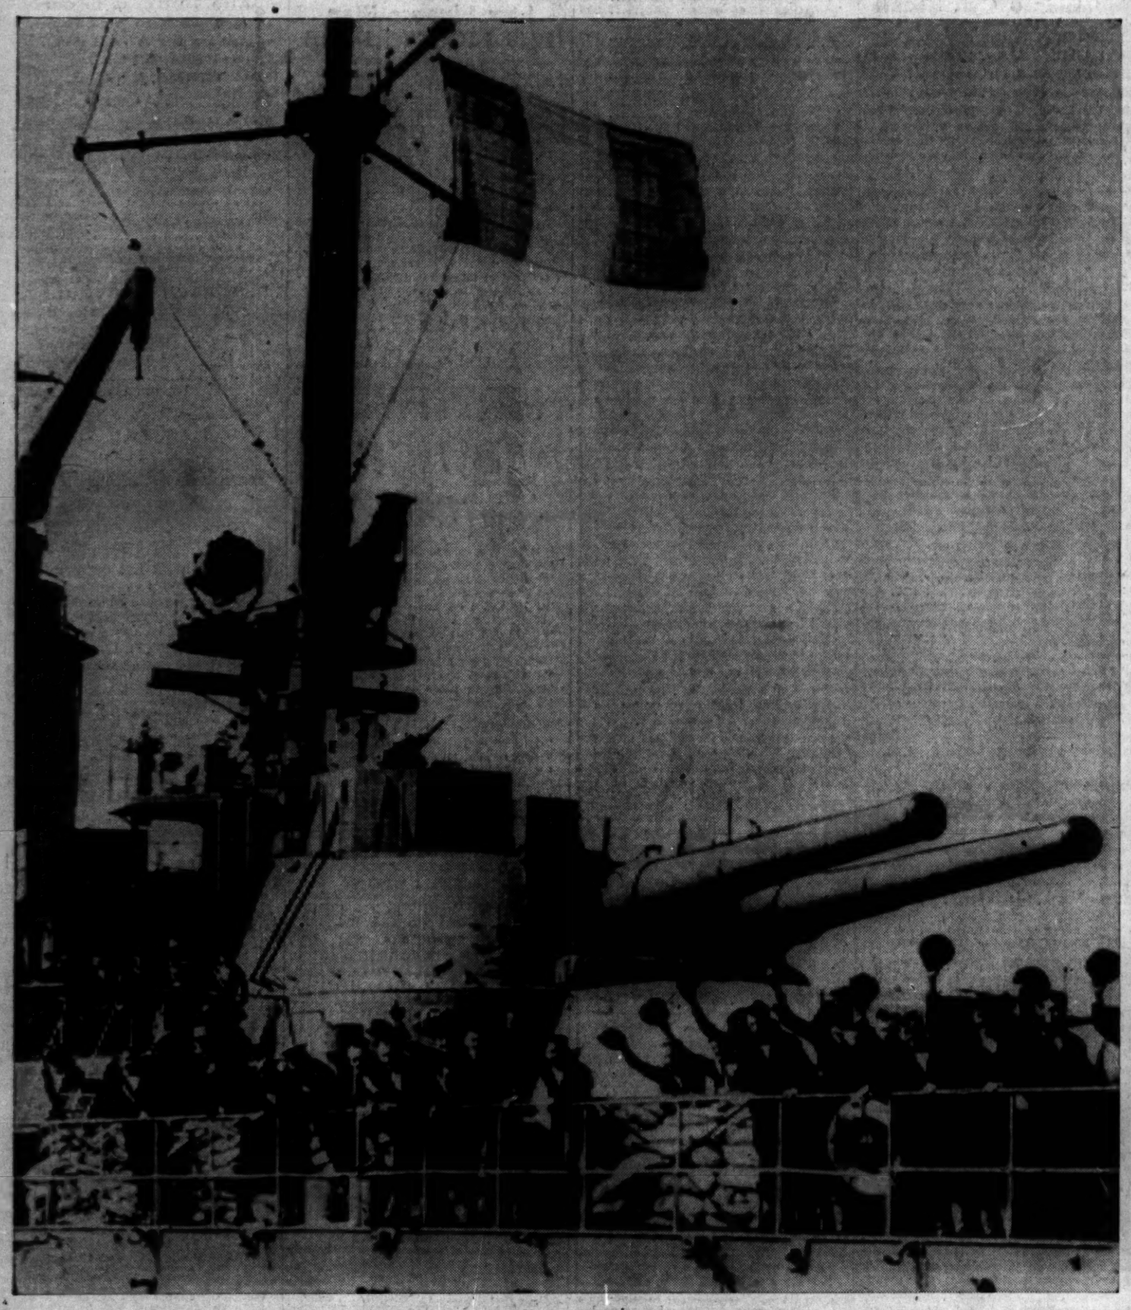
British Warn They Will Allow No French Ship to Flee Egypt—Mexico Tense as Election Nears



[Associated Press Wirephoto: Sent yesterday from London by cable.]

British sailors aboard a French battleship in a southern England port, according to caption passed by British censor. Note French flag still flying. British yesterday warned French warships in Alexandria, Egypt, not to leave harbor.

Mexico is growing more tense hourly with approach of tomorrow's presidential election. Transportation facilities and sources of chief exports are shown. Inset is map of area that extends eastward from portion shown in large map.
(Story on page 1.)

Recruits arriving at Camp Leonard Wood, Fort Sheridan, yesterday for opening of Citizens Military Training camp. The young men will get 30 days' military instruction.
[TRIBUNE Photo.]
(Story on page 5.)

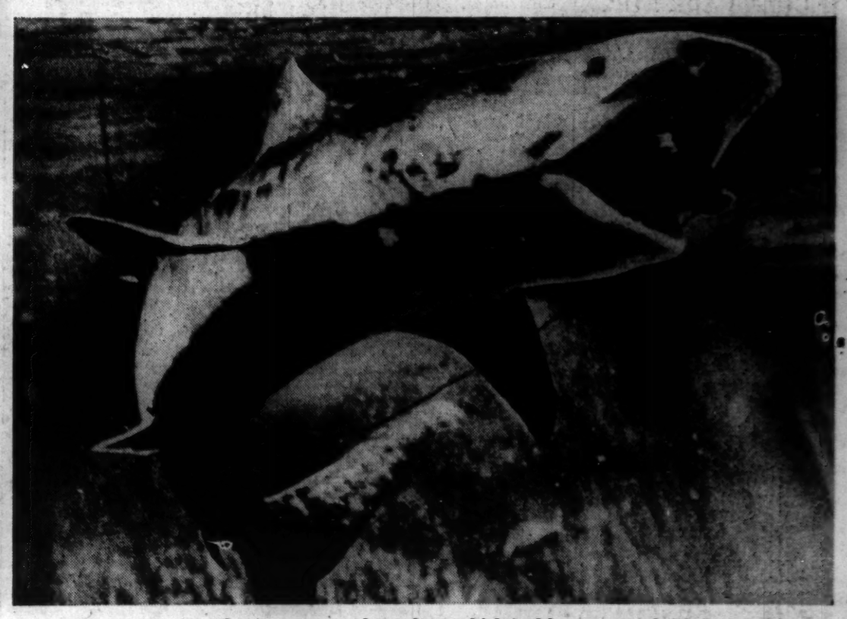
Carole Landis of the movies and her new husband, Willis Hunt Jr., in a rowboat on a Hollywood sound stage.
[Associated Press Wirephoto.]
(Story on page 6.)

[Acme Photo.]

Relatives of Queen Elizabeth of Britain who arrived in New York yesterday, left to right: Davina Bowes-Lyon, niece; Simon Bowes-Lyon, nephew, and their cousins, Ann, Jeanne, and Francis Nichols.
(Story on page 7.)

Some of the 1,680 boys from Michigan, Wisconsin, and Illinois as they appeared after uniforms were issued. They will be joined by 300 business and professional men.
[TRIBUNE Photo.]
(Story on page 5.)

The duke and duchess of Windsor are reported to be planning to go to Canada. This picture was made in Spain.
[Associated Press Wirephoto.]
(Story on page 1.)



A tiger shark swallowing 18 pound sea bass which had been suspended below surface of Marineland, Fla., tank on a barbless hook. The photo was taken to dispel belief shark must turn on back to bite.
